Egypt And American Foreign Assistance 1952 1956 Hopes Dashed:

Egypt and American Foreign Assistance 1952-1956 J. Alterman, 2002-10-03 From the ground up the story of missed opportunities mixed messages and mutual frustrations in American relations with Egypt at a seminal time Unprecedented in its drawing on Egyptian official sources Hopes Dashed sheds new light on the difficulties and challenges of a nascent relationship characterized by missed opportunities mixed messages and mutual frustrations However beneficial the intentions of those on the ground their desire for Egyptian economic development was stymied by bureaucratic obstacles both in Egypt and the United States And as Egypt became embroiled in the Cold War policy decisions increasingly were made at higher levels by officials more concerned with geopolitical and Arab Israeli issues and less how U S assistance could help the domestic political economy of Egypt Alterman compellingly shows how the interests of both countries diverged to eventually undermine an early American attempt at economic assistance **Egypt and American Foreign Assistance**

1952-1956 J. Alterman, 2002-11-22 From the ground up the story of missed opportunities mixed messages and mutual frustrations in American relations with Egypt at a seminal time Unprecedented in its drawing on Egyptian official sources Hopes Dashed sheds new light on the difficulties and challenges of a nascent relationship characterized by missed opportunities mixed messages and mutual frustrations However beneficial the intentions of those on the ground their desire for Egyptian economic development was stymied by bureaucratic obstacles both in Egypt and the United States And as Egypt became embroiled in the Cold War policy decisions increasingly were made at higher levels by officials more concerned with geopolitical and Arab Israeli issues and less how U S assistance could help the domestic political economy of Egypt Alterman compellingly shows how the interests of both countries diverged to eventually undermine an early American attempt at economic assistance The History of Egypt Glenn E. Perry, 2015-12-01 Providing a valuable resource for readers seeking

information on all periods of Egyptian history this book covers Egypt starting from ancient times and continuing through the medieval Islamic period to focus on the events of the last 100 years including the aborted revolution of 2011 Egypt has experienced tumultuous events in recent years especially starting with the uprisings and revolution of 2011 This second edition of The History of Egypt not only provides readers with in depth information on events of the last decade such as the Arab Spring the removal of Hosni Mubarak from office and the protests against Mohamed Morsi s presidency but also provides key background with chapters addressing previous periods of the country s history starting from pre Islamic times to pharaonic to Byzantine The volume offers an objective history of Egypt that is uniquely appropriate for a high school audience This expanded and extensively updated second edition provides new content and media photographs that help bring recent events to life for readers without previous knowledge about the topic It also includes coverage of important events in long ago Egyptian history that lends valuable perspective to events in the 21st century such the nation s transformation into a Muslim and Arab country and Egypt s post 1778 imperialism and modernization through World War I *Historical*

Dictionary of Egypt Arthur Goldschmidt, Jr.,2023-07-25 Egypt is the world's oldest continuous country with a recorded past of over 6 000 years. Often invaded, conquered and occupied by foreign armies, Egypt has never lost its identity. The Egyptians of today, although they have changed their language once and their religion twice, descend mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak, who served Alexander the Great and his heirs, who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire, who started Christian monasticism and the veneration of the Virgin Mary, and who advanced and sustained Muslim learning in what is now the world's oldest functioning university. It was and is one of the most important countries in the world. *Historical Dictionary of Egypt* Fifth Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 600 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Egypt. *The Struggle for Egypt*

Steven A. Cook,2013-03-21 A half century ago Egypt under Nasser became the putative leader of the Arab world and a beacon for developing nations. Yet in the decades prior to the 2011 revolution, it was ruled over by a sclerotic regime plagued by nepotism and corruption. During that time, its economy declined into near shambles, a severely overpopulated Cairo fell into disrepair, and it produced scores of violent Islamic extremists. In *The Struggle for Egypt*, now with a new epilogue on the post-Mubarak era, noted regional specialist Steven A. Cook provides a sweeping and incisive account of how this parlous state of affairs came to be, why the revolution occurred, and where Egypt might be headed next. From p. 4 of cover

Foreign Policy as Nation Making Reem Abou-El-Fadl,2019 A comparison of Turkey's and Egypt's diverging foreign policies during the Cold War in light of their leaderships' nation-making projects. **What Really Went Wrong** Fawaz A.

Gerges,2024-05-28 An ambitious revisionist history of the modern Middle East, *What Really Went Wrong* offers a fresh and incisive assessment of American foreign policy's impact on the history and politics of the modern Middle East. Looking at flashpoints in Iranian, Egyptian, Syrian, and Lebanese history, Fawaz A. Gerges shows how postwar U.S. leaders made a devil's pact with potentates, autocrats, and strongmen around the world. Washington sought to tame assertive nationalists and to protect repressive Middle Eastern regimes in return for compliance with American hegemonic designs and uninterrupted flows of cheap oil. The book takes a counterfactual approach, asking readers to consider how the political trajectories of these countries, and by extension the entire region, may have differed had U.S. foreign policy privileged the nationalist aspirations of patriotic and independent Middle Eastern leaders and people. Gerges argues that, rather than focusing on rolling back communism, extracting oil, and pursuing interventionist and imperial policies in Iran, Egypt, and beyond, postwar U.S. leaders should have allowed the Middle East greater autonomy in charting its own political and economic development. In so doing, the contemporary Middle East may have had better prospects for stability, prosperity, peace, and democracy. *Historical Dictionary of United States-Africa Relations* Robert Anthony Waters Jr.,2009-03-20 The image of Africa among Americans at

the beginning of the 21st century is tragic America's image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government's support for African governments that treat their people as prey instead of citizens The Historical Dictionary of United States Africa Relations encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations

Floundering Stability Amir Magdy Kamel, 2023-03-14 The US commitment to stability both domestically and abroad has been a consistent feature in the way Washington DC carries out international relations This commitment is complimented by the increased overlap between the economic and political spheres in international affairs Consequently this US approach to foreign interaction is informed by an assumption that foreign policy tools can influence global stability for the better In order to investigate this assumption this book details the foundations of what Amir Magdy Kamel refers to as the US Stability Policy how it evolved over time and how it was implemented in Egypt He finds that domestic and global forces were left unaccounted for by the Stability Policy ultimately leading to a failure to achieve the self stated stability goals Kamel's analysis is informed through a unique mixed method approach that sheds light on how and why this policy fared so poorly under Mubarak's Egypt He develops and tests a unique and particular way of examining the Stability Policy and presents a framework for future work to replicate and build on in the quest to understand other state on state relationships and the effectiveness of other foreign economic policies in achieving stability goals Floundering Stability reflects on what Kamel's findings mean for the relationship between the US and Egypt as well as specific US foreign policy suggestions on how the same mistakes can be avoided in the future

Plural International Relations in a Divided World Stephen Chan, 2017-02-27 The world is troubled and full of misunderstandings It seems a new world order of fundamentalist violence and meaningless atrocity is upon us whilst civilised instruments for cooperation and compromise are becoming increasingly ineffective In this timely book Stephen Chan explores the historical and philosophical roots of difference and discord in the international system He begins with the introduction of the Westphalian system showing how throughout the 20th century new states from the Middle East Asia and Africa entered that system with reservations preconditions and great efforts to introduce new forms of concerts and congresses but without seriously challenging the international status quo By contrast the 21st century has brought turmoil and change in the form of militant Islam be it the Taleban Al Qaeda or ISIS whose varied roots and fluid emergence have so far prevented the West from being able to understand and combat it Developing Kissinger's suspicion of Saudi Arabia as an Islamic state in Westphalian dress Chan argues that what is at stake

today is not the development of a new Caliphate or an old radicalism but the effort to supplant and replace the Westphalian system itself This is the complex and challenging reality to which a truly modern and persuasively relevant plural international relations must now adapt Whether it can do so remains to be seen **US Economic Aid in Egypt** Dina

Jadallah,2016-01-27 Economic aid is one of the cornerstones of the Egyptian American relationship and plays a significant role in promoting US policy objectives in the Middle East Focusing on the latter half of Hosni Mubarak s rule Dina Jadallah argues that through its aid policy the US has attempted to use a reforming and democratising narrative to transform Egypt into a stable market democracy that would be aligned with US interests in the region This aim has been pursued in conjunction with one that promoted a comprehensive warm peace with Israel By highlighting the opposition within Egypt to US aid Jadallah analyses the key issues that came to the fore during the 2010 11 protests in the country and led to the downfall of Mubarak Extending her analysis into the post revolutionary period the author provides interviews with regime insiders and prominent critics inside state institutions and outside who actively challenged the regime This enables her to assess the different perceptions of US aid both under Mubarak and in the current political situation contributing to an incisive analysis of modern Egypt and its relations with its superpower ally in the region **A Companion to Dwight D.**

Eisenhower Chester J. Pach,2017-04-10 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history **Review of U.S. Assistance Programs to Egypt** United States. Congress. House. Committee on International

Relations. Subcommittee on the Middle East and Central Asia,2006 *The Muslim Brotherhood and the West* Martyn Frampton,2018-02-19 Drawing on the Muslim Brotherhood s Arabic and English writings and on archival research in London and Washington Martyn Frampton provides the first comprehensive history of the charged relationship between the world s largest Islamist movement and the Western powers that have dominated the Middle East for a century Britain and the United States **Egypt** Mona L. Russell Ph.D.,2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies

Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events

Water on Sand Alan Mikhail,2013-01-10 Making environmental history accessible to scholars of the Middle East and the history of the region accessible to environmental historians Water on Sand opens up new fields of scholarly inquiry

Egypt's Housing Crisis Yahia Shawkat,2020-09-08 A provocative analysis of the roots of Egypt s housing crisis and the ways in which it can be tackled Along with football and religion housing is a fundamental cornerstone of Egyptian life it can make or break marriage proposals invigorate or slow down the economy and popularize or embarrass a ruler Housing is political Almost every Egyptian ruler over the last eighty years has directly associated himself with at least one large scale housing project It is also big business with Egypt currently the world leader in per capita housing production building at almost double China s rate and creating a housing surplus that counts in the millions of units Despite this Egypt has been in the grip of a housing crisis for almost eight decades From the 1940s onward officials deployed a number of policies to create adequate housing for the country s growing population By the 1970s housing production had outstripped population growth but today half of Egypt s one hundred million people cannot afford a decent home Egypt s Housing Crisis takes presidential speeches parliamentary reports legislation and official statistics as the basis with which to investigate the tools that officials have used to solve the housing crisis rent control social housing and amnesties for informal self building as well as the inescapable reality of these policies outcomes Yahia Shawkat argues that wars mass displacement and rural urban migration played a part in creating the problem early on but that neoliberal deregulation crony capitalism and corruption and neglectful planning have made things steadily worse ever since In the final analysis he asks is affordable housing for all really that hard to achieve

US Assistance, Development, and Hierarchy in the Middle East Anne Mariel Zimmermann,2016-12-21 What does US aid buy in the Middle East Drawing on extensive primary source research this book examines the role and consequences of US aid to three countries in the Middle East The author argues that the political survival strategies of incumbent leaders in Egypt Israel and Jordan shaped not only the type of aid that these countries received from the US but also its developmental and geopolitical impact Leaders who relied heavily on distributing selective benefits to their ruling coalitions were more likely to receive forms of US aid that complemented their distributive political economies and undermined the state s developmental capacity which simultaneously rendered them more dependent on US resources and more likely to cede fragments of their sovereignty to their major donor Non distributive leaders however could reap the full benefits of highly discretionary and technologically sophisticated aid incorporating it into developmental policies

that rendered them progressively less dependent on Washington and better able to say no when it was in their best interest

Faith Misplaced Ussama Makdisi, 2011-06-28 A provocative account of the decayed relationship between the U S and Arab world and a powerful recommendation for how it can be salvaged

Fatal Misconception Matthew Connelly, 2010-03-30 Connelly tells the disturbing story of a quest to remake ourselves by policing national borders and breeding better people With its transnational scope and exhaustive research this critique uncovers the cost inflicted by a misguided humanitarian movement and urges renewed commitment to the reproductive rights of all people
