Lineages of Brahman Power Rosalind O'Hanlon, 2025-07-01 Traces the role that western India's influential Brahman communities played in shaping India's modern caste system Western India's Brahman communities have played a key role in the shaping of India's modern caste system In *Lineages of Brahman Power* Rosalind O'Hanlon focuses on their rise to power between the seventeenth and nineteenth centuries exploring the ways in which some Brahman intellectuals sought to defend the hierarchies of caste against the social changes of the early modern era while others looked for compromise Drawing on Marathi vernacular sources O'Hanlon also examines the household family and lineage as key sites for Brahman accumulation of skills and cultural capital This approach also reveals Brahman identity itself as contested as Brahman subcastes competed with each other not only for service positions and state patronage but also to define who could actually be considered a Brahman and of what kind This focus on Brahman social history is novel in that most historians focus on Brahman power as emerging out of their religious prestige and dominance of intellectual and literary cultures The emphasis on Brahman identity itself as complex and internally contested also helps to avoid essentializing Brahman power as always and everywhere the same *Spaces and Places in Western India* Bina Sengar, Laurie Hovell McMillin, 2019-09-05 This book studies places and spaces in Western India both as geographical locations and as imagined constructs It uncovers the rich history of the region from the perspective of places of pilgrimage commerce community expression and indigeneity The volume examines how spaces are intrinsically connected to the lived experiences of people It explores how spaces in Western India have been constructed over time and how these are reflected in both historical and contemporary settings in the art architecture political movements and in identity formation The rich examples explored in this volume include sites of Bhakti and Sufi literature Maharashtrian Sikh identity Mahanubhav pilgrimage monetary practices of the Peshwas and the internet as an emancipatory space for the Dalit youth in Maharashtra The chapters in this book establish and affirm the forever evolving cultural topography of Western India Taking a multidimensional approach this book widens the scope of academic discussions on the theme of space and place It will be useful for scholars and researchers of history cultural studies

The Other Shiites Alessandro Monsutti, Silvia Naef, Farian Sabahi, 2007 Shia Islam is a central issue in contemporary politics Often associated with Iran Shiite communities actually exist in many Islamic countries Focusing on the other Shiites outside Iran this book offers a survey of their diversity and multiplicity in the last two centuries The contributions cover three major topics The first part deals with the relationship of Shia minorities to the Sunni regimes Secondly the public affirmation of their identities through specific rituals and social attitudes is analysed Finally the third part of this volume examines the strengthening of these identities through traditional religious rituals and cultural performances or through the re interpretation and adaptation of these to present day life Coming from various academic backgrounds the authors have used different methodologies and have been engaged in field work

The Loss of Hindustan Manan Ahmed Asif, 2020-11-24 Shortlisted for the Cundill History Prize Remarkable and pathbreaking A radical rethink of colonial historiography and a compelling argument for the reassessment of the historical traditions of Hindustan Mahmood Mamdani The brilliance of Asif s book rests in the way he makes readers think about the name Hindustan Asif s focus is Indian history but it is at the same time a lens to look at questions far bigger Soni Wadhwa Asian Review of Books Remarkable Asif s analysis and conclusions are powerful and poignant Rudrangshu Mukherjee The Wire A tremendous contribution This is not only a book that you must read but also one that you must chew over and debate Audrey Truschke Current History Did India Pakistan and Bangladesh have a shared regional identity prior to the arrival of Europeans in the late fifteenth century Manan Ahmed Asif tackles this contentious question by inviting us to reconsider the work and legacy of the influential historian Muhammad Qasim Firishta a contemporary of the Mughal emperors Akbar and Jahangir Inspired by his reading of Firishta and other historians Asif seeks to rescue our understanding of the region from colonial narratives that emphasize difference and division Asif argues that a European understanding of India as Hindu has replaced an earlier native understanding of India as Hindustan a home for all faiths Turning to the subcontinent s medieval past he uncovers a rich network of historians of Hindustan who imagined studied and shaped their kings cities and societies The Loss of Hindustan reveals how multicultural Hindustan was deliberately eclipsed in favor of the religiously partitioned world of today A magisterial work with far reaching implications it offers a radical reinterpretation of how India came to its contemporary political identity
