The Eighteenth Century French Novel Vivienne Mylne, 1965 The Eighteenth-century French Novel Vivienne Mylne, 1970 **The Other Rise of the Novel in Eighteenth-Century French Fiction** Olivier Delers, 2015-09-01

The rise of the novel paradigm and the underlying homology between the rise of a bourgeois middle class and the coming of age of a new literary genre continues to influence the way we analyze economic discourse in the eighteenth century French novel. Characters are often seen as portraying bourgeois values even when historiographical evidence points to the virtual absence of a self-conscious and coherent bourgeoisie in France in the early modern period. Likewise, the fact that the nobility was a dynamic and diverse group whose members had learned to think in individualistic and meritocratic terms as a result of courtly politics is often ignored.

The Other Rise of the Novel calls for a radical revision of how realism, the language of self-interest and commercial exchanges, and idealized noble values interact in the early modern novel. It focuses on two novels from the seventeenth century: Furetière's *Roman bourgeois* and Lafayette's *Princesse de Clèves* and four novels from the eighteenth century: Prévost's *Manon Lescaut*, Graffigny's *Lettres d'une Péruvienne*, Rousseau's *La Nouvelle Héloïse*, and Sade's *Les infortunes de la vertu*. It argues that eighteenth-century French fiction does not reflect material culture mimetically and that character action is best analyzed by focusing on the social and discursive exchanges staged by the text rather than by trying to create parallels between specific behavior and actual historical changes. The novel produces its own reality by transforming characters and their stories into alternative social models, different articulations of how individuals should define their economic relations to others. The representation of interpersonal relations often highlights personal conceptions of private interest that cannot be easily reconciled with the traditional narrative of a transition towards economic modernity. Realism then is not only about verisimilar storytelling and psychological depth; it is an epistemological questioning about the type of access to reality that a particular genre can give its readers.

A Critical Bibliography of French Literature V4 18th C Supplement Richard A. Brooks, *Colonialism, Race, and the French Romantic Imagination* Pratima Prasad, 2009-05-07

This book investigates how French Romanticism was shaped by and contributed to colonial discourses of race. It studies the ways in which metropolitan Romantic novels—that is, novels by French authors such as Victor Hugo, George Sand, Bernardin de Saint-Pierre, François-René de Chateaubriand, Claire de Duras, and Prosper Mérimée—comprehend and construct colonized peoples, fashion French identity in the context of colonialism, and record the encounter between Europeans and non-Europeans. While the primary texts that come under investigation in the book are novels, close attention is paid to Romantic fiction's interdependence with naturalist treatises, travel writing, abolitionist texts, and ethnographies.

Colonialism, Race, and the French Romantic Imagination is one of the first books to carry out a sustained and comprehensive analysis of the French Romantic novel's racial imagination that encompasses several sites of colonial contact: the Indian Ocean, North America, the Caribbean, West Africa, and France. Its archival research and interdisciplinary approach shed new light on canonical texts and

expose the reader to non canonical ones The book will be useful to students and academics involved with Romanticism colonial historians students and scholars of transatlantic studies and postcolonial studies as well as those interested in questions of race and colonialism *Struggle for the Soul of the French Novel* Michael Scott,1989-06-18 This book describes the challenge to traditional Christian beliefs that was inherent in the very concept of literary Realism and presents the Catholic novel as a series of conscious readaptations of Realist techniques and models Authors studied include Flaubert Bernanos and Mauriac **Private Lives and Public Affairs** Sarah Maza,1993-12-08 From 1770 to 1789 a succession of highly publicized cases riveted the attention of the French public Maza argues that the reporting of these private scandals had a decisive effect on the way in which the French public came to understand public issues in the years before the Revolution *Sex and Enlightenment* Rita Goldberg,1984-06-21 Dr Goldberg argues that Samuel Richardson had expressed a powerful and hitherto unperceived sexual mythology in *Clarissa* making it the popular masterpiece it quickly became There had never before been a work of literature in which the rape of a woman became the moral indictment of an age *Clarissa* was a book which changed minds It is not surprising that Diderot the French philosophe drew on Richardson as the inspiration for his own novel *La Religieuse* Richardson s novels had achieved Diderot s declared aim as editor of the great *Encyclopédie* to change the way people think For both writers it had become clear that the boudoir had replaced the Puritan closet and the Catholic confessional as the location for tests of virtue Dr Goldberg offers an original comparative reading of the works of these French and English innovators She leaves us in little doubt that our understanding of what it means to be a woman in our culture owes much to the turbulent world of Richardson and Diderot **Before Fiction** Nicholas D. Paige,2011-08-16 Fiction has become nearly synonymous with literature itself as if Homer and Dante and Pynchon were all engaged in the same basic activity But one difficulty with this view is simply that a literature trafficking in openly invented characters is a quite recent development Novelists before the nineteenth century ceaselessly asserted that their novels were true stories and before that poets routinely took their basic plots and heroes from the past We have grown accustomed to thinking of the history of literature and the novel as a progression from the ideal to the real Yet paradoxically the modern triumph of realism is also the triumph of a literature that has shed all pretense to literalness *Before Fiction* The Ancien Régime of the Novel offers a new understanding of the early history of the genre in England and France one in which writers were not slowly discovering a type of fictionality we now take for granted but rather following a distinct set of practices and rationales Nicholas D Paige reinterprets Lafayette s *La Princesse de Clèves* Rousseau s *Julie ou la Nouvelle Héloïse* Diderot s *La Religieuse* and other French texts of the seventeenth and eighteenth centuries in light of the period s preoccupation with literal truth Paige argues that novels like these occupied a place before fiction a pseudofactual realm that in no way leads to modern realism The book provides an alternate way of looking at a familiar history and in its very idiom and methodology charts a new course for how we should study the novel and think about the evolution of cultural forms **Negotiating the**

first in a century to trace the development and impact of the novel in French from its beginnings to the present Leading specialists explore how novelists writing in French have responded to the diverse personal economic socio political cultural artistic and environmental factors that shaped their worlds From the novel's medieval precursors to the impact of the internet the History provides fresh accounts of canonical and lesser known authors offering a global perspective beyond the national borders of the Hexagon to explore France's colonial past and its legacies Accessible chapters range widely including the French novel in Sub Saharan Africa data analysis of the novel system in the seventeenth century social critique in women's writing Sade's banned works and more Highlighting continuities and divergence between and within different periods this lively volume offers routes through a diverse literary landscape while encouraging comparison and connection making between writers works and historical periods **The Libertine's Nemesis** James Fowler, 2017-07-05 What is the role of the

prude in the roman libertin James Fowler argues that in the most famous novels of the genre by Richardson Crebillon Laclos and Sade the prude is not the libertine's victim but an equal and opposite force working against him and that ultimately she brings retribution for his social erotic and philosophical presumption In a word she is his Nemesis He is

vulnerable to her power because of the ambivalence he feels towards her she is his ideological enemy but also his ideal object Moreover the libertine succumbs to an involuntary nostalgia for the values of the Seventeenth Century which the prude continues to embody through the age of Enlightenment In Crebillon fils and Richardson the encounter between libertine and prude is played out as a skirmish or duel between two individuals In Laclos and Sade the presence of female libertines the Marquise de Merteuil and Juliette allows that encounter to be reenacted within a murderous triangle **Once There Were Two True Friends, Or, Idealized Male Friendship in French Narrative from the Middle Ages Through the Enlightenment** Edward Joe Johnson,2003 *Fiction and the Philosophy of Happiness* Brian Michael

Norton,2012-09-28 Fiction and the Philosophy of Happiness explores the novel's participation in eighteenth century inquiries after happiness an ancient ethical project that acquired new urgency with the rise of subjective models of wellbeing in early modern and Enlightenment Europe Combining archival research on treatises on happiness with illuminating readings of Samuel Johnson Laurence Sterne Denis Diderot Jean Jacques Rousseau William Godwin and Mary Hays Brian Michael Norton's innovative study asks us to see the novel itself as a key instrument of Enlightenment ethics His central argument is that the novel form provided a uniquely valuable tool for thinking about the nature and challenges of modern happiness whereas treatises sought to theorize the conditions that made happiness possible in general eighteenth century fiction excelled at interrogating the problem on the level of the particular in the details of a single individual's psychology and unique circumstances Fiction and the Philosophy of Happiness demonstrates further that through their fine tuned attention to subjectivity and social context these writers called into question some cherished and time honored assumptions about the good life happiness is in one's power virtue is the exclusive path to happiness only vice can make us miserable This elegant and richly interdisciplinary book offers a new understanding of the cultural work the eighteenth century novel performed as well as an original interpretation of the Enlightenment's ethical legacy *Robert Challe: Intimations of the Enlightenment* Lawrence J. Forno,1972 A complete survey of Challe's life works and influence especially on the course of the French novel in the 18th century with a detailed analysis of the diverse technical devices used by this almost forgotten 18th century novelist in the creation of his only novel and masterpiece Les Illustres Franoises
