

Eddie Rickenbacker

W. David Lewis

Eddie Rickenbacker:

Ace of Aces Harry Paul Jeffers, 2003 Traces the life of the World War I fighter ace from his career as one of America's first race car drivers accomplishments as a fighter pilot founder of Eastern Airlines and dramatic rescue following a crash landing in during World War II *Eddie Rickenbacker* W. David Lewis, 2005-12-08 David Lewis has written the definitive biography of America's ace of aces The Many Lives of Eddie Rickenbacker Andrew Speno, 2020-10-06 The life story of a daredevil who became a war hero will fascinate adventurous young readers with its tales of survival At age thirteen following the death of his father young Eddie dropped out of school and joined the workforce Through a combination of smarts hard work and perseverance Rickenbacker would grow up to become an automobile mechanic a race car driver a fighter pilot an entrepreneur a war hero a business executive and a staunch advocate for hard work and personal responsibility Along the way he lived on the line between recklessness and courage He survived dozens of accidents coming close to death more than once During the earliest years of American automobile racing Rickenbacker was the most daring and withal the most cautious driver on the circuit How could he have been both daring and cautious This book invites young readers to decide for themselves as they follow Rickenbacker on his many hair raising adventures **Enduring Courage: Ace Pilot Eddie Rickenbacker and the Dawn of the Age of Speed** John F. Ross, 2014-05-13 The true story of Eddie Rickenbacker America's greatest flying ace who showed a nation the way forward in its quest for speed endurance and courage **From Father to Son** Eddie Rickenbacker, 1970 **Rickenbacker** Eddie Rickenbacker, 1967 Here is one of a kind book about a one of a kind man A man who quit school at 12 to support his family and now has 14 honorary college degrees A man who became a daring auto racer and went on to buy the Indianapolis Speedway on which he raced A man who during World War I downed 26 enemy planes and collected 19 decorations for bravery including the Congressional Medal of Honor A man who crash landed in the Pacific during World War II and led his plane's crew in a 24 day struggle for survival Cover Eddie Rickenbacker Rachel Koestler-Grack, 2013 As a member of the 94th Aero Squadron during World War I Eddie Rickenbacker distinguished himself as a flying ace *Eddie Rickenbacker* Hans Christian Adamson, 2023-12-30 Captain Eddie Rickenbacker's Ordeal and Rescue as Told to the Press, December 19, 1942 Eddie Rickenbacker, 1942 Rickenbacker Edward V. Rickenbacker, 1967 *Eddie Rickenbacker* Hans Christian Adamson, 1946 Billy Mitchell James J. Cooke, 2002 A sad but compelling story of a man of brilliant talent and exceptional foresight destroyed by overweening ambition and egotism Braham Myers Everyone's War What emerges from the pages of this outstanding biography is a complete picture or as complete as we will probably ever get of the man Billy Mitchell And it is in those personal details that we see some of the character traits indeed some would say character flaws that made Mitchell such a lightning rod for controversy Michael Huebner Quarterly Journal of the Great War Society James Cooke has done an excellent job of portraying the foibles strengths and failings of the first American prophet for airpower in a most evenhanded fashion This is an immensely readable

book and the most balanced portrayal of Mitchell I have seen to date Dr Douglas V Johnson II LTC USA Ret A good read that raises the art of military biography to a new level Stand To The Journal of the Western Front Association Cooke draws the richest picture of Mitchell yet seen Brings to life a man often called a founder of the modern U S Air Force William Jeanes Smithsonian Unlike almost all other books about Mitchell Cooke's treatment is balanced critical and thorough A splendid job of correcting a distortion of history Kenneth P Werrell Journal of Military History Cooke's comprehensive reevaluation of the still controversial life and career of Billy Mitchell is a welcome breath of fresh air Dennis Showalter This compelling chronicle of a controversial figure a man who could be charming fanatical arrogant and confrontational places Billy Mitchell in the context of the great debates over U S air power between the world wars Mitchell demonstrated during WWI that massive air power could decisively affect combat operations on the ground and he argued vehemently to anyone who would listen that air power would be the decisive factor in the next war a war that he was certain would be fought with Japan But his brilliance was often overshadowed by his personal failings typically he alienated those in power who could act on his ideas In a highly publicized trial Mitchell was court martialed and found guilty ostensibly for openly attacking the Navy and the War Department over the fatal crash of the airship Shenandoah but primarily for making public his warnings about U S weaknesses in the air Although the air attack on Pearl Harbor made Mitchell look to some like a prophet martyred for his integrity Cooke revises that portrait to reveal a character fatally flawed by consuming ambition and a man who was a victim only of circumstances of his own creation
