Christians or theists we are moved to share the truth of God's love for humankind. But how can we speak of such providential care in a world rife with crime, war, racism, genocide, and even ecocide? In response to this predicament, a theodicy proposes a rational defense of God's goodness that offers consolation to victims and hope to all believers. Truths about Evil, Sin, and the Demonic provide a sweeping history of the discipline of theodicy that focuses on its strategic turning points and its possible future. Belitsos argues that because of the atrocities of the last century and the threat of horrendous evils in the coming century, we need to marshal the most explanatory elements of all previous theodicies and then drive toward an integrative model based on a creative synthesis. The author also turns to a modern revelatory source that supports his argument for such a meta-theodicy. He concludes by critically engaging with this source and the entire tradition in his call for an apophatically informed integral theodicy.

A Historical Introduction to the Study of New Religious Movements W. Michael Ashcraft, 2018-02-02. The American public's perception of New Religious Movements (NRMs) as fundamentally harmful cults stems from the anticult movement of the 1970s, which gave a sometimes hysterical and often distorted image of NRMs to the media. At the same time, academics pioneered a new field studying these same NRMs from sociological and historical perspectives. They offered an interpretation that ran counter to that of the anticult movement. For these scholars in the new field of NRM studies, NRMs were legitimate religions deserving of those freedoms granted to established religions. Those scholars in NRM studies continued to evolve methods and theories to study NRMs. This book tells their story. Each chapter begins with a biography of a key person involved in studying NRMs. The narrative unfolds chronologically, beginning with late nineteenth and early twentieth century perceptions of religions alternative to the mainstream. Then the focus shifts to those early efforts in the 1960s and 1970s to comprehend the growing phenomena of cults or NRMs using the tools of academic disciplines. The book's midpoint is a chapter that looks closely at the scholarship of the anticult movement and from there moves forward in time to the present, highlighting themes in the study of NRMs like violence, gender, and reflexive ethnography. No other book has used the scholars of NRMs as the focus for a study in this way. The material in this volume is therefore a fascinating viewpoint from which to explore the origins of this vibrant academic community as well as analyze the practice of Religious Studies more generally.

Your Evolving Soul Byron Belitsos, 2017-05-25. The Urantia Book offers a complex revelation about the human soul that stands alone in its coherence and richness of detail. *Your Evolving Soul* is the first book to explain this advanced teaching for the ordinary reader while also comparing Urantia teachings on soul evolution to other accounts of the soul in philosophy and the wisdom traditions, utilizing as an analytical tool the integral theories of philosopher Ken Wilber. Belitsos depicts the human soul as a species of the higher mind that is quintessentially evolutionary and experiential, a sacred vehicle of personal identity and immortality that contributes something crucial to cosmic evolution. Through his interpretation of the Urantia material, the author offers a model of the human soul to be tested, examined, and compared, not as a finished truth to be accepted as doctrine.

Kautz,2012-04-10 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history **John E. Fetzer and the Quest for the New Age** Brian C. Wilson,2018-08-06 John E Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan s most successful entrepreneurs a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world John E Fetzer and the Quest for the New Age follows the spiritual sojourn of John E Fetzer a Michigan business tycoon Born in 1901 and living most of his life in Kalamazoo Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the Detroit Tigers in 1961 By the time he died in 1991 Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America And yet business success was never enough for Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer s quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer s worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer s synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical
