

How to Cite Strong Evidence Literary Response

Literary analysts cite **strong** pieces of evidence. This evidence should support the writer's claim and the importance of this evidence can be clearly explained.

Evaluate the Example

The following response shows how to cite a piece of evidence. After reading the example response, read the following section to make sure you understand which sentence makes up the **claim**, **evidence**, and **explanation of evidence**.

In the short story "Thank You, Ma'am," Langston Hughes shows the reader the value of kindness and trust. On page 19, Mrs. Jones showed kindness towards Roger when she said, "Ain't you got nobody at home to tell you to wash your face?.. Then it will get washed this evening." This quote shows the reader that Mrs. Jones treated Roger with kindness, as she takes care of him and cleans his face.

Claim: In "Thank You, Ma'am," Langston Hughes shows the reader the value of kindness and trust.

Evidence: On page 19, Mrs. Jones showed kindness towards Roger when she said, "Ain't you got nobody at home to tell you to wash your face?.. Then it will get washed this evening."

Explanation of Evidence: This quote shows the reader that Mrs. Jones treated Roger with kindness, as she takes care of him and cleans his face.

Now It's Your Turn!

Directions: Read the example response. Then, record the claim, evidence, and explanation of evidence.

Through Mrs. Jones's behavior in "Thank You, Ma'am," the author teaches the reader the importance of showing kindness towards others. Hughes shows this on page 20 when he states, "The woman did not watch the boy to see if he was going to run now, nor did she watch her purse which she left behind her on the day-bed." Even though Roger tried to steal Mrs. Jones's purse, she was kind to him and wanted to show him that she would trust him to do the right thing.

Education Answers Back Critical Responses To Government Policy:

The Creative School Bob Jeffrey, Peter Woods, 2003 Using a single case study school as a role model this book provides a framework for practice in primary schools The school in question succeeds in meeting the Government's objectives within its own set of aims and values

Versions of Primary Education Robin Alexander, 2013-04-15 Getting to the heart of primary education six contrasting studies of teachers teaching learning and classroom discourse all set in a historical frame Contains extended lesson transcripts for re analysis The five studies in this book span the tumultuous period from the mid 1980s to the mid 1990s This was a time when the dominant educational ideas and practices of the previous two decades were being questioned and primary teachers were being catapulted from the Plowden era into the very different ethos of the National Curriculum The first four studies portray the ideas practices and dilemmas of primary teaching at different points during this period They also exemplify different approaches to classroom research though all of them stay close to the interactions between teacher and child which are central to learning They thus raise educational questions which are perennial and fundamental rather than tied to policy or fashion The final study uses a broader brush to provide a historical framework for understanding the particular blend of change and continuity which characterises English primary education as a whole

Children And Their Curriculum Ann Filer, Andrew Pollard, Dennis Thiessen, 2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

The University and the Teachers Harry Judge, Michel Lemosse, Lynn Paine, Michael Sedlak, 1994-01-01 Here is a book for our times a study in three countries of the relationship between teacher education and the universities An Englishman looks at France a Frenchman at the USA and two Americans at England with the whole introduced and rounded off by Harry Judge who was also the interlocutor of France It is a notable addition to the Oxford Studies in Comparative Education John Tomlinson Director of the Institute of Education University of Warwick The Times Educational Supplement this is an outstanding book on several levels it is a worthwhile read for audiences well beyond those directly involved in teacher education It will be of particular interest to researchers and students of comparative education At a time when politicians seem bent on importing educational practices from other countries it reminds us that there are no easy lessons to be learnt through international comparisons and that we cannot suppose that what is identified as good practice in one country can easily be imported elsewhere without taking into account the cultural context within which it is successful Marilyn Osborn University of Bristol Comparative Education The book is beautifully and engagingly written enlivened by the authors efforts to make sense of that which is foreign to their personal educational experiences The narratives are rich in detail and insights about the forms of teacher education and the cultural logic of their suitability The

chapters provoke thought experiments of a kind that are suggestive of outcomes for university based teacher education if reforms currently proposed in one nation prove to be similar to long standing practices in the others Frank B Murray University of Delaware Comparative Education Review The work recorded in this book was undertaken over four years with support from the Spencer Foundation of Chicago and under the direction of Harry Judge of the University of Oxford Michel Lemosse teaches at the University of Nice and Lynn Paine Michael Sedlak at Michigan State University

Industrial Relations in Schools Mike Ironside, Roger Seifert, 2005-08-12 The subject of industrial relations is intimately connected with the nature of schooling in particular the teacher trade unions have played and will continue to play a crucial role in shaping the school system yet this subject has been virtually neglected in educational literature Mike Ironside and Roger Seifert's book redresses this balance and unravels the complex issues surrounding the employment and management of teachers Recent changes in education have had massive implications for the way in which our education system is organised In the light of recent events this book questions who controls or ought to control schools focusing on the government Department of Education LEA's head teachers school governors parents and teaching unions The authors argue that in order for schools to continue to function industrial relations must be given priority including the development of a proper framework for negotiation and the resolution of conflicts

How Shall We School Our Children? Colin Richards, Philip Taylor, 2005-06-23 A team of highly regarded contributors were invited to take a rational look at the future of primary schools particularly during the first 20 years of the next millennium They were asked to consider many questions including What are the roots of primary education What is the justification for a radical agenda How well is the system working and in what ways could it further optimize its effectiveness in the interests of the participants What is a primary school and what purpose does it serve and what ends does it have in view Are these ends appropriate for the future This book then represents the thinking of key scholars and researchers working in the area of primary education and will be essential reading for those involved with the education of primary aged children

The Taming of Education Rob Creasy, 2017-08-24 This book evaluates contemporary approaches to education

with a particular focus on the ways in which assessment shapes the educational experience and influences pupils and students. It adopts a critical approach arguing that there is a need for students to develop critical thinking skills, be flexible and have the capacity for originality. Education has increasingly come to be seen as a process with qualifications as the output, however, as economies change, attaining advantage increasingly relies on creativity and originality. Unfortunately, in the quest to remove uncertainty from education, creativity and originality are often overlooked, and the result is that education is impoverished. Creasy argues here that there is no single factor that has shaped education and led to this situation; rather, developments within education can be seen as having been shaped by a range of forces such as neoliberalism, New Public Management, standardization and internationalization. This is not to claim any deliberate undermining of education, but the cumulative effect is that education is less and less fit for purpose. Written for anyone involved in education, student, teacher or manager, this book draws upon Educational Studies, Sociology and Social Policy to offer a compelling critique of contemporary education. Understanding and Preventing Teacher Burnout Roland Vandenberghe, A. Michael Huberman, 1999-05-28. International specialists review research in the field of career burnout in this 2009 volume. **Hope and Education** Professor David Halpin, David Halpin, 2002-11. This book is a welcome addition to the thinking about education and education policy making at a time when the future of education is highly politicised and very negative.

Beyond the National Curriculum Professor David Coulby, David Coulby, 2002-01-04. The National Curriculum is due for review. This is a central area of educational debate in England and Wales. Increasingly, politicians and their entourages are looking for quick fixes from abroad to solve what they see to be problems in the educational system of the UK. Drawing on insights from other European curricular systems, this provocative book will contribute in a timely way to the debate on reformations of the National Curriculum. The style is concise, with points for discussion and lists of further reading. In England and Wales, increasingly, politicians are looking for quick fixes from abroad to solve what they see to be problems in the educational system. Drawing on insights from other European curricular systems, this volume will contribute in a timely way to the debate on the reformations of the National Curriculum. The style is short and concise, with points for discussion and lists of further reading. **Readings for Reflective Teaching** Andrew Pollard, 2002-01-01. This unique book provides

the reader with a mini library of over one hundred readings containing both classic and contemporary readings. International contributors' material drawn from books and journals. An essential reference resource in its own right. *Readings for Reflective Teaching* also contains numerous cross references to Andrew Pollard's *Reflective Teaching*. *Creative Teachers in Primary Schools* Peter Woods, 2019-07-17. Is creative teaching still possible in English schools? Can teachers maintain and promote their own interests and beliefs as well as deliver a prescribed National Curriculum? Originally published in 1995, this book explores creative teachers' attempts to pursue their brand of teaching despite the changes Peter Woods has discovered. A range of strategies and adaptations to this end among such teachers, including resisting change which runs counter to their

own values appropriating the National Curriculum within their own ethos enhancing their role through the use of others and enriching their work through the National Curriculum to provide quality learning experiences If all else fails such teachers remove themselves from the system and take their creativity elsewhere A strong theme of self determination runs through these experiences While acknowledging hard realities the book is ultimately optimistic and a tribute to the dedication and inspiration of primary teachers The book makes an important contribution to educational theory showing a range of responses to intensification as well as providing many detailed examples of collaborative research methods

Education, Equality and Human Rights Mike Cole, 2022-08-12 The fifth edition of the market leading Education Equality and Human Rights has been fully updated to reflect economic political and cultural changes in the UK including the impacts of Brexit and Covid 19 It considers the great changes we are witnessing in recent years such as climate change emergency pandemics the Fourth Industrial Revolution and their interrelationships Written by world experts in their respective fields each of the five equality issues of gender race sexuality disability and social class is covered in their own right as well as in relation to education Key issues explored include human rights equality and education women and equality historically and now gender education and social change race and racism through history and today racism and education from Empire to Johnson sexualities identities and equality challenges in teaching and learning about sexuality and homo and trans phobia in schools disability equality as the last Civil Right developing inclusive education and governments resistance social class neoliberal capitalism and the Marxist alternative selective schooling mystifying social class neoliberalism and alternatives With an uncompromising and rigorous analysis of equality issues and a foreword from Peter McLaren addressing challenges to democracy in the US this new edition of Education Equality and Human Rights is an essential and contemporary resource across a wide range of disciplines and for all those interested in education social policy and human rights

Teachable Moments Peter Woods, Bob Jeffrey, 2019-07-23 Creative teaching is an art form aesthetic intuitive and expressive The proliferation of new educational policies in the early 1990s and the related increase in tensions and dilemmas facing schools combined with the growing demand for a wider range of skills and knowledge among children meant that there was an even greater need for creative teaching than before the National Curriculum Originally published in 1996 this book addresses this need by exploring the features of creative teaching with a focus on the day to day practice of primary teachers showing how teachers used emotion created atmosphere and stimulated imagination to enhance their teaching examining the ways in which teachers managed the National Curriculum and developed a new professional discourse in response to government pressures at the time This book is a sequel to *Creative Teachers in Primary Schools* and builds upon this work providing new insights into the art of teaching

Restructuring Schools, Reconstructing Teachers Peter Woods, Bob Jeffrey, Geoff Troman, Mari Boyle, 2019-07-01 Drawing on wide ranging research this book originally published in 1997 explores how the policy changes of previous years were affecting primary teachers and their work at the time Within the context of worldwide

restructuring the thoughts feelings and activities of teachers in their daily work are examined The core argument is that what used to be a complex but fulfilling job distinguished by professional dilemmas which are amenable to professional skill had become increasingly marked by tension and constraint which frustrates teacher creativity While some teachers found new opportunities in the new primary school many used strategical and micro political activity in order to cope while others fell victim to stress and burnout The authors argue that teachers own active involvement in policy change is required if their creative potential is to be realized The book will still be of interest to teachers in primary schools researchers and policy makers

Creative Learning in the Primary School Bob Jeffrey, Peter Woods, 2009-01-08 Creative Learning in the Primary School uses ethnographic research to consider the main features of creative teaching and learning within the context of contemporary policy reforms In particular the authors are interested in the clash between two oppositional discourses creativity and performativity and how they are resolved in creative teacher practice The blend of analysis case study material and implications for practice will make this book attractive to primary teachers school managers policy makers teacher educators and researchers

A Century of Change in Music Education Stephanie Pitts, 2019-01-04 Published in 2000 Education in our schools is a constant feature of media headlines often blamed for many of society's ills Perceived throughout the ages as civilizing force music has a fundamental role to play in education yet the last twenty years have seen a consistent erosion of the time and money made available to music teachers in our schools This book is a timely reminder of how we have arrived at the current debates and challenges of music education Stephanie Pitts charts the history of music teaching in British secondary schools over the course of the twentieth century Each chapter looks at a significant period of music education history in which the ideas and practices of a generation were established and refined The main educational publications of each decade are examined from the early by MacPherson Somervell and Yorke Trotter to the more recent thinking of Paynter and Swanwick The shifting perceptions of music in the school curriculum are nowhere better highlighted than in the changing focus on children's engagement with music from the musical appreciation lessons of the 1920s and 1930s to the post war concentration on performance and the 1970s emphasis on improvisation and composition There are many other trends are discussed in the book allowing today's music educators to see their own practice in its historical context
