Edgar Cayce, Association for Research and Enlightenment. Readings Research Department, 1981 **Edgar Cayce's Story of Attitudes and Emotions** Edgar Cayce, 1974 From cover insights into human feelings and their relation to physical and spiritual health *Edgar Cayce in Context* K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings Cayce's medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce's ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective **Attitudes and Emotions** Association for Research and Enlightenment, Readings Staff, 1981-11-01 **Divination Through the Ages** Ellen Wallace Douglas, 2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace Epilepsy - Jody's Journey Linda Caputi, 2005-08 This is the remarkable true story of a young woman's seven year struggle and final victory over epilepsy Jody had been diagnosed with epilepsy when she was a teenager and initially chose the conventional approach of trying various medications to control the seizures The medications didn't help Jody was cured by Cayce's remedies Medical Intuition C.
