*Pharsalia* Lynn A. Nelson, 2010-01-25 *Pharsalia* a plantation located in piedmont Virginia at the foot of the Blue Ridge Mountains is one of the best documented sites of its kind Drawing on the exceptionally rich trove of papers left behind by the Massie family *Pharsalia* s owners this case study demonstrates how white southern planters paradoxically relied on capitalistic methods even as they pursued an ideal of agrarian independence Lynn A Nelson also shows how the contradictions between these ends and means would later manifest themselves in the southern conservation movement Nelson follows the fortunes of *Pharsalia* s owners telling how Virginia s traditional extensive agriculture contributed to the soil s erosion and exhaustion Subsequent attempts to balance independence and sustainability through a complex system of crop rotation and resource recycling ultimately gave way to an intensive slave based form of agricultural capitalism *Pharsalia* could not support the Massies aristocratic ambitions and it was eventually parceled up and sold off by family members The farm s story embodies several fundamentals of modern U S environmental thought Southerners nineteenth century quest for financial and ecological independence provided the background for conservationists attempts to save family farming At the same time farmers failure to achieve independence while maximizing profits and crop yields drove them to seek government aid and regulation These became some of the hallmarks of conservation efforts in the New Deal and beyond [Social Sciences Index](#) ,1990 **Forthcoming Books** Rose Arny, 1989-05 [Arts & Humanities Citation Index](#) ,1990 **Edmund Ruffin and the Crisis of Slavery in the Old South** William M. Mathew, 2012-10 In 1818 Edmund Ruffin then a young Virginia planter began conducting chemical and rotational experiments on his Coggin s Point plantation on the James River His findings became the basis for the most progressive and sophisticated reform proposals to be formulated in the slaveholding South Tracing Ruffin s passionate advocacy of both agricultural reform and slavery William M Mathew pinpoints in this book many of the contradictions that underlay the economic and social structures of the antebellum South *The Diary of Edmund Ruffin* Edmund Ruffin, 1972-05-01 Edmund Ruffin was one of the most significant figures in the Old South A gentleman planter writer and political commentator he made his greatest contribution as an agricultural reformer but it was as a militant defender of slavery and champion of the southern cause that he gained his greatest fame In his voluminous diary Ruffin has left an invaluable primary account of the crucial years from 1856 to 1865 This volume the first of a projected two volume edition covers the period from Ruffin s retirement from his Virginia plantation to the aftermath of the bombardment of Fort Sumter in April of 1861 Through the eyes of this outspoken secessionist the reader views the chain of events which drove the nation steadily and inexorably toward disunion and civil war An intelligent and astute commentator Ruffin was personally acquainted with most of the prominent southern political leaders of the day and his restless nature impelled him to be present at the most important events of the period Ruffin attended several secession conventions and as a member of the Palmetto Guard he was accorded the honor of firing the first shot on Fort Sumter The diary contains vivid

eyewitness accounts of the hanging of John Brown on December 2 1859 and the activities and changing moods in Charleston during the hectic months of March and April of 1861 Ruffin's detailed description of the two day bombardment of Sumter is unexcelled The Diary of Edmund Ruffin is of supreme importance as a chronicle of political attitudes moods and motives in the South during the most critical period in its history The journal also contains a wealth of information on travel conditions in the Old South the reading habits and social customs of the planter aristocracy and various aspects of the plantation slave system

Ruffin David F. Allmendinger, 1990 Allmendinger here examines the family life and reform career of a controversial antebellum Southerner Born to a wealthy Virginia family Edmund Ruffin lived through a revolution in family history The book shows how he entangled his family in his causes and reveals the catastrophic personal consequences of the Civil War

Life and Labor in the Old South Ulrich Bonnell Phillips, 2007 Celebrated as a classic work of historical literature Life and Labor in the Old South 1929 represents the culmination of three decades of research and reflection on the social and economic systems of the antebellum South by the leading historian of African American slavery of the first half of the twentieth century Life and Labor in the Old South represents both the strengths and weaknesses of first rate scholarship by whites on the topics of antebellum African and African American slavery during the Jim Crow era Deeply researched in primary sources carefully focused on social and economic facets of slavery and gracefully written Phillips's germinal account set the standard for his contemporaries Simultaneously the work is rife with elitism racism and reliance on sources that privilege white perspectives Such contradictions between its content and viewpoint have earned Life and Labor in the Old South its place at the forefront of texts in the historiography of the antebellum South and African American slavery The book is both a work of high scholarship and an example of the power of unexamined prejudices to affect such a work
