## Eds Day Out:

**Johnny Mercer** Glenn T. Eskew, 2013-11-15 John Herndon Johnny Mercer 1909-76 remained in the forefront of American popular music from the 1930s through the 1960s writing over a thousand songs collaborating with all the great popular composers and jazz musicians of his day working in Hollywood and on Broadway and as cofounder of Capitol Records helping to promote the careers of Nat King Cole Margaret Whiting Peggy Lee and many other singers Mercer's songs sung by Bing Crosby Billie Holiday Judy Garland Frank Sinatra Ella Fitzgerald Tony Bennett Lena Horne and scores of other performers are canonical parts of the great American songbook Four of his songs received Academy Awards Moon River Days of Wine and Roses On the Atchison Topeka and the Santa Fe and In the Cool Cool Cool of the Evening Mercer standards such as Hooray for Hollywood and You Must Have Been a Beautiful Baby remain in the popular imagination Exhaustively researched Glenn T. Eskew's biography improves upon earlier popular treatments of the Savannah Georgia born songwriter to produce a sophisticated insightful evenhanded examination of one of America's most popular and successful chart toppers Johnny Mercer Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world Eskew contends that Mercer and much of his music remained rooted in his native South being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians At Capitol Records Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music When rock n roll diminished opportunities at home Mercer looked abroad collaborating with international composers to create transnational songs At heart Eskew says Mercer was a jazz musician rather than a Tin Pan Alley lyricist and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience *A Study Guide for Louise Erdrich's "Indian Boarding School: The Runaways"* Gale, Cengage Learning, [silverchair's Frogstomp](#) Jay Daniel Thompson, 2025-06-12 Revisits Australian rock band silverchair's globally successful debut album Frogstomp 1995 and asserts that the band is not an imitation of American grunge nor an emblem of Gen X angst Frogstomp transformed Australian rockers silverchair from an other unknown teen garage band to an internationally popular rock outfit The album was released in 1995 and became a global sensation Due to silverchair's grunge aesthetic the band's success has often been attributed to its imitation of North American grunge bands and associated Generation X stereotypes Jay Daniel Thompson demonstrates that the album has greater musical and cultural significance than that framing suggests This book argues that Frogstomp is culturally significant not only due to its international success but because it suggested an impact of globalization on Australian music in the late 20th century and because of its eclectic and little discussed array of pop culture influences Through an engagement with Arjun Appadurai's work on global cultural flows scholarship on Australian 1990s popular culture and grunge music and

textual analyses of both the album's track list and Silverchair's live performances. Frogstomp is seen in a distinctive new light.
