Social Norms in Mandatory Palestine and Israel Assaf Likhovski, 2017-07-14 This book analyzes the changing role of law and

social norms in creating tax compliance in mandatory Palestine and Israel It is of interest to legal economic social cultural and political historians historians of Israel and the Middle East and tax scholars *Capitalism in the Ottoman Balkans*

Costas Lapavistas, Pinar Cakiroglu, 2019-08-08 The Ottoman Empire went through rapid economic and social development in the late nineteenth and early twentieth centuries as it approached its end Profound changes took place in its European territories particularly and prominently in Macedonia In the decades before the First World War industrial capitalism began to emerge in Ottoman Macedonia and its impact was felt across society The port city of Salonica was at the epicentre of this transformation led by its Jewish community But the most remarkable site of development was found deep in provincial Macedonia where industrial capitalism sprang from domestic sources in spite of unfavourable conditions Ottoman Greek traders and industrialists from the region of Mount Vermion helped shape the economic trajectory of Turkey in Europe and competed successfully against Jewish capitalists from Salonica The story of Ottoman Macedonian capitalism was nearly forgotten in the century that followed the demise of the Empire This book pieces it together by unearthing Ottoman archival materials combined with Greek sources and field research It offers a fresh perspective on late Ottoman economic history and will be an invaluable resource for scholars of Ottoman Greek and Turkish history Published in Association with the British

Institute at Ankara **A Military History of the Ottomans** Mesut Uyar Ph.D., Edward J. Erickson, 2009-09-23 The Ottoman Army had a significant effect on the history of the modern world and particularly on that of the Middle East and Europe This study written by a Turkish and an American scholar is a revision and corrective to western accounts because it is based on Turkish interpretations rather than European interpretations of events As the world's dominant military machine from 1300 to the mid 1700s the Ottoman Army led the way in military institutions organizational structures technology and tactics In decline thereafter it nevertheless remained a considerable force to be counted in the balance of power through 1918 From its nomadic origins it underwent revolutions in military affairs as well as several transformations which enabled it to compete on favorable terms with the best of armies of the day This study tracks the growth of the Ottoman Army as a professional

institution from the perspective of the Ottomans themselves by using previously untapped Ottoman source materials. Additionally, the impact of important commanders and the role of politics as these affected the army are examined. The study concludes with the Ottoman legacy and its effect on the Republic and modern Turkish Army. This is a study survey that combines an introductory view of this subject with fresh and original reference level information. Divided into distinct periods, Uyar and Erickson open with a brief overview of the establishment of the Ottoman Empire and the military systems that shaped the early military patterns.

The Mediterranean Russell King, Lindsay Proudfoot, Bernard Smith, 2014-02-25. This book addresses contemporary geographical issues in the Mediterranean Basin from a perspective that recognizes the physical characteristics and cultural interactions which link the different Mediterranean states as a recognisable geographic entity. Sixteen chapters each deal with a major geographical issue currently facing the Mediterranean, each providing an invaluable summary of the extensive but widely dispersed literature relating to Mediterranean issues. Particular emphasis is placed on the interaction between society and environment in terms of environmental management, differential regional development and its associated political, demographic, cultural and economic tensions.

Ottoman Notables and Participatory Politics John Bragg, 2014-04-16. Focussing on events in the Anatolian town of Tokat during the final two decades of the great Ottoman legal and administrative reforms known as the Tanzimat (1839-76), this book applies elements of social networking theory to analyze and assess the establishment of local governments across the Middle East. The author's key finding is that the state's efforts to centralize authority succeeded only when and where locals acted as the primary agents of change. Independent notables such as the military and the wealthy demanded wealth and state offices in exchange for meting out reform measures according to local idioms of power. Newly created administrative bodies also offered greater social mobility to a growing multiconfessional middle class in small towns like Tokat. The state was desperate to reform but opportunistic provincials were eager to have it only on their own terms. Challenging false assumptions about the limited scope of participatory politics in the Middle East during the nineteenth century, *Ottoman Notables and Participatory Politics* will be of interest to students and scholars of Political Economy, History and Middle East Studies.

Global Traffic B. Sebek, S. Deng, 2016-01-23. This remarkable collection investigates the relations between literature and the economy in the context of the unprecedented expansion of early modern England's long distance trade. Studying a range of genres and writers both familiar and lesser known, the essays offer a new history of globalization as a complex of unevenly developing cultural, discursive and economic phenomena. While focusing on how long distance trade contributed to England's economic growth and cultural transformation, the collection taps into scholarly interest in race, gender, travel and exploration, domesticity, mapping the state and emergent nationalism and proto colonialism in the early modern period.

A New Introduction to Islam Daniel W. Brown, 2017-02-16. Covering the origins, key features and legacy of the Islamic tradition, the third edition of *A New Introduction to Islam* includes new material on Islam in the 21st century and discussions of the impact of historical

ideas literature and movements on contemporary trends Includes updated and rewritten chapters on the Qur'an and hadith literature that covers important new academic research Compares the practice of Islam in different Islamic countries as well as acknowledging the differences within Islam as practiced in Europe Features study questions for each chapter and more illustrative material charts and excerpts from primary sources

Transottoman Biographies, 16th-20th c. Denise Klein, Anna Vlachopoulou, 2023-09-04 For centuries people moved between the Ottoman Empire Eastern Europe and Iran This book studies the biographies of individuals and groups as different as rulers and revolutionaries frontier bandits and merchants soldiers and slaves from the sixteenth to the twentieth centuries Following their journeys across borders the case studies of this volume emphasize the profound effect that mobility had on the lives and thoughtworlds of everyone with a Transottoman trajectory The chapters reveal breaks adjustments and continuities in people's biographies and the in-betweenness that moving typically created

Gender, Law and Material Culture Annette Cremer, 2020-10-26 This interdisciplinary volume discusses the division of the early modern material world into the important legal economic and personal categories of mobile and immobile property possession and the rights to usufruct The chapters describe and compare different modes of acquisition and intergenerational transfer via law and custom The varying perspectives including cultural history legal history social and economic history philosophy and law allow for a more nuanced understanding of the links between the movability of an object and the gender of the person who owned possessed or used it Case studies and examples come from a wide geographical range including Norway England Scotland the Holy Roman Empire Italy Tyrol the Ottoman Empire Greece Romania and the European colonies in Brazil and Jamaica By covering both urban and rural areas and exploring all social groups from ruling elites to the lower strata of society the chapters offer fresh insight into the division of mobile and immobile property that socially and economically posed disadvantages for women By exploring a broad scope of topics including landownership marriage contracts slaveholding and the dowry this book is an essential resource for both researchers and students of women's history social and economic history and material culture

Williamson, 2000-03-23 The studies in this exceptional volume explore the challenges and opportunities presented by globalization events prior to 1950 and identify how countries around the Mediterranean responded to them In addition to comparative assessments of regional performance the volume offers detailed case studies of Spain Italy the Balkans Turkey Israel and Egypt

Sea of Troubles Ian Rutledge, 2023-10-17 In the mid eighteenth century most of the Mediterranean coastline and its hinterlands were controlled by the Ottoman Empire a vast Islamic power regarded by Christian Europe with awe and fear By the end of the First World War however this great civilisation had been completely subjugated and its territories occupied by European powers Sea of Troubles is the definitive account of the European conquest of the Levant and North Africa over three centuries Ian Rutledge reveals the intense imperial rivalry between six European powers Britain France Italy Spain Austria Hungary and Russia who all jostled

for control of the trade lands and wealth of the Islamic Mediterranean The competition between these states made their conquest a far more difficult and extended task than they encountered elsewhere in the world Yet as new contenders entered the contest and as rivalries intensified in the early twentieth century events would spiral out of control as the continent headed towards the First World War

The Age of Empires Robert Aldrich, 2020-06-23 The critical story of thirteen empires showing their key role in the foundation of today's global civilization For over five hundred years empires have been a feature of the political landscape and today many contemporary conflicts resonate with issues tied to colonial conquest and the uneasy situations they produced Empires evoke potent images Henry Morton Stanley David Livingstone and the gallery of colonial explorers the Spanish conquistadors quest for gold and silver and the Dutch heritage of trade in the East Indies These legacies still pose major issues for historians who study their key role in the foundation of today's global civilization The Age of Empires frames the era of empires with maps of explorations chronologies of voyages records of settlers and administrators the balance sheets of commerce and other records that made up the Age of Empires This account incorporates research from across the globe and vivid illustrations to tell a story full of conflict cruelty great journeys and influence

Religious Minorities in the Middle East Anne Sofie Roald, Anh Nga Longva, 2011-11-11 Focusing on the situation of both Muslim and non Muslim religious minorities in the Middle East this volume offers an analysis of various strategies of resilience and accommodation from a historical as well a contemporary perspective

[The Routledge Companion to Marine and Maritime Worlds 1400-1800](#) Claire Jowitt, Craig Lambert, Steve Mentz, 2020-05-21 This book has been nominated for The Mountbatten Award for Best Book in the Maritime Media Awards 2021 The Routledge Companion to Marine and Maritime Worlds 1400 1800 explores early modern maritime history culture and the current state of the research and approaches taken by experts in the field Ranging from cartography to poetry and decorative design to naval warfare the book shows how once traditional and often Euro chauvinistic depictions of oceanic mastery during the early modern period have been replaced by newer global ideas This comprehensive volume challenges underlying assumptions by balancing its assessment of the consequences and accomplishments of European navigators in the era of Columbus da Gama and Magellan with an awareness of the sophistication and maritime expertise in Asia the Arab world and the Americas By imparting riveting new stories and global perceptions of maritime history and culture the contributors provide readers with fresh insights concerning early modern entanglements between humans and the vast unpredictable ocean With maritime studies growing and the ocean's health in decline this volume is essential reading for academics and students interested in the historicization of the ocean and the ways early modern cultures both conceptualized and utilized seas

These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is an exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
