Economics of the Firm: Theory and Practice Arthur A. Thompson,1973 *Economics Selections* ,1972

Encyclopedia of History of American Management Morgen Witzel,2005-03-15 Containing more than 250 entries this unique and ambitious work traces the development of management thinking and major business culture in North America Entries range from 600 words to 2500 words and contain concise biographical detail a critical analysis of the thinkers doctrines and ideas and a bibliography including the subject s major works and a helpful listing of minor works **Culture, Gender and Entrepreneurial Innovation (UM Press)** Aida Idris,2014-02-03 The book examines three issues in entrepreneurship that are often overlooked yet powerful when taken together The first is the way people learn gender roles and how this in turn affects their entrepreneurial behavior The second are differences between two major population groups in Malaysia the Malays and the Chinese specifically in terms of their respective levels of societal masculinity The third is entrepreneurial innovation By combining these topics and examining how they apply to a sample of Malaysian women entrepreneurs the author produces genuinely new insightful and occasionally counter intuitive findings such as Malay women entrepreneurs lower level of uncertainty avoidance compared to Chinese women entrepreneurs Another intriguing discovery is her radical overhaul of the construct of ego orientation which gives a new angle on the old idea of entrepreneurs as people who are different from the rest of us In all the study poses some challenges to long standing but infrequently tested ideas about the nature of entrepreneurs and their behavior *Entrepreneurial Learning* Richard Harrison,Claire M. Leitch,2008-01-31 This book addresses the burgeoning interest in organizational learning and entrepreneurship bringing together for the first time a collection of new papers dealing explicitly with entrepreneurial learning Where past books have examined learning in a corporate context Harrison and Leitch focus instead on the learning process within entrepreneurship and the small business Areas covered include a review of the concept of entrepreneurial learning and the relationship between entrepreneurial learning and the wider literatures on management and organizational learning a review and development of a number of conceptual models of the process of learning in entrepreneurial contexts an illustration of the applications of concept of entrepreneurial learning in a range of contexts an international perspective on entrepreneurial learning **Entrepreneurship and Small Firms 6e** David Deakins,Mark Freel,2012-03-16 The sixth edition of Entrepreneurship and Small Firms has been fully revised and updated with contributions from leading academics in the field Retaining the popular style of the previous editions and offering a clear and accessible introduction to the topic this book provides a thorough coverage of entrepreneurial and small firm theory concepts evidence policy and practice Integrating academic theory with the day to day realities that entrepreneurs may encounter it furnishes the student with a comprehensive analysis of entrepreneurship This well established text is justly popular for its clear and accessible approach presenting the key topics of an entrepreneurship module in an engaging yet rigorous style The book covers wide ranging

topics from the economic influences on entrepreneurship and sources of finance to issues of diversity family business and social entrepreneurship New to this edition is a chapter on Corporate Entrepreneurship offering students a unique insight into entrepreneurship activities in larger businesses and organizations A reorganized chapter structure for the sixth edition allows students to navigate the four parts of the text from introductory concepts the domains of entrepreneurship through to strategy and to implementation New part cases help to highlight the core themes and apply them to real business scenarios

Proceedings of MAC-EMM 2014 Collective of authors,2014-12-01 Conference proceedings Multidisciplinary Academic Conference on Economics Management and Marketing in Prague 2014 MAC EMM 2014 *Theory and Practice of Corporate Social Responsibility* Samuel O Idowu,Celine Louche,2011-01-06 Modern businesses and organizations understand that corporate social responsibility CSR has become an important factor for sustainable success At the same time CSR has established itself as a widely accepted element of courses in managerial training and education This book designed to support CSR teaching collects 14 essays that clearly illustrate and explain the benefits and challenges of socially responsible corporate policies Aligning theory and practice the book focuses on four central themes management environment and sustainability corporate social responsibility and accounting and financial reporting Business students and experienced managers alike will find this book a valuable resource that helps them to discover the strong forces that link successful management with corporate social responsibility *Optimal Enterprise* Mikhail V. Belov,Dmitry A. Novikov,2021-07-28 In the modern world most gross product is created within Enterprise firms project programs state agencies transnational corporations and their divisions as well as various associations and compositions of the above entities Enterprises being on the one hand complex and on the other hand widespread systems are the subject matter of cybernetics system theory operations research management sciences and many other fields of knowledge However the complexity of the system obstructs the development of mathematically rigorous foundations for Enterprise control Moreover methods of operations research and related sciences which are widely used in practice provide optimization of the constituents of an Enterprise without modeling it as a whole system But the optimization of parts does not lead to the optimality of the whole and also the absence of top down and holistic mathematical models of Enterprise contradicts the principle of holism and the system approach The approach in this book looks first at Enterprise Systems and their essential aspects as complex sociotechnical systems composed of integrated sets of structural and process models Chapters 1 and 2 A uniform description of all the heterogeneous fields of the modern Enterprise marketing sales manufacturing HR finance etc is then made and the Enterprise Control Problem is posed as a top down and holistic mathematical optimization problem Chapter 3 Original models and methods of contract theory Chapter 4 technology management Chapter 5 human behavior and human capital Chapter 6 and complex activity and resource planning Chapter 7 are developed to solve the problem Structural processes and mathematical models constitute an Optimal Enterprise Control Framework Chapter 8 that provides a practical solution

to the Enterprise Control Problem This book is a resource for postgraduate and doctoral students postdoctoral researchers and professors with research interests in the following fields of science Fundamental Complex Systems study Complex Systems Engineering Enterprise Systems Engineering Applications of Operations Research Optimization Probability and Stochastic processes to Management Science Economics and Business Theory of the Firm Business and Management general strategy leadership organization management operations management and management information systems Theory of Business Processes Business Processes Improvement and Reengineering ECIE 2020 15th European Conference on Innovation and Entrepreneurship Prof. Alessandro De Nisco,2020-09-17 The European Conference on Innovation and Entrepreneurship has been running now for 15 years This event has been held in Italy Northern Ireland France Belgium Portugal and Finland to mention some of the countries who have hosted it The conference is generally attended by participants from more than 40 countries and attracts an interesting combination of academic scholars practitioners and individuals who are engaged in various aspects of innovation and entrepreneurship teaching and research The 16th European Conference on Innovation and Entrepreneurship will be hosted by Instituto Universit rio de Lisboa ISCTE Portugal and the Conference Chair will be Florinda Matos **Business Information Sources** Lorna M. Daniells,1976-01-01 Annotated bibliography and guide to sources of information on business and management includes material relating to accounting taxation computers and management information systems insurance real estate business marketing personnel management labour relations etc International Strategy of Emerging Market Firms Andrei Panibratov,2017-03-16 Emerging economies are expected to be in the driver s seat of the global economy in the medium and long term Large multinational corporations will account for much of this activity In this textbook Andrei Panibratov explains how emerging market firms accumulate and exploit market knowledge to develop competitive advantages whilst operating globally Chapters dedicated to the key emerging economies Brazil Russia India and China BRIC are enhanced by detailed case studies of large firms activities The book is divided into four parts focusing on the following An outline of the relevant terminology and the context of the international strategy of emerging market firms providing an introductory foundation for the whole book A guide to the evolution of perspectives regarding international strategy designed to illustrate the changes and trends in the recent academic research on internationalization A country by country illustration of the internationalization of BRIC economies and firms providing an overall picture of each country s global integration outward investments and strategies The concepts and practices behind the strategies employed by different firms Written by an established international business scholar this book is essential reading for students of international strategy who wish to understand the importance of the emerging economies Journal of Economic Literature ,1996 **Joint Venture Agreements in the Qatari Gas Industry** Talal Abdulla Al-Emadi,2019-03-29 This book addresses a question of importance for both theory and practice Why are joint venture agreements preferred over other types of agreements such as concession agreements service contracts and

production sharing agreements in the Qatari gas industry On a theoretical level the author analyses this decision making process by developing an approach that integrates a micro level analysis more specifically within international oil companies with a macro level analysis that spring from the organisational culture of the Qatari gas industry At the micro level the author proposes John Dunning s eclectic paradigm as one set of theoretical ideas to explaining one element of the decision making process leading to the preference for joint venture agreements that is that of international oil companies At the macro level the author proposes Antony Giddens structuration theory as another set of theoretical ideas to explaining another part of this decision making process that is how it is being shaped by the organisational culture of the Qatari gas industry On an empirical level the proposed book applies a combination of a micro economic approach such as Dunning s eclectic paradigm with a macro sociological approach such as Giddens structuration theory by empirical investigation Grounded on a qualitative strategy that focuses on the meaning making which brings together different perspectives of this decision making process including those of international oil companies and the organisational culture of the Qatari gas industry the proposed book utilises a case study design named the case of the Qatari gas industry The author employs a triangulation of data collection techniques to access empirical data analysing official documents and semi structured interviews a sample of the interview questions are included in an appendix to the proposed books In line with the qualitative nature of this proposed book a thematic Analysis is adopted to interpret data based on Dunning s eclectic paradigm at the micro level and Giddens structuration theory at the macro level In doing so this book connects theory with practice by investigating the preference for joint venture agreements in the case of the Qatari industry by the combined application of one of the most effective frameworks for explaining foreign direct investment named Dunning s eclectic paradigm along with the most complex sociological framework that offers a rich definition of organisational culture named Giddens structuration theory Audience could include academics professionals and graduate and senior undergraduate students **Managing**
