## **Economics Of The Law Torts Contracts Property And Litigation:**

*Economics of the Law* Thomas J. Miceli,1997-01-01 The field of law and economics has matured to a point where scholars employ economic methods to understand the nature of legal rules and guide legal reform This text is a broad survey of that scholarship as it has been applied to problems in tort contracts property and litigation      *Economics of the Law* Thomas J. Miceli,1997-01-01 The field of law and economics has matured to a point where scholars employ economic methods to understand the nature of legal rules and guide legal reform This text is a broad survey of that scholarship as it has been applied to problems in tort contracts property and litigation      *Research Handbook on the Economics of Torts* Jennifer Arlen,2013-11-29 Focusing on issues of vital importance to those seeking to understand and reform the tort system this volume takes a multi disciplinary approach including theoretical economic analysis empirical analysis socio economic analysis and behavioral anal      *Theoretical Foundations of Law and Economics* Mark D. White,2009 A book length examination of the methodology and philosophy of law and economics      *Handbook of Insurance* Georges Dionne,2012-12-06 In the 1970 s the research agenda in insurance was dominated by optimal insurance coverage security design and equilibrium under conditions of imperfect information The 1980 s saw a growth of theoretical developments including non expected utility price volatility retention capacity the pricing and design of insurance contracts in the presence of multiple risks and the liability insurance crisis The empirical study of information problems financial derivatives and large losses due to catastrophic events dominated the research agenda in the 1990 s The Handbook of Insurance provides a single reference source on insurance for professors researchers graduate students regulators consultants and practitioners that reviews the research developments in insurance and its related fields that have occurred over the last thirty years The book starts with the history and foundations of insurance theory and moves on to review asymmetric information risk management and insurance pricing and the industrial organization of insurance markets The book ends with life insurance pensions and economic security Each chapter has been written by a leading authority in insurance all contributions have been peer reviewed and each chapter can be read independently of the others      [Contract Law and Economics](#) Gerrit de Geest,2010-10 This unique and timely book offers an up to date clear and comprehensive review of the economic literature on contract law The topical chapters written by leading international scholars include precontractual liability misrepresentation duress gratuitous promises gifts standard form contracts interpretation contract remedies penalty clauses impracticability and foreseeability Option contracts warranties long term contracts marriage contracts franchise contracts quasi contracts behavioral approaches and civil contract law are also discussed This excellent resource on contract law and economics will be particularly suited to contract law scholars law teachers policy makers and judges For experts in and practitioners of contract law this will be a key book to buy      **Oxford Studies in Private Law Theory: Volume III** ,2025-09-16 Oxford Studies in Private Law Theory is a biennial forum for some of the best new work in private law theory by

scholars from around the world The essays range widely over issues in general private law theory as well as specific fields including the theoretical analysis of tort law property law contract law fiduciary law trust law remedies and restitution and the law of equity OSPLT is essential reading for academic lawyers philosophers political scientists economists and historians who wish to keep up with the latest developments in the flourishing field of private law theory Volume III explores a diverse array of topics including the social function of property in a digital society corrective justice beyond private law knowledge gaps in contract law and the underlying conceptions of fiduciary law as well as broader questions about the role and responsibility of private law in relation to sustainability and the need for greater coherence in legal reasoning across legal systems This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

**Economics of the Law** Wolfgang Weigel, 2013-03 This textbook demonstrates how economic tools can be used to examine the question of how and why legal norms can effectively guide human action situating the study of both private and public law within the framework of institutional economics

*Research Handbook on Economic Models of Law* Thomas J. Micell, Matthew J. Baker, 2013-12-27 One of the great successes of the law and economics movement has been the use of economic models to explain the structure and function of broad areas of law The original contributions to this volume epitomize that tradition offering state of the art

*Handbook of Law and Economics* A. Mitchell Polinsky, Steven Shavell, 2007-11-07 Law can be viewed as a body of rules and legal sanctions that channel behavior in socially desirable directions for example by encouraging individuals to take proper precautions to prevent accidents or by discouraging competitors from colluding to raise prices The incentives created by the legal system are thus a natural subject of study by economists Moreover given the importance of law to the welfare of societies the economic analysis of law merits prominent treatment as a subdiscipline of economics Our hope is that this two volume Handbook will foster the study of the legal system by economists The two volumes form a comprehensive and accessible survey of the current state of the field Chapters prepared by leading specialists of the area Summarizes received results as well as new developments

**The Economic Approach to Law, Second Edition**, 2009 Designed specifically for economics students The Economic Approach to Law 2nd Edition provides an introductory treatment of law and economics revealing how economic principles explain the structure of the law and how they can help make the law more efficient To that end the author focuses on unifying themes in the field rather than exhaustively covering legal topics and thus provides a more analytical treatment of the subject The second edition includes current research into the economics of common law areas such as torts contracts and property law The revised text also offers a new chapter that explores how economics can be applied to anti trust law as well as added material on intellectual property This edition features an expanded suite of exercises and problems at the end of each chapter to encourage students to do law and economics A companion web site offers a full suite of resources for students and professors Key pedagogical

features include cases discussion points that provide additional analysis of topics in the book graduate notes which deepen the text for more advanced readers and relevant Web links Professors have access to sample syllabi for undergraduate and graduate courses and to an instructor's manual providing suggested answers to all of the end of chapter questions problems in the book

*Economic Analysis of Liability Rules* Satish Kumar Jain, 2014-12-01 This book focuses on the analysis of liability rules of tort law from an efficiency perspective presenting a comprehensive analysis of these rules in a self contained and rigorous yet accessible manner It establishes general results on the efficiency of liability rules including complete characterizations of efficient liability rules and efficient incremental liability rules The book also establishes that the untaken precaution approach and decoupled liability are incompatible with efficiency The economic analysis of tort law has established that for efficiency it is necessary that each party to the interaction must be made to internalize the harm resulting from the interaction The characterization and impossibility theorems presented in this book establish that in addition to internalization of the harm by each party there are two additional requirements for efficiency Firstly rules must be immune from strategic manipulation Secondly rules must entail closure with respect to the parties involved in the interaction giving rise to the negative externality i e the liability must not be decoupled

**Economic Analysis of Tort Law** Malabika Pal, 2019-09-02 This book looks at the negligence concept of tort law and studies the efficiency issue arising from the determination of negligence It does so by scrutinizing actual court decisions from three common law jurisdictions Britain India and the United States of America This volume fills a very significant gap scrutinizing 52 landmark judgments from these three countries by focussing on the negligent affliction of economic loss determined by common law courts and how these findings relate to the existing theoretical literature By doing so it examines the formalization of legal concepts in theory primarily the question of negligence determination and liability and their centrality in theories concerning tort law This book will be very helpful for students professors and practitioners of law jurisprudence and legal theory It will additionally be of use to researchers and academics interested in law and economics procedure and legal history

The Economic Approach to Law, Third Edition Thomas J. Miceli, 2017-10-17 Master teacher Thomas J Miceli provides an introduction to law and economics that reveals how economic principles can explain the structure of the law and make it more efficient The third edition of this seminal textbook is thoroughly updated to include recent cases and the latest scholarship with particular attention paid to torts contracts property rights and the economics of crime A new chapter organization ideal for quarter or semester long courses strengthens the book's focus on unifying themes in the field As Miceli tells a cohesive analytical story about law from a distinctly economic perspective exercises and problems encourage students to deepen their knowledge A companion website is available at <http://www.sup.org/economiclaw> It offers a full suite of resources for both students and professors Key pedagogical features include cases discussion points that provide additional analysis of topics in the book graduate notes which enrich the text for more advanced readers and relevant links Professors have access to sample syllabi

for undergraduate and graduate courses and an instructor's manual which provides answers to all of the end of chapter questions and problems in the book      *The New Palgrave Dictionary of Economics* ,2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product      **Economic Analysis of International Law** Eugene Kontorovich,Francesco Parisi,2016-07-29 Through original and incisive contributions from leading scholars this book applies economics and other rational choice methods to an understanding of public international law providing a bird's eye view of some of its most fundamental elements from the perspective of economics The chapters cover a range of topics beginning with the building blocks of the nation state and continuing with the sources and the enforcement of international law and its various applications and extensions The application of economic analysis to public international law is still in its formative stages and *Economic Analysis of International Law* provides a useful overview as well as setting directions for new research This volume provides a path through recent literature while identifying new areas and issues for research making it an invaluable resource for scholars of public international law      *Economic Principles of Law* Cento G. Veljanovski,2007-05-31 *Economic Principles of Law* first published in 2007 applies economics to the doctrines rules and remedies of the common law In plain English and using non technical analysis it offers an introduction and exposition of the economic approach to law one of the most exciting and vibrant fields of legal scholarship and applied economics Beginning with a brief history of the field it sets out the basic economic concepts useful to lawyers and applies these to assess the core areas of the common law property contract tort and crime with particular emphasis on their doctrinal structure and remedies This is done using leading cases drawn from the birthplace of the common law England Wales and other common law jurisdictions The book serves as a primer to the wider use of economics which has become increasingly important for law students lawyers legislators regulators and those concerned with our legal system generally

**Handbook of Public Economics** Martin Feldstein,A.J. Auerbach,2002-01-25 The Field of Public Economics has been changing rapidly in recent years and the sixteen chapters contained in this Handbook survey many of the new developments As a field Public Economics is defined by its objectives rather than its techniques and much of what is new is the application of modern methods of economic theory and econometrics to problems that have been addressed by economists for over two hundred years More generally the discussion of public finance issues also involves elements of political science finance and philosophy These connections are evidence in several of the chapters that follow Public Economics is the positive and normative study of government's effect on the economy We attempt to explain why government behaves as it does how its behavior influences the behavior of private firms and households and what the welfare effects of such changes in behavior are Following Musgrave 1959 one may imagine three purposes for government intervention in the economy allocation when

market failure causes the private outcome to be Pareto inefficient distribution when the private market outcome leaves some individuals with unacceptably low shares in the fruits of the economy and stabilization when the private market outcome leaves some of the economy's resources underutilized. The recent trend in economic research has tended to emphasize the character of stabilization problems as problems of allocation in the labor market. The effects that government intervention can have on the allocation and distribution of an economy's resources are described in terms of efficiency and incidence effects. These are the primary measures used to evaluate the welfare effects of government policy.

The Oxford Handbook of International Antitrust Economics Roger D. Blair, D. Daniel Sokol, 2015. The Handbook examines the most important issues that arise in antitrust economics. Leading scholars in the field provide detailed critical analysis of developments across a number of different antitrust topics along with a detailed review of the literature. The Handbook is invaluable as a research and teaching tool.

**Essays on New Institutional Economics** Rudolf Richter, 2015-04-29. This collection of essays comprises some of Rudolf Richter's important contributions to research on New Institutional Economics (NIE). It deals with the central idea, principles and methodology of New Institutional Economics and explores its relation to sociology and law. Other chapters examine applications of NIE to various microeconomic and macroeconomic issues in the face of uncertainty from entrepreneurship to the euro crisis.
