russell     Paying the Price of Freedom Christine Hünefeldt, 2024-06-14 Christine Hünefeldt documents in impressive moving detail the striving and ingenuity the hard won triumphs and bitter defeats of slaves who sought liberation in nineteenth century urban Peru Drawing on judicial ecclesiastical and notarial records including the testimony of the slaves themselves she uncovers the various strategies slaves invented to gain their freedom Hünefeldt pays particular attention to marriage relations and family life Slaves used their family solidarity as a strategy while slaveowners used the conflicts within families to prevent manumission The author's focus on gender relations between slaveowners and slaves as well as between slaves is particularly original Her eye for ethnographic detail and her perceptive reading of the documentary evidence make this book a rich and important contribution to the study of slavery in Latin America This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994

Liberalism in the Bedroom Christine Hünefeldt, 2010-11-01 This book tells the story of how ordinary Peruvian men and women experienced their lives and especially their marriages in a patriarchal society and how through the struggles involved in divorce women tried to defend their rights and in the process helped bring about change in society more broadly Careful examination of more than one thousand cases of conjugal suits filed in Lima's archbishopric as well as wills in notarial records allowed the author to trace over time quarreling spouses relationships attitudes and perceptions of gender life cycle race and class and to study their evolving moral expectations and the varying pace of social change The history of this marital dialogue reveals the construction of a new terminology based on liberal ideas imported from England and France that found its way into domestic life and influenced how conflicts were perceived and resolved Far from opening doors for women liberalism maintained women's inferior status but also shifted the ground on which women waged battles for survival By the end of the nineteenth century many women had concluded that basic patriarchal and Christian arrangements were a sham and they sought ways to cope within a system rife with hypocrisy This book shows how women and children made destitute by intimate tyranny challenged this tyranny by finding new means of defense and social support     **Mirages of Transition** Nils Jacobsen, 2023-09-01 This case study of the Peruvian altiplano the vast high altitude plains surrounding Lake Titicaca combines economic and social analysis with cultural and institutional history Nils Jacobsen challenges the prevailing view that the rural Andes underwent a successful transition to capitalism between the mid nineteenth and early twentieth centuries He argues that although the political economic and administrative structures of colonialism were gradually dismantled by the region's advancing market economy colonial modes of constructing power and social identity have lingered on even to this day The result of painstaking research in remote rural archives some of them now made inaccessible by the Shining Path *Mirages of Transition* will become the definitive work on the Peruvian highlands This case study of the Peruvian

altiplano the vast high altitude plains surrounding Lake Titicaca combines economic and social analysis with cultural and institutional history Nils Jacobsen challenges the prevailing view that the rural Andes underwent

**Hacienda and Market in Eighteenth-Century Mexico** Eric Van Young, 2006-06-01 This classic history of the Mexican hacienda from the colonial period through the nineteenth century has been reissued in a silver anniversary edition complete with a substantive new introduction and foreword Eric Van Young explores 150 years of Mexico's economic and rural development a period when one of history's great empires was trying to extract more resources from its most important colony and when an arguably capitalist economy was both expanding and taking deeper root The author explains the development of a regional agrarian system centered on the landed estates of late colonial Mexico the central economic and social institution of an overwhelmingly rural society With rich empirical detail he meticulously describes the features of the rural economy including patterns of land ownership credit and investment labor relations the structure of production and the relationship of a major colonial city to its surrounding area The book's most interesting and innovative element is its emphasis on the way the system of rural economy shaped and was shaped by the internal logic of a great spatial system the region of Guadalajara Van Young argues that Guadalajara's population growth progressively integrated the large geographical region surrounding the city through the mechanisms of the urban market for grain and meat which in turn put pressure on local land and labor resources Eventually this drove white and Indian landowners into increasingly sharp conflict and led to the progressive proletarianization of the region's peasantry during the last decades of the Spanish colonial era It is no accident given this history that the Guadalajara region was one of the major areas of armed insurrection for most of the decade during Mexico's struggle for independence from Spain By highlighting the way haciendas worked and changed over time this indispensable study illuminates Mexico's economic and social history the movement for independence and the origins of the Mexican Revolution

*British Trade with Spanish America, 1763-1808* Adrian J. Pearce, 2014-03-27 In this erudite and comprehensive study Adrian Pearce offers a detailed survey of British trade with Spanish America in the latter half of the eighteenth century drawing together a variety of sources and looking at all aspects of commercial activity

Ideas, Policies and Economic Development in the Americas Esteban Pérez-Caldentey, Matias Vernengo, 2007-03-29 The interplay of ideas and policies is central to understanding the historical evolution of economies Ideas shape economic institutions and real economic constraints are the source of new economic ideas The history of economic ideas both those that are fairly recent and those that are considerably older may provide a fertile ground for new appr

**The Essential History of Mexico** Philip Russell, 2015-08-20 The full text of *The History of Mexico From Pre Conquest to Present* traces the last 500 years of Mexican history from the indigenous empires devastated by the Spanish conquest through the 21st century including the election of 2012 Written in a clear and accessible manner the book offers a straightforward chronological survey of Mexican history from pre colonial times to the present and includes a glossary as well as numerous images and tables for comprehensive

**Colonialism and Postcolonial Development** James Mahoney,2010-02-15 In this comparative historical analysis of Spanish America Mahoney offers a new theory of colonialism and postcolonial development He explores why certain kinds of societies are subject to certain kinds of colonialism and why these forms of colonialism give rise to countries with differing levels of economic prosperity and social well being Mahoney contends that differences in the extent of colonialism are best explained by the potentially evolving fit between the institutions of the colonizing nation and those of the colonized society Moreover he shows how institutions forged under colonialism bring countries to relative levels of development that may prove remarkably enduring in the postcolonial period The argument is sure to stir discussion and debate both among experts on Spanish America who believe that development is not tightly bound by the colonial past and among scholars of colonialism who suggest that the institutional identity of the colonizing nation is of little consequence

**Textiles: Production, Trade and Demand** Maureen Fennell Mazzaoui,2016-12-05 This volume examines the role of textiles within the expanding global economy in the Age of European Exploration Major themes include the opening of new markets and responses to competition in the cloth trade evolving techniques and modes of production and changes in the patterns of consumption of local and imported cloth in a comparative cross cultural context

[A History of Latin America to 1825](#) ,2011-08-24 The updated and enhanced third edition of A History of Latin America to 1825 presents a comprehensive narrative survey of Latin American history from the region s first human presence until the majority of Iberian colonies in America emerged as sovereign states c 1825 This edition features new content on the history of women gender Africans in the Iberian colonies and pre Columbian peoples Includes more illustrations to aid learning over 50 figures and photographs several accompanied by short essays Concentrates on the colonial period and earlier expanding coverage of the period and incorporating more social and cultural history with the political narrative Part of The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides

a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production

**The Other Rebellion** Eric Van Young, 2002-04-01 Mexico's movement toward independence from Spain was a key episode in the dissolution of the great Spanish Empire and its accompanying armed conflict arguably the first great war of decolonization in the nineteenth century This book argues that in addition to being a war of national liberation the struggle was also an internal war pitting classes and ethnic groups against each other an intensely localized struggle by rural people especially Indians for the preservation of their communities While local and national elites focused their energies on wresting power from colonial authorities and building a new nation state rural people were often much more concerned about keeping village identities and lifeways intact against the forces of state expansion commercialization and modernization Conventional wisdom says that Mexican independence was achieved through a cross class and cross ethnic alliance between creole ideologues military leaders and a mass following This book shows that this is not only an incomplete explanation of what went on in Mexico during the decade of armed confrontation that led to Mexico's independence but also a distortion of Mexican social and cultural history The author delves deeply into life histories previously unexamined texts statistical social profiling and local historical ethnography to examine the dynamics of popular rebellion He focuses especially on Mexico's Indian villages but also considers the role of parish priests as insurgent leaders local conflicts over land politics and religious symbols the influence of messianism and millenarianism in popular insurgent ideology and the everyday language of political upheaval

**The Sausage Rebellion** Jeffrey M. Pilcher, 2006 This study of the Mexican meat industry's resistance to American processing methods illustrates one of the popular origins of the Revolution of 1910 and how Mexican butchers preserved their traditional craft
