This book presents an updated view of the Philippines focusing on thematic issues rather than a description region by region Topics include typhoons population growth economic difficulties agrarian reform migration as an economic strategy the growth of Manila the Muslim question in Mindanao the South China Sea tensions with China and the challenges of risk vulnerability and sustainable development     **Birds of the Philippine Archipelago: A Comprehensive Guide** Pasquale De Marco,2025-08-15 Birds of the Philippine Archipelago A Comprehensive Guide is the ultimate resource for birdwatchers naturalists and anyone interested in the diverse and fascinating birdlife of the Philippines This comprehensive guidebook takes readers on a journey through the archipelago s unique habitats showcasing the incredible variety of bird species found in this Southeast Asian paradise With detailed descriptions stunning photography and insightful commentary this book delves into the biology ecology and conservation status of Philippine birds From the majestic Philippine Eagle the largest eagle in the world to the tiny Luzon Bleeding heart the Philippines is home to a wide range of endemic and globally threatened species Divided into ten chapters this guide covers a wide range of topics including Endemic birds of the Philippines Important Bird Areas IBAs and birdwatching destinations The role of birds in Philippine culture and conservation Raptors wetlands and shorebirds Forest birds and island endemics The challenges facing Philippine birds and conservation strategies This book also features practical information for birdwatchers including tips for successful birdwatching advice on bird photography and a comprehensive checklist of all bird species recorded in the Philippines Whether you are a seasoned birdwatcher or simply someone with an appreciation for the natural world Birds of the Philippine Archipelago A Comprehensive Guide is an essential resource that will enrich your understanding and appreciation of the Philippines remarkable birdlife If you like this book write a review     [Handbook on Managing Nature-Based Tourism Destinations Amid Climate Change](#) Ante Mandić,Anna Spenceley,David A. Fennell,2024-07-05 This Handbook offers a comprehensive guide to sustainable practices in nature based tourism NBT focusing on the critical need to combat climate related challenges Multidisciplinary in scope it highlights innovative governance models community engagement and transdisciplinary collaboration for sustainable NBT management as well as adaptive strategies for NBT to thrive in changing climates     **The Oxford Handbook of Political Consumerism** Magnus Boström,Michele Micheletti,Peter Oosterveer,2019 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online     **The Ecotourism-Extraction Nexus** Bram Büscher,Veronica Davidov,2013-08-15 Ecotourism and natural resource extraction may be seen as contradictory pursuits yet in reality they often take place side by side sometimes even supported by the same institutions Existing academic and policy

literatures generally overlook the phenomenon of ecotourism in areas concurrently affected by extraction industries but such a scenario is in fact increasingly common in resource rich developing nations This edited volume conceptualises and empirically analyses the ecotourism extraction nexus within the context of broader rural and livelihood changes in the places where these activities occur The volume s central premise is that these seemingly contradictory activities are empirically and conceptually more alike than often imagined and that they share common ground in ethnographic lived experiences in rural settings and broader political economic structures of power and control The book offers theoretical reflections on why ecotourism and natural resource extraction are systematically decoupled and epistemologically and analytically re links them through ethnographic case studies drawing on research from around the world It should be of interest to students and professionals engaged in the disciplines of geography anthropology and development studies      **Tourism and**

**Development in Southeast Asia** Claudia Dolezal,Alexander Trupp,Huong T. Bui,2020-03-24 This book analyses the role tourism plays for sustainable development in Southeast Asia It seeks to assesses tourism s impact on residents and localities across the region by critically debating and offering new understandings of its dynamics on the global and local levels Offering a myriad of case studies from a range of different countries in the region this book is interdisciplinary in nature thereby presenting a comprehensive overview of tourism s current and future role in development Divided into four parts it discusses the nexus of tourism and development at both the regional and national levels with a focus on theoretical and methodological foundations protected areas local communities and broader issues of governance Contributors from within and outside of Southeast Asia raise awareness of the local challenges including issues of ownership or unequal power relations and celebrate best practice examples where tourism can be regarded as making a positive difference to residents life The first edited volume to examine comprehensive analysis of tourism in Southeast Asia as both an economic and social phenomenon through the lens of development this book will be useful to students and scholars of tourism development Southeast Asian culture and society and Asian Studies more generally      Green Asia Tania Lewis,2016-09-13 Economic development in Asia is associated with expanding urbanism overconsumption and a steep growth in living standards At the same time rapid urbanisation changing class consciousness and a new rural urban divide in the region have led to fundamental shifts in the way ecological concerns are articulated politically and culturally Moreover these changes are often viewed through a Western moralistic lens which at the same time applauds Asia s economic growth as the welcome revival of a floundering world economy and simultaneously condemns this growth as encouraging hyperconsumerism and a rupture with more natural ways of living This book presents an analysis of a range of practices and activities from across Asia that demonstrate that people in Asia are alert to ecological concerns that they are taking action to implement new styles of green living and that Asia offers interesting alternatives to narrow Anglo American models of sustainable living Subjects explored include eco tourism in the Philippines green co operatives in Korea the importance of tradition within Asian discourses of

sustainability and much more      **Whale Sharks** Alistair D.M. Dove, Simon J. Pierce, 2021-08-25 Whale sharks are the largest of all fishes fascinating for comparative studies of all manner of biological fields including functional anatomy growth metabolism movement ecology behavior and physiology These gentle ocean giants have captured the interest of scientists and the imagination of the public yet their future is uncertain The conservation status of whale sharks was upgraded to Endangered on the IUCN Red List and the species faces a range of intense threats from human activities Can these iconic living animals who have survived for millions of years survive us Written by the world's leading experts in whale shark biology ecology and conservation **Whale Sharks Biology Ecology and Conservation** is the first definitive volume about the world's biggest fish Chapters include discussions of satellite linked tags used to track whale shark movements genetic sequencing to examine evolutionary adaptations even the use of underwater ultrasound units to investigate the species reproduction The editors hope that by collating what is known they can make it easier for future researchers conservationists and resource managers to fill some of the remaining knowledge gaps and provide the information they need to join the team As you work your way through this book we hope that you will develop a sense of awe and marvel at all of our good fortune to share the ocean and the planet with this utterly extraordinary species      Official Gazette Philippines, 1999      **Sustainable Hospitality and Tourism as Motors for Development** Willy Legrand, Claudia Simons-Kaufmann, Philip Sloan, 2012-09-10 It is now widely agreed that the climate is changing global resources are diminishing and biodiversity is suffering Developing countries many of them considered by the World Tourism Organization to be Top Emerging Tourism Destinations UNWTO 2009 are already suffering the full frontal effect of environmental degradation The challenge for developing countries is a triple edged sword how can economic prosperity be achieved without the perpetual depletion of nature's reserves the destruction of rural habitat and the dislocation of traditional societies Many emerging nations are looking increasingly to the tourism industry as the motor for economic development with hospitality businesses at the forefront This book uses twenty five case studies to demonstrate how it is possible to create income and stimulate regional socio economic development by using sustainable hospitality and tourism attractions These case studies focus on issues such as the protection of indigenous cultures as a source of touristic curiosity the preservation of the environment and the protection of endangered species such as the plight of turtles in Sri Lanka or butterflies in Costa Rica to encourage tourism Some cases cover government supported projects for example the green parks venture and regional tourism development in the Philippines an archaeological park initiative in Honduras and the diversity of nature tourism in St Vincent **Sustainable Hospitality and Tourism as Motors for Development** is designed to give students academics and practitioners a guide for best practices of sustainable hospitality operations in developing countries Based on case studies it provides a road map of how to achieve the goals of sustainability giving benchmark examples The book not only taps into a contemporary business subject but aims to provide readers with a better understanding of how sustainable theories can be put into practice in hospitality and tourism

industries in developing countries      **Legal-Economic Institutions, Entrepreneurship, and Management** Nezameddin Faghieh, Ali Hussein Samadi, 2021-04-07 The study of dynamics of institutional change in emerging markets are subjects of great interest in contemporary political economy The dynamics and quality of institutional change can have significant impacts on the long run performance of economies economic growth and development of nations and play a fundamental role in societies It provides a comprehensive understanding of legal economic institutions and sheds light on the way to global peace by producing a better understanding of the dynamics of historical change Topics range from institutional uncertainty hybrid market order and labor market institutions to good governance of institutions and WTO rules as trade institutions as well as entrepreneurship and institutional change in emerging markets and the role of modern technologies This edited volume emphasizes legal economic institutions and the role of management and entrepreneurship on dynamics trends and implications of institutional change in emerging markets Presenting research articles by eminent scholars and experts engaged in education and research who address and discuss the most recent issues in the field they reveal new insights into the dynamics of institutional change for researchers interested in development of new theories and comparative studies especially in the era of emerging markets The book is appealing to a wide range of global audience can serve as a useful reference work in education and research offers innovative and productive discussions and can satisfy scholarly and intellectual interests regarding institutional development and a broad spectrum of its interactions with functioning of markets and economies      *Canopy International* ,2002      *Tourism in the Green Economy* Maharaj Vijay Reddy, Keith Wilkes, 2015-06-05 The concept of the green economy has now entered mainstream policy debates and been endorsed by a range of United Nations and other organizations The Rio 20 UN conference specifically drew attention to the green economy approach in the context of sustainable development to move away from business as usual practices act to end poverty address environmental destruction and build a bridge to the sustainable future It is increasingly recognized that the tourism sector can make a major contribution to the green economy through more sustainable practices climate change mitigation and ecotourism The role of tourism sector will continue to be crucial in the post 2015 sustainable development agenda too However there are ambiguities about how tourism and allied industries can maximize their contribution to human well being and ensure environmentally sustainability embracing issues of political economy geography and business ethics In this context this book provides consensus about what the green economy entails what role tourism can play in a green economy early responses from many countries on going and emerging research initiatives that will enable tourism s transition to a green economy The chapters address three key themes understanding the Green Economy concept and the role of tourism responses and initiatives in greening tourism and emerging techniques and research implications A wide range of case studies from around the world and in different contexts is included to demonstrate the extent of the challenge and range of opportunities for the tourism industry
