Ecotourism: A Guide For Planners And Managers Kreg Lindberg, 1999 Quality Assurance and Certification in Ecotourism Rosemary Black, Alice Crabtree, 2007

Genuine ecotourism can have many positive impacts particularly the conservation of biodiversity and cultural heritage and the creation of economic opportunities for local communities While promoting these it aims to eliminate negative impacts such as environmental degradation cultural commoditisation and playground effects Unfortunately the concept is broadly misunderstood and its true definition is widely debated It is often used as a marketing tool with some operators taking advantage of the ecotourism label to attract more business while behaving in environmentally irresponsible ways This book considers the important topic of quality control and accreditation in ecotourism describing the mechanisms that can be implemented to ensure quality in all aspects of the industry namely protected areas businesses products and tour guides International Handbook on Ecotourism Roy Ballantyne, Jan Packer, 2013-01-01

Roy and Jan have assembled a timely snapshot of our current understanding of ecotourism both as a concept worthy of scientific inquiry and as an increasingly significant segment of global commerce and industry A terrific piece of work Sam Ham University of Idaho US In the 30 or so year since it became established in the tourism literature and in tourism practice ecotourism has attracted as many proponents as opponents This Handbook now brings together some of the leading scholars worldwide in this field to explore the current position of this form of tourism In doing so it offers serious critiques it explores meanings and paradoxes it offers best practices and it looks to the future It is the Handbook for one of tourism's fastest growing and controversial sectors David Airey University of Surrey UK This is a most welcome and needed book With a very strong editorial team and contributing authors the Handbook covers all the key issues of ecotourism It cuts through the confusion surrounding the much misunderstood concept of ecotourism clearly dealing with definitions concepts and research issues The Handbook is particularly welcome for its focus on the visitor experience a strength of the editors and for clearly linking the theory of ecotourism with practice in the field Christopher Cooper Oxford Brookes University UK This Handbook brings together contributions from over forty international experts in the field of ecotourism It provides a critical review and discussion of current issues and concepts it challenges readers to consider the boundaries of what ecotourism is and could be The Handbook provides practical information regarding the business of ecotourism insights into ecotourist behaviour and visitor experiences and reflections on the practice of ecotourism in a range of different contexts The Handbook is designed to be a valuable reference book for tourism scholars and researchers **Tourism, Recreation, and Sustainability** Stephen F. McCool, R. Neil Moisey, 2008

Primate Tourism Anne E. Russon, Janette Wallis, 2014-09-11 This book considers primate tourism as a primate conservation tool weighing its effects and developing informed guidelines for ongoing and future tourism ventures

Sacred Natural Sites Bas Verschuuren, Robert Wild, Jeffrey Mcneely, Gonzalo Oviedo, 2012-06-25 Sacred Natural Sites are the world's oldest protected places This book focuses on a wide spread of both iconic and lesser known examples such as sacred groves of the Western Ghats India Sagarmatha Chomolongma Mt Everest Nepal Tibet and China the Golden Mountains of Altai Russia Holy Island of Lindisfarne UK and the sacred lakes of the Niger Delta Nigeria The book illustrates that sacred natural sites although often under threat exist within and outside formally recognised protected areas heritage sites Sacred natural sites may well be some of the last strongholds for building resilient networks of connected landscapes They also form important nodes for maintaining a dynamic socio cultural fabric in the face of global change The diverse authors bridge the gap between

approaches to the conservation of cultural and biological diversity by taking into account cultural and spiritual values together with the socio economic interests of the custodian communities and other relevant stakeholders

Nature-Based Tourism in Mallorca's Natural Areas Luisa Wolter, 2013-12-05 Luisa Wolter examines the travel motivations and interests of natural park visitors to Mallorca with a special focus on sustainable tourism development The data for the study were collected from tourists in the two natural parks s Albufera and Llevant in the North of Mallorca Based on the results of the analysis natural area managers can develop new products and marketing strategies that address their very own visitors contribute to the sustainable development of their region and influence the visitors views and behaviors by raising environmental awareness

Nature Tourism, Conservation, and Development in Kwazulu-Natal, South Africa Bruce A. Aylward, Ernst Lutz, 2003 This publication considers environmental social and economic issues concerning the development of nature tourism Using KwaZulu Natal in South Africa as a case study it highlights the benefits and trade offs in promoting and managing sustainable nature tourism development and examines how to promote the objectives of economic growth poverty reduction and conservation Three key issues are explored the need to move beyond development of a wildlife industry to the creation of a true nature tourism economy that supports biodiversity the role of the private sector in achieving equitable development and job creation while generating conservation finance and alternative pricing and other market mechanisms to encourage the growth and economic viability of nature tourism

The Ethics of Tourism Development Mick Smith, Rosaleen Duffy, 2003 Drawing upon a variety of important philosophical traditions this book develops an original perspective on the relations between ethical economic and aesthetic values in a tourism context It considers the ethical political issues arising in many areas of tourism development including the profound cultural and environmental impacts on tourist destinations the reciprocity or lack of in host guest relations the un fair distribution of benefits and revenues the moral implications of issues such as sex tourism staged authenticity and travel to oppressive regimes The book concludes with a detailed investigation of the potential and pitfalls of ecotourism sustainable tourism and community based tourism as examples of what is sometimes termed ethical tourism Until now the ethical issues that surround tourism development have received little academic attention Explaining philosophical arguments without the use of excessive jargon this fascinating book interweaves theory and practice aided by the use of text boxes to explain key terms in ethics politics and tourism development and drawing on contemporary case studies from South Africa Mexico Zambia Honduras Ethiopia and Madagascar
