Ecology Crafts For Kids 50 Great Ways To Make Friends With Planet Earth:

Ecology Crafts for Kids Bobbe Needham,1998 Provides instructions for a variety of craft activities using recycled materials or items from nature and teaching a respect for the environment **Ecology Crafts for Kids** Bobbe Needham,1999-04-01 Provides instructions for a variety of craft activities using recycled materials or items from nature to teach respect for the environment *EcoKids* Dan Chiras,2005-06-01 To forge a sustainable future we need citizens who care for the Earth We need citizens who understand that planet care is the ultimate form of self care But we also need generations who live according to their values and convictions and who can effect positive change in their lives and the lives of others Because public schools and the popular media cannot be counted on to produce an Earth friendly citizenry the task falls to parents Yet even aware parents often lack the understanding and resources to take on such a task EcoKids addresses this gap by presenting a coherent plan that will help parents foster love for nature teach children the importance of environmental protection and promote environmental values and inspire action actions that will last a lifetime A hopeful and inspiring guide for parents topics covered include ways to avoid gloom and doom in favor of positive solutions foster love and empathy for nature develop environmental values put values into action help children discover the roots of problems and be part of lasting solutions walk the talk counter the consumer culture starting in your own home and community generate hope and combat apathy Each chapter includes an inspiring case study of a child who s making a difference short pieces that highlight serious problems such as global warming along with positive solutions that can be read aloud to children and activities for children A resource guide lists helpful books articles videos and organizations **Living Simply with Children** Marie Sherlock,2010-05-26 Raising children ranks as one of life s most rewarding adventures Yet between Mom and Dad working full time jobs endless carpooling of overscheduled youngsters and the never ending pressures to buy and consume family life can be incredibly needlessly complex What if you could find a way to spend more time with your children replace unnecessary activities with meaningful ones and teach your children an invaluable life lesson in the process Living Simply with Children offers a realistic blueprint for zeroing in on the pleasures of family life How and why to live simply and find more time to be with your children Activities and rituals that bring out the best in every family member Realistic ways to reclaim your children from corporate America Helping children of any age deal with peer pressure Raising kids who care about people and the planet How to focus on the good stuff with less stuff Including sections on limiting television environmentally friendly practices celebrating the holidays and tapping into the growing community of families who embrace simplicity this inspiring guide will show you how to raise children according to your own values and not those of the consumer culture as you enjoy both quality and quantity time with your family *Discovering Careers for Your Future* Ferguson,2009 **Integrating Literature in the Content Areas** Sharon Kane,2017-05-12 This practical accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms while

also addressing content area standards and improving the literacy skills of their students Two introductory chapters are followed by five chapters that each cover a different genre Chapter 3 Informational Books Chapter 4 Fiction Chapter 5 Biography Autobiography and Memoir Chapter 6 Poetry and Chapter 7 How to and Hands on Books Each genre chapter consists of four parts Part 1 Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills Part 2 Offers hands on instructional strategies and activities using literature with activities for use in a variety of disciplines Part 3 Presents individual author studies three or four per chapter with bibliographies and guidelines for using the authors books in content area courses Part 4 Features an annotated bibliography of specially selected children and young adult literature for that genre organized by content area The annotations provide information about the book which can be used to prepare booktalks and teaching ideas for using in a specific content area Altogether these sections contain more than 600 annotated entries tabbed by subject area including art English language arts languages and culture math and technology music PE health science and social studies history **Nature**

Ferguson,2010 Describes the education training earnings and outlook associated with twenty careers in nature including biologists botanists ecologists environmental engineers geologists and oceanographers **What Kids Really Want That**

Money Can't Buy Betsy Taylor,2004 Offers practical tips for raising healthy children in a commercial world based on the results of an art and essay contest in which kids were asked what they want that money cannot buy **The Living Earth ,**

Tips for Going Green Alicia Marie Smith,2007-07-15 The news is out and it is not good If we do not get serious about the environment about going green and protecting the world in which we live the consequences are dire Oh you say you cannot do much about this huge problem you are just one person The government and big business needs to take on this responsibility Well that is bunk and every thinking person knows it says author and environmentalist Alicia Marie Smith What it does take is a bit of time commitment and some thoughtful decisions about the products you buy what you do with them when they are used up and how you think and feel about the entire process of going green If whole cities are doing it surely each person can make small efforts in this crucial battle with junk bad environmental policies and the so called inconveniences of going and staying green Get involved get committed get educated Join the most important movement of the 21st century and become a citizen of the world in your own little way Fifty plus one Tips for Going Green is easy

accessible and fun Book Review Digest ,2008 **Teaching Children Science** Joseph Abruscato,2000 This revision of a very successful science methods text includes coverage of methods activities and science content Teaching Children Science presents current ideas about teaching children science in a motivating engaging style that will positively draw students towards the teaching of science to young children There are nine basic science teaching methods chapters and three potentially free standing parts that focus respectively on how to teach Earth Space Life and Physical Science content Each of these three parts has a lesson and unit plan followed by chapters that provide science content and chapters that contain

activities and demonstrations for children Through its structure writing style and attention to contemporary issues this volume serves as an important resource in teaching students to create science experiences within the context of discovery learning thereby providing students with the necessary skills and knowledge to fully comprehend that they will be teaching children science not the other way around For readers with an interest in science and perhaps drawing children to the teaching of science as a career choice **Children's Literature in the Elementary School** Charlotte S. Huck, Barbara Zulantz Kiefer, 2004 Accompanying CD ROM contains McGraw Hill children s literature database a student study guide and practical resources **Science Scope** ,2001 **American Book Publishing Record** ,1998 Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 **The New 50 Simple Things Kids Can Do to Save the Earth** Sophie Javna, EarthWorks Group, 2009-03-01 In The New 50 Simple Things Kids Can Do to Save the Earth Sophie and John have revised the original best selling book for a concerned and vibrant Web 2 0 youth market It s easy to do and kid friendly projects show that kids can make a difference and each chapter is packed with tons of links to groups and resources What makes this book stand out though is that it doesn t just inform kids it encourages them to make a difference by providing them their friends and their families the tools to take action Together John and Sophie enlighten educate and encourage our children with easy and smart ways to save the earth Pretty darn cool huh We thought so What you can do Order now and help save the only earth we ve got Mother Earth needs our help now **Clearing** ,2003 **Green Teacher** ,2003

Everyday Mathematics ,2004 Contains easy to follow three part daily lesson plans This assists teachers in focusing on lesson objectives providing ongoing practice for all students and addressing individual student needs for a variety of populations A unit organizer provides learning goals planning and assessment support content highlights a materials chart suggestions for problem solving cross curricular links and options for individualizing Each guide is grade level specific
