Economic Congame Development Fact Or Fiction:

Structural Transformation Piya Mahtaney, 2021-03-09 The book presents a comprehensive and incisive analysis of Structural transformation which is among the most relevant and crucial themes of contemporary economics Structural transformation is the edifice that is the basis of the next phase of economic transformation The book demonstrates that structural transformation cannot be shoe horned into a single point formula it is not merely about achieving a double digit growth rate nor it is achieved by an overarching emphasis on rapid technological advancement Based on empirical evidence pertinent to developed and developing nations and present imperatives the book provides a comprehensive elucidation that structural transformation will be profoundly determined by the empirics of investment Innovation and Institutions **The Economic Con-game** Piya Mahtaney, 2002 Through a narrative of the misconceptions and misconstrued notions that have blinkered economic judgement for decades Piya Mahtaney argues that the underpinnings of economic terrorism are embodied in the stark contrasts between unbridled affluence ensconced in minuscule enclaves and unrelenting endemic poverty We may finally have arrived at the crux of contemporary economics which impinges not so much on evaluating the commercial profitability of globalisation as it does on examining two distinct possibilities that will decide the economic destiny for a long time to come Either globalism can result in development or it cannot If it can although so far it hasn't then its limitations have to be surmounted and if its purview does not extend beyond tactical commercialism then the immense hype about it in recent years is meaningless Is there a crisis of imagination or are there deeper issues at stake In answering this crucial question Mahtaney looks at the dilemmas and paradoxes that befuddle strategic thinking on the subject and in so doing reveals a sinister fact there exists a crisis of implementation that is perpetrated by a medley of vested interests which deliberately flout the rulebook of sound economics to make decisions that benefit the superstructure and adversely impact the majority of us BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Bibliographic Index*, 2005 *Bibliographic Index*, 2006 *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 *The Forty Year Con Game* Dr. Michael B.
