Institute of East Asian Studies, 1982 *Soviet Foreign Policy and Southeast Asia (Routledge Revivals)* Leszek Buszynski, 2013-09-13 This book focuses on the activity of the Soviet Union in Southeast Asia and the effects of Soviet policy on the region from 1969 to the time of first publication in 1986 In particular Leszek Buszynski examines the rivalry between the Soviet Union and China Soviet presence in Vietnam and the responsive efforts of surrounding regions towards collective security U S policy in the region is a key consideration particularly in terms of American attempts to placate China and encourage Japan to assist in the defence of the region With a concluding assessment of regional trends and possible outcomes this is an important and valuable work for students and scholars with an interest in the history and politics of international diplomacy in Southeast Asia *Southeast Asia And The Enemy Beyond* Robert O. Tilman, 2019-07-11 This book explores elite perceptions of the external threats facing the members of the Association of Southeast Asian Nations ASEAN drawing on Dr Tilman s interviews with senior political military and intellectual leaders in Indonesia Malaysia the Philippines Singapore and Thailand He supplements his interviews with an examination of their writings speeches and other public statements which he examines in the context of the history geography culture and governmental structures of each country He addresses the fundamental questions of the extent to which these perceptions differ and why His focus throughout is on subjective reality the world as it is perceived by the leadership of the ASEAN nations **The Diplomatic Ideas and Practices of Asian States** , 2021-11-22 Asia has emerged as the centre of international conflict and change in the post war era In Europe the post cold war approach is to adjust East West power relationships without disturbing the territorial status quo and to conduct foreign policy according to classical European principles of compromise and compensation Asians are newcomers in world affairs Asian diplomatic traditions differ from European ones and there are many border disputes and power rivalries The idea of Asia was created by Europeans for Europeans and it led to Western dominance of Asia From colonial subjects Asians have become important players in military economic and diplomatic affairs To understand the Asian dimension of contemporary world affairs we need to take a fresh look at Asian diplomatic ideas and practices This volume brings together recognised experts to explain the imperatives and external policies of different types of Asian states *India and Southeast Asia (Routledge Revivals)* Mohammed Ayoob, 2013-01-11 This title first published in 1990 provides a close contextual analysis of how influential Indian policy makers have perceived India s interests within the ASEAN region since Indian independence in 1947 Placing these perceptions in the context of India s broad strategic and foreign policy framework Ayoob analyses the policies which had emerged by the close of the 1980s and stresses the close link between the futures of the two regions Including a thorough analysis of superpower involvement as well as Indian relations with Indonesia Vietnam and Cambodia this is a comprehensive
