

The background of the book cover is a painting. It depicts a cowboy in a light-colored shirt and a wide-brimmed hat, riding a dark horse that is bucking. A large, detailed head of a wild animal, possibly a bison or a large bear, is superimposed over the horse's body. The animal's head is brown and textured, with a large, dark eye and a wide, open mouth showing sharp teeth. The animal's fur is dark and shaggy. The cowboy is holding onto the animal's head with both hands. The background is a light blue sky with some clouds.

**Edward Borein, Cowboy Artist** Harold G. Davidson, Edward Borein, 1974-01-01      **Edward Borein** Harold G. Davidson, 2011-12 John Edward Borein 1872 1945 was the oldest of five children born into a politically inclined family in San Leandro then a Western cow town on the main northern California cattle trail not far from Oakland The constant stream of cattle and vaqueros moving through his hometown had a powerful effect on the young Borein who began to sketch these men and animals when he was but five years old Borein's artistic bent was encouraged by his family and after grade school he briefly enrolled at the San Francisco Art Association School leaving to become a working cowboy himself For several years the artist combined the two occupations becoming a skilled and prolific sketcher of the Old West and its life A move to New York in 1907 helped to cement his reputation as an artist Like his good friend Charles M Russell Borein stands today as one of the most artistically gifted and intellectually honest chroniclers of the American West and a way of life that has now passed almost completely away A master at portraying cowboys Indians and Western life and work his early work documented the transition from Spanish to American influence in California He continued to paint Western scenes until the end of his life The fine sketches etchings drawings and watercolors of this self taught artist come to life in this book      *Vaqueros, Cowboys, and Buckaroos* Lawrence Clayton, Jim Hoy, Jerald Underwood, 2010-06-28 Herding cattle from horseback has been a tradition in northern Mexico and the American West since the Spanish colonial era The first mounted herders were the Mexican vaqueros expert horsemen who developed the skills to work cattle in the brush country and deserts of the Southwestern borderlands From them Texas cowboys learned the trade evolving their own unique culture that spread across the Southwest and Great Plains The buckaroos of the Great Basin west of the Rockies trace their origin to the vaqueros with influence along the way from the cowboys though they too have ways and customs distinctly their own In this book three long time students of the American West describe the history working practices and folk culture of vaqueros cowboys and buckaroos They draw on historical records contemporary interviews and numerous photographs to show what makes each group of mounted herders distinctive in terms of working methods gear dress customs and speech They also highlight the many common traits of all three groups This comparative look at vaqueros cowboys and buckaroos brings the mythical image of the American cowboy into focus and detail and honors the regional and national variations It will be an essential resource for anyone who would know or portray the cowboy readers writers songwriters and actors among them      *One West, Two Myths II* Robert Thacker, C. L. Higham, 2006 Presents scholarly views on the comparison of the Canadian and American Wests and the various methodologies involved      *Charles M. Russell* Raphael James Cristy, 2004 Well known for his sketches paintings and sculptures of the Old West Charles M Russell 1864 1926 was also an accomplished author in the humorous genre known as local color Raphael Cristy sorts Russell's writings into four general categories serious Indian stories men encountering wildlife cattle range characters and nineteenth century westerners facing twentieth century challenges Russell's art is often

misinterpreted as mere longing for a fading open range west but his writings tell a different story Cristy shows how Russell amused his peers with stories that also delivered sharp observations of Euro American suppression of Indians and humorous treatment of wilderness and range issues plus the emergence of women and urbanization as bewildering agents of change in the modern West A welcome departure from the usual biographies and coffee table volumes on Russell and his art Cristy deals with an important yet relatively unexplored aspect of the career of one of the most influential interpreters of the American West Byron Price Director C M Russell Center for the Study of Art *Art Books, 1950-1979* R.R.
