The Friend ,1842 Can Poetry Save the Earth? John Felstiner, 2009-04-01 In forty brief and lucid chapters Felstiner presents those voices that have most strongly spoken to and for the natural world Poets from the Romantics through Whitman and Dickinson to Elizabeth Bishop and Gary Snyder have helped us envision such details as ocean winds eroding and rebuilding dunes in the same breath wild deer freezing in our presence and a person carving initials on a still living stranded whale **The Family friend [ed. by R.K. Philp]**. Robert Kemp Philp, The Bristol Temperance Herald ,1851

conclusion that Frost was a monster In Love and Need The Life of Robert Frost s Poetry Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet Irish Company Friedhelm Rathjen,2021-01-27 22 essays and notes on Joyce Beckett cycling walking Wicklow Connemara Molly Bloom horses cattle trivia totality translation migration ashplants annotations long ways short cuts connections distractions **The Poetry of Clare, Hopkins, Thomas, and Gurney** Andrew Hodgson,2019-12-31 This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potentially individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry **Robert Frost** Lesley Lee Francis,2017-09-29 In this volume Lesley Lee Francis granddaughter of Robert Frost brings to life the Frost family s idyllic early years Through their own words we enter the daily lives of Robert known as RF to his family and friends his wife Elinor and their four children Lesley Carol Irma and Marjorie The result is a meticulously researched and beautifully written evocation of a fleeting chapter in the life of a literary family Taught at home by their father and mother the Frost children received a remarkable education Reared on poetry nurtured on the world of the imagination and instructed in the art of direct observation the children produced an exceptional body of writing and artwork in the years between 1905 and 1915 Drawing upon previously unexamined journals notebooks letters and the little magazine entitled The Bouquet produced by the Frost children and their friends Francis shows how the genius of Frost was enriched by his interactions with his children Francis depicts her grandfather as a generous devoted and playful man with a striking ability to communicate with his children and grandchildren She traces the family s adventures from their farm years in New Hampshire through their nearly three years in England This enchanting

evocation of the Frost family's life together makes more poignant the unforeseen personal tragedies that would befall its members in later years **Hearings** United States. Congress. House. Committee on Immigration and Naturalization, 1931
