What rights, powers, responsibilities and other contemporary and historical experiences can enhance the effectiveness of the board especially in the particular contexts of developing and emerging markets? What socio-economic, political, regulatory and institutional factors influence the effectiveness of the board and how can the policies and practices of such actors exert such influences? In what ways can a reconstructed concept of the board serve as a tool for theoretical, analytical, regulatory and pragmatic assessment of its effectiveness? In examining this issue, *Enhancing Board Effectiveness* will investigate theoretical, socio-economic, historical, empirical, regulatory, comparative and inter-disciplinary approaches. Academics in the relevant fields of accounting, behavioural psychology, economics, development studies, financial regulation, law and management, organizational studies, political economy and public administration will find this book of high interest. *The Board of Directors of Cooperatives* Leon Garoyan, Paul Orlander Mohn, 1985. *How to Make Boards Work* A.
