Charter **The Habsburg Empire under Siege** Georg B. Michels, 2021-03-10 During the seventeenth century Hungary's diverse population of peasants, townsmen, soldiers and county nobles rose up against the violent imposition of the Counter Reformation, the Habsburg military occupation and exorbitant war taxes. In *The Habsburg Empire under Siege* Georg Michels explores the little-known grassroots revolts that threatened the Habsburgs' hold over the Hungarian borderlands. Based on extensive research in Hungarian, Austrian and Dutch archives, this revisionist study shifts attention away from high politics, diplomacy and military confrontation to the popular revolts that took place during the two decades before the 1683 siege of Vienna. Michels reveals a complex environment in which Calvinist Hungarians, Lutheran Slovaks, Lutheran Germans and Orthodox Ukrainians worked to defend their religion against brutal Habsburg Counter Reformation campaigns. Challenging preconceived notions of European, Middle Eastern and East European history, this book tells a dramatic story of Reformation and Counter Reformation violence, covering proxy wars, guerrilla warfare, refugee flight, migration from Hungary into Ottoman territory and largely unknown Christian-Muslim encounters. Offering a trans-imperial perspective that reassesses the complex relationship between Hungarians, Habsburgs and Ottomans, *The Habsburg Empire under Siege* portrays the resistance of ordinary men and women and their hopes for liberation from Habsburg oppression, reclaiming their place in history.

Proper Peasants E. Fel, *Tokaji Wine* Miles Lambert-Gócs, 2010-11-01 The world's first botrytis wine, Hungary's Tokaji, won an enviable reputation centuries ago but never before have the development of its wine types and the story of its ups and downs in fame and prestige been presented so fully in English. Relying on an array of Hungarian source materials, author Miles Lambert-Gócs sets the information out in encyclopedia fashion with easily digested A to Z entries that discuss the people, places, vineyard tracts, grape varieties and wine making associated with this wine. Besides being an outstanding reference work, *Tokaji Wine* is sprinkled with fascinating notes and bacchic humor that make it a delight to read.

Assimilation and Community Jonathan Frankel, Steven J. Zipperstein, 2004-03-18 A thorough reassessment by fourteen leading historians of the supposed period of Jewish assimilation. *The Nitrian Principality: The Beginnings of Medieval Slovakia* Ján Steinhübel, 2020-12-15 How and when a west Slavic principality centred on Nitra originated in the middle Danube is a key question of medieval East Central Europe. In this book Ján Steinhübel reconstructs the origins, history and expansion of this Nitrian Principality. Based on contemporary sources and extensive historical and archaeological literature, he traces the development of the land for 640 years (470-1110). The book illuminates Nitrian development since the decline of the Avars, its short period of independence in 9th century and later its incorporation to Great Moravia and Hungary respectively. It argues that Nitrian Principality laid the national territorial and historical foundations of Slovakia. *Attila - the quest for the Sword of Mars* M. Traugott Huber, 2024-08-15 The Huns are part of Europe's rich history. The direct Hunnic impact on Europe as it stood around 370 was massive. Attila is one of the few names from antiquity that is still instantly recognised. Three famous experts on the Huns: Otto Maenchen Helfen (1973), Edward Thompson (1948, 1996) and Mischa Meier

2020 contributed significantly to our knowledge but they failed to answer the five most important questions on Attila and the Huns Which was the native country of the Huns Where are the capitals and tombs of Attila s royal ancestors Uldin Charaton and Ruga Where did Attila s decisive Battle of the Catalaunian Plains really take place Where is Attila s lost capital Where is Attila s legendary tomb with his fabled Sword of Mars This book provides answers to each of these five questions while also solving other mysteries the identity of the enigmatic river Drecon the name of the village of Attila s sister in law and the true course of Attila s Gallic campaign in 451 and his Italian campaign in 452 **Hungarian Heritage** ,2004
