Unexpected Links Between Egyptian And Babylonian Mathematics Joran Friberg, 2005-06-22 Mesopotamian mathematics is known from a great number of cuneiform texts most of them Old Babylonian some Late Babylonian or pre Old Babylonian and has been intensively studied during the last couple of decades In contrast to this Egyptian mathematics is known from only a small number of papyrus texts and the few books and papers that have been written about Egyptian mathematical papyri have mostly reiterated the same old presentations and interpretations of the texts In this book it is shown that the methods developed by the author for the close study of mathematical cuneiform texts can also be successfully applied to all kinds of Egyptian mathematical texts hieratic demotic or Greek Egyptian At the same time comparisons of a large number of individual Egyptian mathematical exercises with Babylonian parallels yield many new insights into the nature of Egyptian mathematics and show that Egyptian and Babylonian mathematics display greater similarities than expected

A Polish Woman's Experience in World War II Irena Protassewicz, 2019-02-07 This hitherto unpublished first hand witness account written in 1968 9 tells the story of a privileged Polish woman whose life was torn apart by the outbreak of the Second World War and Soviet occupation The account has been translated into English

from the original Polish and interwoven with letters and depositions and is supplemented with commentary and notes for invaluable historical context Irena Protassewicz's vivid account begins with the Russian Revolution followed by a rare insight into the life and mores of the landed gentry of northeastern Poland between the wars a rural idyll which was to be shattered forever by the coming of the Second World War Deported in a cattle truck to Siberia and sentenced to a future of forced labour Irena's fortunes were to change dramatically after Hitler's attack on Russia She charts the adventure and horror of life as a military nurse with the Polish Army on a journey that would take her from the wastes of Soviet Central Asia through the Middle East to an unlikely ending in the highlands of Scotland The story concludes with Irena's search to discover the wartime and post war fate of her family and friends on both sides of the Iron Curtain and the challenges of life as a refugee in Britain A Polish Woman's Experience in World War II provides a compelling personal route into understanding how the greatest conflict of the 20th century transformed the lives of the individuals who lived through it Amnesiac President and Celebrity Wife Luo Shuyueying, 2020-01-20 She was an unfavoured Second Miss the cold and aloof CEO of the Ming family A glass of wine at the wedding she wandered into the bridal chamber he was forced to marry a woman he did not love Nian Nian wanted him to remember the past but he deliberately tried to get rid of her Divorce We have no love When he treated her coldly he injured her body time and time again When she was in despair he felt a stab of pain in his heart When he returned with Little Princess four years later he was in hot pursuit Soft words coaxed each other as she held her fingers together outside the house Where she and the child would go Recollections of an Egyptian Princess, by Her English Governess Ellen Chennells, 1893 *Football in the Middle East* Abdullah Al-Arian, 2022-09-01 Far and away the most popular sport in the world football has a special place in Middle Eastern societies and for Middle Eastern states With Qatar hosting the 2022 FIFA World Cup this region has been cast into the global footballing spotlight raising issues of geopolitical competition consumer culture and social justice Taking an interdisciplinary approach this book examines the complex questions raised by the phenomenon of football as a significant cultural force in the Middle East as well as its linkages to broader political and socioeconomic processes The establishment of football as a national sport offers significant insight into the region's historical experiences with colonialism and struggles for independence as well as the sport's vital role in local and regional politics today whether at the forefront of popular mobilizations or as an instrument of authoritarian control Football has also served as an arena of contestation in the formation of national identity the struggle for gender equality and the development of the media landscape The twelve contributions to this volume draw on extensive engagement with the existing body of literature and introduce original research questions that promise to open new directions for the study of football in the Middle East **Global Perspectives on US Democratization Efforts** Sally Burt, Daniel Añorve Añorve, 2016-08-19 This edited volume follows up from *Global Perspectives on US Foreign Policy From the Outside In* in providing unique perspectives on US foreign policy from citizens of countries affected This approach allows the voices of
