Literature of the Western World Brian Wilkie, James Hurt, 1997 The most comprehensive best selling anthology of its kind the second volume in this two part survey enables leaders to choose among the most important canonical and less familiar texts of the Western literary tradition in Europe and the Americas It offers complete texts whenever possible uses the best translations of foreign language material and when appropriate presents more than one text by each author Volume Two provides detailed historical and biographical notes and introductions to the later literary periods including Neoclassicism and Romanticism Realism and Naturalism and Modern and Contemporary *Saturday Review*, 1965 Isak Dinesen Olga Anastasia Pelensky, 1993 This historical overview of criticism of the famous Danish writer is the first such collection available in English Composed of selections from major critics and scholars both here and abroad including Aage Henriksen Eudora Welty Curtis Cate Abdul JanMohamed and Lionel Trilling among others Isak Dinesen would have suited the self absorbed artist who so delighted in being continually appropriated and invented within different forms of critical discourse that it became a source of amusement and distraction for her For us it is a reminder that literary works and their authors must yield gracefully to critical shaping for a literary reputation to take on a life of its own To watch the unfolding of reputation under such continual reinvention becomes high literary spectacle Readers of this collection will witness a major twentieth century writer emerge from the judgments imposed by various critical schools in vogue from the early 1950s *T*
