your knowledge of witchcraft From candle magick to spell jars to ritual baths and more The Tarot Spellbook utilizes spellwork of all kinds to truly aid you in expanding your magickal practice on all fronts **The Eight of Swords, Etc** John Dickson CARR,1961 *The Magical Tarot of the Golden Dawn* Chris Zalewski,Pat Zalewski,2019-01-22 The last word on the tarot of the Golden Dawn this veritable encyclopedia covers every aspect of the cards The authors stress experimentation with the tarot which is a mark of a vibrant magical system The descriptions of each tarot card are very reliable and very complete Of particular interest are the alchemical associations and the authors work on the gematria or numerology of each card For the first time a complete alchemical system is given for the whole deck There is also a good deal of added astrological information and divinatory meanings and interpretations Several excellent suggestions for studying and meditating on the cards are provided by the authors This book is a balanced combination of both historical and new material presented by the Zalewskis that stands firmly rooted in Golden Dawn teachings and ritual practice There are many interesting new innovations in this book Fully illustrated by Golden Dawn member and professional artist Skip Dudchous this new 2019 edition has been completely re edited and re formatted for ease of reading It will be an invaluable resource for those interested in the tarot of the Golden Dawn *My Tarot Workbook* Carolyn Clairvoyant,2015-01-04 Known as One of Australia s Most Giving Clairvoyants I have built a 25 year reputation for being ethical well trusted and respected as a teacher in my modalities and as a naturally gifted clairvoyant I took out the complicated and long drawn out meanings leaving a simplified but accurate depictions for each card Each card within the deck has evolved into a new meaning or relationship I see the deck as an extension of my understanding and work with spirit The tarot is more than a divination tool They are the tools that can help you better understand your path purpose journey and knowledge in this lifetime The old traditions have not been lost but have evolved as we have evolved The meanings and the cards themselves become more in harmony with our faith in our higher beliefs Check out the deck that is connected the book Carolyn s Tarot deck www.carolynclairvoyant.com **Tarot Deciphered** Aislin,2012-08-01 Revised and updated Reading the Tarot is a complex and mysterious art The seventy eight cards that comprise the traditional Tarot deck are full of archetypal symbolism that can help anyone to connect to the universal subconscious That Tarot can be used to reveal information hidden deep within your own subconscious This book discusses each of the seventy eight cards in depth addressing their possible interpretations based upon the symbolism of the standard Rider Waite deck These interpretations can be applied to most other traditional decks as well In addition to card descriptions Tarot Deciphered provides ten different spreads that can be used with most Tarot decks These spreads range from the common Celtic Cross Spread to the complex Astrological Spread Also include is the Healing Spread a tool which can be used to aid psychological healing This book is perfect for both the novice and experienced reader It contains all the information you need to further your exploration of the Tarot **Tarot Awareness** Stephen Walter Sterling,2000 Have you ever looked at the mysterious symbols on the Tarot cards and wondered what they meant Or perhaps

you have read the Tarot for others for many years but still don't understand how to use them for meditation and spiritual development Or perhaps you use the intense imagery of the Tarot for meditation but don't think it is appropriate to use this mystical tool for readings Well now you can learn the meaning of the symbols for spiritual development and for giving great readings in Stephen Walter Sterling's Tarot Awareness The Tarot is composed of two major sections the illustrated cards that form the Major Arcana and the cards of the Minor Arcana which are like a deck of playing cards with an extra court card for each suit Each card has a meaning for a reading The meanings of the cards are given in the text The Major Arcana cards also are about the spiritual development of your consciousness As you go through the cards from zero to twenty one you follow the progression of your spirituality The fifty six cards of the Minor Arcana are associated with your development from the spiritual to the physical In fact they deal with the four levels of progression to manifestation the spiritual emotional mental and physical Put this all together and for the first time you have a book which integrates spiritual and practical meditative and divinatory One of the great things about the Tarot is that it's symbolic Since the unconscious works through symbols it speaks to you Just working with the Tarot helps you to evolve especially when you understand the Tarot's spiritual truths In order to work with the cards the book shares five different readings you can do As an added bonus the book also deals with the difficult subject of proximity relating the cards in a spread to each other as opposed to just their positions in the spread This can enhance your readings on your quest for spirituality
