Edward Dorn A World Of Difference:

Edward Dorn Tom Clark, 2002 After initiating a critical involvement with new poetics in dialogue with his mentor Charles Olson at Black Mountain College in the 1950s Dorn wandered the trans mountain West following the variable winds of writing and casual employment until the mid 1960s when a time of trial and change resulted in the beginnings of the groundbreaking long poem *Gunslinger* This first biography by his longtime friend and fellow poet Tom Clark author of previous biographies of Jack Kerouac Ted Berrigan Charles Olson and Robert Creeley offers a record of Dorn's life and work drawing upon fresh testimony letters and unpublished manuscript material provided by surviving family members **Amiri**

Baraka and Edward Dorn Claudia Moreno Pisano, 2013-12-01 From the end of the 1950s through the middle of the 1960s Amiri Baraka b 1934 and Edward Dorn 1929-99 two self consciously avant garde poets fostered an intense friendship primarily through correspondence The early 1960s found both poets just beginning to publish and becoming public figures Bonding around their commitment to new and radical forms of poetry and culture Dorn and Baraka created an interracial friendship at precisely the moment when the Civil Rights Movement was becoming a powerful force in national politics The major premise of the Dorn Jones friendship as developed through their letters was artistic but the range of subjects in the correspondence shows an incredible intersection between the personal and the public providing a schematic map of what was so vital in postwar American culture to those living through it Their letters offer a vivid picture of American lives connecting around poetry during a tumultuous time of change and immense creativity Reading through these correspondences allows access into personal biographies and through these biographies profound moments in American cultural history open themselves to us in a way not easily found in official channels of historical narrative and memory

The Science Fiction of Poetics and the Avant-Garde Imagination Michael Golston, 2023-11-19 How the tropes of science fiction infuse and inform avant garde poetics and many other kindred arts This insightful playful monograph from Golston does exactly what it advertises modeling poetics based on how poetry and some parallel artistic endeavors has filtered through a century plus of science fiction This is not a book about science fiction in and of itself but it is a book about the resonances of science fiction tropes and ideas in poetic language The germ of Golston's project is a throwaway line in Robert Smithson's *Entropy* and the *New Monuments* about how cinema supplanted nature as inspiration for many of his fellow artists The movies give a ritual pattern to the lives of many artists and this induces a kind of low budget mysticism which keeps them in a perpetual trance Golston charts how the demotic appeal of sci fi much like that of the B movie cross pollinated into poetry and other branches of the avant garde Golston creates what he calls a regular Rube Goldberg machine of a critical apparatus drawing on Walter Benjamin Roman Jakobson and Gilles Deleuze He starts by acknowledging that per the important work of Darko Suvin to situate science fiction critically the genre is premised on cognitive estrangement But he is not interested in the specific nuts and bolts of science fiction as it exists but rather how science fiction has created a

model not only for other poets but also for musicians and landscape artists Golston's critical lens moves around quite a bit but he begins with familiar enough subjects Edgar Rice Burroughs Mina Loy William S Burroughs From there he moves into more alien terrain Ed Dorn's long poem Gunslinger the discombobulated work of Clark Coolidge Sun Ra Ornette Coleman and Jimi Hendrix all come under consideration The result of Golston's restless rich scholarship is the first substantial monograph on science fiction and avant garde poetics using Russian Formalism Frankfurt School dialectics and Deleuzian theory to show how the avant garde inherently follows the parameters of sci fi in both theme and form *Evaluations of US Poetry Since 1950, Volume 2* Robert von Hallberg, Robert Faggen, 2021-12 Horace speaks of poetry delighting and instructing While *Evaluations of US Poetry since 1950 Volume 1* explores the pleasures of poetry its language forms and musicality volume 2 focuses on the public dimensions In this volume von Hallberg and Faggen have gathered a diverse selection of poets to explore questions such as How does poetry instruct a society with a highly evolved knowledge industry Do poems bear a relation to the disciplined idioms of learning What do poets think of as intellectual work What is the importance of recognizable subject matter What can honestly be said by poets concerning this nation so hungry for learning and so fixated on its own power To these questions the literary critics collected here find some answers in the poetry of Robert Pinsky Susan Howe Robert Hass Anthony Hecht Adrienne Rich Sharon Olds Ed Dorn and August Kleinzahler *Ed Dorn Live* Edward Dorn, 2007 Collects the commentary of the later years and last days of one of America's most powerful and unique poets

New Wests and Post-Wests Paul S. Varner, 2013-10-03 The writers of these chapters are often working with changing assumptions about literary and media interpretations of an American West Here we see critical approaches to a West that never was a West of myth so enduring that the myth dominates nearly all artistic representation about this place that never was In this collection we see critical approaches to a New West a West that is a state of mind not a geographical place but a mythic space with no boundaries and no political inevitabilities These New Western studies accept the idea of a West that includes Canada Mexico Alaska and in the case of the US every geographic and historical point west of the historic founding settlements The West we study today is a post West an idea of the West past the traditional views of an old West dominated by white US nationalism and gendered as uncompromisingly masculine The idea itself of a single West no longer holds validity We now understand that all renderings of the West are renderings of multiple Wests Wests constructed by American nationalists Wests constructed by EuroAmerican writers and filmmakers Wests constructed by native peoples or Wests constructed outside the geographical boundaries of the US This collection presents an eclectic array of new scholarship ranging freely over the New Wests and Post Wests dealing with issues such as the literature of a 1950s California West eco crime genre fiction the West of Edward Dorn and the Beat Movement images of prostitution in California Gold Rush literature European perspectives on film representations of the first peoples the six shooter and the American West German Westerns and Italian Westerns *The Authentic Death of Hendry Jones* by Charles Neider and films such as *The Treasure of*

Sierra Madre Into the Wild There Will Be Blood and The Last Picture Show A unique aspect of this collection is the range of writers interpreting the American West in film and literature besides those writing from within the United States five of the writers provide international perspectives from the United Kingdom and the Universities of Tunis Vienna and Rome Each chapter includes a review of scholarship on its subject and an extended bibliography for further research **Beat Culture** William T. Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac's tales of freedom seeking Bohemian youth to the frenetic paintings of Jackson Pollock including 60 years of the Beat Generation and the artists of the Age of Spontaneity Beat Culture captures in a single volume six decades of cultural and countercultural expression in the arts and society It goes beyond other works which are often limited to Beat writers like William Burroughs Charles Bukowski and Michael McClure to cover a wide range of musicians painters dramatists filmmakers and dancers who found expression in the Bohemian movement known as the Beat Generation Top scholars from the United States England Holland Italy and China analyze a vast array of topics including sexism misogyny alcoholism and drug abuse within Beat circles the arrest of poet Lawrence Ferlinghetti on obscenity charges Beat dress and speech and the Beat pad Through more than 250 entries which travel from New York to New Orleans from San Francisco to Mexico City students scholars and those interested in popular culture will taste the era's rampant freedom and experimentation explore the impact of jazz on Beat writings and discover how Beat behavior signaled events such as the sexual revolution the peace movement and environmental awareness

The Typewriter Is Holy Bill Morgan, 2011-05-01 Anyone who cares to understand the cultural ferment of America in the later twentieth century must know of the writings and lives of those scruffy bohemians known as the Beats In this highly entertaining work Bill Morgan the country s leading authority on the movement and a man who personally knew most of the Beat writers narrates their history tracing their origins in the 1940s to their influence on the social upheaval of the 1960s The Beats through their words and nonconformist lives challenged staid postwar America They believed in free expression dabbled in free love and condemned the increasing influence of military and corporate culture in our national life But the Beats were not saints They did too many drugs and consumed too much booze The fervent belief in spontaneity that characterized their lives and writings destroyed some friendships As we watch their peripatetic lives and sexual misadventures we are reminded above all that while their personal lives may not have been holy their typewriters and their lasting words very much were
