Edward Munch Starry Night:

Edvard Munch Louise Lippincott, 1989-03-23 The Norwegian artist Edvard Munch painted his *Starry Night* in 1893 and a century later it continues to intrigue and even mystify viewers The subject and emotional content of the painting are powerfully felt and yet difficult to define with precision and its style seems strangely far removed from the Impressionist and Realist paintings of the artist's contemporaries In her fascinating study Louise Lippincott explores the genesis of this great painting placing it in the context of Scandinavian art of the late nineteenth century and Munch's own development as an artist Her generously illustrated and detailed analysis provides a clear understanding of this haunting masterpiece which is one of the most popular paintings in the J Paul Getty Museum **EDVARD MUNCH**, 1988 Edvard Munch Louise Lippincott, 1988 *EDVARD MUNCH. Illuminated Paris S. Hollis Clayson, 2019-05-16 The City of Light For many these four words instantly conjure late nineteenth century Paris and the garish colors of Toulouse Lautrec's iconic posters More recently the Eiffel Tower's nightly show of sparkling electric lights has come to exemplify our fantasies of Parisian nightlife Though we reflect longingly on such scenes in *Illuminated Paris* Hollis Clayson shows that there's more to these clichés than meets the eye In this richly illustrated book she traces the dramatic evolution of lighting in Paris and how artists responded to the shifting visual and cultural scenes that resulted from these technologies While older gas lighting produced a haze of orange new electric lighting was hardly an improvement the glare of experimental arc lights themselves dangerous left figures looking pale and ghoulish As Clayson shows artists' representations of these new colors and shapes reveal turn of the century concerns about modernization as electric lighting came to represent the harsh glare of rapidly accelerating social change At the same time in part thanks to American artists visiting the city these works of art also produced our enduring romantic view of Parisian

Weinstein,2008 Northern Arts is a provocative exploration of Scandinavian literature and art With intellectual power and deep emotional insights writer and critic Arnold Weinstein guides us through the most startling works created by the writers and artists of Scandinavia over the past two centuries Weinstein uses the concept of breakthrough Boundary smashing restlessness and the exploding of traditional forms and values as a thematic lens through which to expose the rolling energies and violence that courses through Scandinavian literature and art Defying preconceptions of Scandinavian culture as depressive or brooding Weinstein invites us to imagine anew this transformative and innovative tradition of art that continually challenges ideas about the sacred and the profane family and marriage children patriarchy and personal identity Back cover *Hilma af Klint* Julia Voss,2022-10-19 A highly anticipated biography of the enigmatic and popular Swedish painter The Swedish painter Hilma af Klint 1862 1944 was forty four years old when she broke with the academic tradition in which she had been trained to produce a body of radical abstract works the likes of which had never been seen before Today it is widely accepted that af Klint was one of the earliest abstract academic painters in Europe But this is only part of her story Not only was she a working female artist she was also an avowed clairvoyant and mystic Like many of the artists at the turn of the twentieth century who developed some version of abstract painting af Klint studied Theosophy which holds that science art and religion are all reflections of an underlying life form that can be harnessed through meditation study and experimentation Well before Kandinsky Mondrian and Malevich declared themselves the inventors of abstraction af Klint was working in a nonrepresentational mode producing a powerful visual language that continues to speak to audiences today The exhibition of her work in 2018 at the Guggenheim Museum in New York City attracted more than 600 000 visitors making it the most attended show in the history of the institution Despite her enormous popularity there has not yet been a biography of af Klint until now Inspired by her first encounter with the artist s work in 2008 Julia Voss set out to learn Swedish and research af Klint s life not only who the artist was but what drove and inspired her The result is a fascinating biography of an artist who is as great as she is enigmatic
