Emerging Cosmotheandric Religion:

An Emerging Cosmotheandric Religion? Jyri Komulainen, 2005 This study gives a detailed analysis of the theology of religions of Raimon Panikkar b 1918 a Catalan born Hindu Christian His radical pluralism is found to be based on his idiosyncratic cosmotheandricism and even to show signs of inclusivism The Cosmotheandric Experience Raimundo Panikkar, 1998 The Cosmotheandric Experience is not a Christian or an Indic or a Buddhist study but an interdisciplinary study with a firm foundation It aims at an integration of the whole of reality We have to reconstruct the body of Prajapati even if some of the parts feel unworthy are shy or run away We have to think of all of the fragments of the present world in order to bring them together into a harmonious though not monolithic whole The Cosmotheandric principle which the author advocates could be formulated by saying that the divine the human and the earthly are three irreducible dimensions which constitute the real **An Advaitic Modernity?** Andrew D. Thrasher, 2024-03-26 An Advaitic Modernity Raimon Panikkar and Philosophical Theology poses Raimon Panikkar as a stimulating dialogue partner in postmodern philosophical theology who can help us rethink the relationship between transcendence and immanence through an advaitic critique of modernity Andrew D Thrasher argues that Panikkar's advaitic critique of modernity may transform several discourses such as how Panikkar's cosmotheandric metaphysics may reshape a theology of religion and offer a religious interpretation of a relational ontology that builds on the Heideggerian ontological tradition and how Panikkar's metaphysics solves problems in Heidegger's ontology Interreligious Learning Michael Barnes, 2012 Demonstrates how learning to engage with different religious traditions can deepen and reinvigorate one's own faith Majority World Theology Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church **Searching for God** Gregory C. Higgins, 2014 Searching for God draws upon the traditional categories of systematic theology as it guides readers through the Catholic theological thought process involved in the search for God At each step we examine the work of a past thinker from the time of the early church up to the early twentieth century and a present thinker whose works are often required reading in theology courses Not only do readers have the opportunity to critically evaluate several important theological works in the Catholic tradition they can also enter into dialogue with those works as they engage in their own search for God Provided by publisher *"Without Ceasing to be a Christian"* Mark Granquist, 2017-12-01 Since his death in 2010 there has been continuing and growing interest in the life vision and thought of the late Spanish Indian mystical theologian Raimon Panikkar As well as offering both a personal affirmation and critique of Panikkar's thought from a Catholic and Protestant perspective the work compares and contrasts him with a range of Western and Indian theologians both Catholic and Protestant and outlines the possibilities of learning

Constructing Ethical Patterns in Times of Globalization Aleks

Kuokkanen,2012-01-20 In the third millennium people are increasingly being forced to decide how to lead an ethically acceptable life both nationally and internationally amidst the radical pluralism of world views Surprisingly while the West was a pioneer in the recognition of human rights its stance towards both exclusivism and difference is distorted Spurred on the Global Ethic Project of the Catholic theologian Hans K ng this book searches for a plausible solution to the dilemma of global societal coexistence by carefully analysing the contemporary philosophical discussion It uncovers the multifaceted ways in which the standard Western interpretation promotes neutrality towards particular world views shows why this interpretation is flawed and presents an alternative with practical implications and an eye towards the global dialogue of cultures

Philosophical and Theological Responses to Syncretism Mika

Vähäkangas,Patrik Fridlund,2017-09-25 Theological and Philosophical Responses to Syncretism Beyond the Mirage of Pure Religion by Patrik Fridlund and Mika V h kangas eds starts from the observation that there is a substantial gap between religions self understanding and the empirical results of religious studies concerning religious blending Even in theology of religion one often portrays religions as if they were entities fundamentally separate from each other The aims of this book are to elaborate theologically the consequences of syncretism to Christian faith and of syncretism to philosophy By creating a critical interchange between theological philosophical and empirical approaches to religion this book challenges the conventional views of purity of religions prevailing in theology and philosophy as well as proposes theological and philosophical ways forward Contributors are Jonas Adelin Stephen Bevans Gavin d Costa Patrik Fridlund Lotta Gammelín Elizabeth Harris Jerker Karlsson Paul Linjamaa Kang San Tan Mika V h kangas

Raimon Panikkar Peter C

Phan,Young-chan Ro,2018-10-25 Raimon Panikkar A Companion to his Life and Thought is a guide to the life work and thought of Raimon Panikkar a self professed Buddhist Christian Hindu philosopher and theologian A man of deep and wide learning and an extremely prolific author Panikkar is equally at home in various religious and cultural traditions and embodies in himself the ideals of intercultural intrareligious and interreligious dialogues This book explicates Panikkar s basic vision of life as the harmonious rhythm of divinity humanity and the cosmos which he terms cosmotheandris and shows how it permeates and illumines his articulations of the central Christian doctrines Given the complexity and difficulty of Panikkar s thought this book is a welcome companion for a course on Panikkar and for a general reader who wishes to

understand one of the most profound and original thinkers of our time

Context, Plurality, and Truth Mika

Vähäkangas,2020-02-10 The world has shrunk in the processes of globalization and the old ways of actively ignoring plurality in theology are no longer viable Contextual differences between different Christian traditions and theologies are highly visible due to improved communications and migration These differences also witness that this plurality has existed since the very beginning of Christianity Religious studies demonstrate that no religion is pure and hermetically sealed from others but they all are syncretistic in the sense of giving and taking In the world of religions where boundaries are porous and the internal plurality of Christianity is vast there is a temptation either to reject the plurality in a fideistic manner or succumb to relativism The first solution is intellectually hard to defend and relativism is often seen as detrimental to Christian identity This book proposes a way of recognizing the contextual and syncretistic dimensions of pluralism while not surrendering to relativism Christian identity and tradition can be affirmed while staying open to the challenges of pluralism

Post-Christian Religion in Popular Culture

Andrew D. Thrasher,2024-09-05 Post Christian Religion in Popular

Culture Theology through Exegesis analyzes several theological exegeses of contemporary popular culture as post Christian scripture It includes analyses of the Marvel Cinematic Universe The Lion King and Cloud Atlas the television shows Lucifer and Shameless and contemporary pop punk and alternative music Through an application of three hermeneutical methods re enchantment resourcing and rescription a prophetic and apocalyptic critique of modernity and an analysis of the late modern human condition Andrew D Thrasher argues how popular culture recites post Christian religious and theological messages marked by a post disenchantment theology constituted by the consumption of these messages shapes and informs what the contemporary world finds believable credible and desirable in a post Christian context *Christianity and*

Religious Plurality Wilbert R. Shenk,Richard J. Plantinga,2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo Christian scriptures fundamental to all Christianities that emerged out of religious plural contexts On the basis of their faith in the Triune God disclosed in this text all followers of Jesus Christ must interact with these opportunities in today's radically context sensitive world *Accommodation and Acceptance* Ambrose

Mong,2015-12-31 As Hans Kung said No peace among the nations without peace among the religions No peace among the

religions without dialogue between the religions No dialogue between the religions without investigation of the foundations of the religions Accommodation and Acceptance is a crucial work in both promoting interreligious dialogue and exploring the turbulent history of Christian faith and identity in Asia down the years From the reaction to missions often inextricably linked with the practice of colonialism to the rise of religious pluralism Ambrose Mong examines the relationships between the leading faiths of Asia up to the present day Whether practicing pluralism or exclusivism the history of Christianity in Asia is long and fascinating AmbroseMong delves into the biography of intercultural pioneers like Matteo Ricci and Timothy Richard to understand better the theology as well as the pragmatism behind cultural accommodation and the necessary mutability of an eternal church **Hospitality and the Other** Author, Amos Yong, 2015-03-04 **Confronting Confucian**

Understandings of the Christian Doctrine of Salvation Paulos Zhanzhu Huang, 2009 A complete exploration is the first systematic analysis ever comparing the central religious doctrinal aspects of Christianity with those in Confucianism Huang's work carefully covers the whole history of the Confucian Christian tradition and ends up with genuinely new insights He elaborates on the idea of transcendence in the Confucian tradition in a manner which enables an interpretation of the Christian means of salvation His explanation of transcendence and its connection with the means of salvation is new and unique offering a clue to the special understanding of salvation germane to the specifically Chinese intellectual history Huang's book is a must for anyone interested in the Sino Western cultural encounter Religious Perspectives on Religious Diversity, 2016-11-07 Religious Perspectives on Religious Diversity addresses fundamental and controversial questions raised by religious diversity What are members of religious traditions to say about outsiders their views and their salvific status And what are they to say about the religions of outsiders about say whether those religions are inspired or salvifically effective or worthwhile or legitimate Discussion of some Muslim Christian and Jewish perspectives is combined with more methodological work The authors of these ground breaking and original yet readable and accessible essays include established scholars and younger scholars whose reputation is growing Contributors are Imran Aijaz David Basinger Paul Rhodes Eddy Jerome Gellman Mohammad Hassan Khalil Eugene Korn Daniel A Madigan Robert McKim John Sanders and Diego R Sarri Cucarella Judaism Christianity and Islam's attitudes to other religions are thoughtfully examined in this collection both with fine historical sensibility as well as original constructive contributions from leading scholars in the field A series of helpful meta reflections follow on typologies in theology of religions the act of comparison between traditions and a plea for informed tolerance when difference is confronted A rare treat an edited collection that is of uniformly high quality throwing immense light on the subject It will help specialists and undergraduate students approaching the subject of religious pluralism Professor Gavin D Costa University of Bristol September 2016 Christian-Muslim Dialogue Heidi Hirvonen, 2012-11-09 Lebanon is a significant region of encounter between Muslims and Christians in the Middle East This book examines how Christian Muslim dialogue is envisioned by four present day Lebanese thinkers Great Ayatollah

Muhammad Husayn Fadlallah and Doctor Mahmoud Ayoub from the Shiite tradition and Metropolitan Georges Khodr and Doctor Father Mouchir Basile Aoun from the Eastern Christian Antiochian tradition The study seeks to bring the four thinkers into dialogue on a number of topics including doctrinal themes ethical principles and the issue of political power sharing in Lebanon All four thinkers make several suggestions for facilitating mutual understanding and transcending old debates The concept of God and the principle of neighbourly love seem to have particular potential as fruitful bases for further dialogue
