Anne Collett,Dorothy Jones,2021-01-28 Knitting together two fascinating but entirely distinct lives this ingeniously structured braided biography tells the story of the lives and work of two women each a cultural icon in her own country yet lesser known in the other s Australian poet Judith Wright and Canadian painter Emily Carr broke new ground for female artists in the British colonies and influenced the political and social debates about environment and indigenous rights that have shaped Australia and Canada in the 21st century In telling their story ies this book charts the battle for recognition of their modernist art and vision pointing out significant moments of similarity in their lives and work Although separated by thousands of miles their experience of colonial modernity was startlingly analogous as white settler women bent on forging artistic careers in a male dominated world and sphere rigged against them Through all this though their cultural importance endures two remarkable women whose poetry and painting still speak to us today of their passionate belief in the transformative power of art **Dollar Monthly Magazine** ,1861 *Canadian Books in Print. the conceptual framework of rhizome and nomadic pedagogy in 21st century education It creates rhizomatic learning environments and rhizome metaphors to illuminate learning and teacher professional development It covers an extensive range of issues and challenges related to teaching and learning in the techno centric education systems It presents an up to date and comprehensive analysis of rhizomatic learning approaches in various disciplines It examines the following key questions What is the conception of rhizomatic learning and nomadic pedagogy In which ways can rhizomatic learning transform teaching methods in the digital era How can educators implement a rhizomatic learning approach in practice What is the connection between the rhizomatic process and divergent thinking in socially mediated and technology driven learning environments Combining theory and practice this book is essential reading for educational policymakers teacher educators university faculty researchers instructional designers learning technologists teachers and undergraduate and graduate students worldwide *Ballou's Dollar Monthly Magazine* ,1861 Ice Diamond Quest, The Mm Eric Wilson,1996-06-03 Together with their cousins Liz and Tom Austen plunge into a dangerous mystery after they see a yacht off Newfoundland s coast While they try to find out why the yacht s light was flashing they have to get past a group of people called the Renegades and someone named Hawk In *The Ice Diamond Quest* Eric Wilson draws on Newfoundland s customs and explores the environment redevelopment and women s rights Wilson s Liz and Tom Austen mysteries are in constant demand among young people who have tapped into Canada s answer to the Hardy Boys *Collision* David Cecchetto,Nancy Cuthbert,Julie Lassonde,2008-12-18 With very few exceptions interdisciplinary art and interarts practices examined as such including the perspective of artist researchers and not subsumed under a singular category of performance or visual art have until now been largely ignored While it would be simplistic to think that this collection somehow rectifies the piecemeal status of this discourse our wager is that this collection works towards presenting an understanding of this status as in a certain sense constitutive of the field Beginning with an introduction to the very multiplicities that compose and complicate interdisciplinary practices then moving into questions of body technology location movement space practice performativity aesthetics this collection covers an enormous amount while still retaining an overarching sense of unity in the context of the subject as a whole Each of these sections negotiates a series of interrelated collisions in order to address a range of theoretical positions as well as a variety of international and cultural perspectives In addition to addressing the notion of interdisciplinarity and the challenges of specific interarts practices this publication seeks to question how we might understand interarts practice in a way that does not exclude perspectives such as spirituality law political activism and community development to name only a few The inclusion of these disparate practices within this publication itself a site of collision of the poetic the conversational and the theoretical is thus not presented as an attempt to unify or normalize them but rather as a productive charting of their radical explosion a collision that is always a colliding **Canadian Books in Print 2002** Marian Butler,2002-02 Summer Of Discovery Mm Eric Wilson,1996-06-03 Do ghosts of hymn singing
