Emotion In Art:

Emotion and the Arts Mette Hjort, Sue Laver, 1997 Literatuuropgave p 283 298 Under four headings the relationship between the arts and emotions is discussed by mainly philosophers The headings are the paradox of fiction emotion and its expression through art the rationality of emotional responses to art and the value of emotion art forms discussed are literature music theatre visual arts Art and Emotion Derek Matravers, 2001-01-25 The author's aim in this study is to show that what experiences of art and emotion have in common and what links them to the expression of emotion in non artistic cases is the role played by feeling Suffering Art Gladly Jerrold Levinson, 2013-11-14 A collection of newly composed essays some with a historical focus and some with a contemporary focus which addresses the problem of explaining the appeal of artworks whose appreciation entails negative or difficult emotions on the appreciator's part what has traditionally been known as the paradox of tragedy *Art's Emotions* Damien Freeman, 2011-01-01 How is that artistic works have the power to move the human heart Why does Manet's *Woman with a Parrot* evoke reverie and an Edward Elgar cello concerto nostalgia What is the value of such experiences *Art's Emotions* is a reflective thought provoking exploration of the significance that experiencing emotion through art has upon our lives Damien Freeman reviews and evaluates three traditional approaches to understanding artistic expression and moves on to develop a new theory of emotion that resolves key questions in aesthetics In a novel philosophical project Freeman also establishes the ethical importance of art in nurturing humans and helping them flourish *Art's Emotions* challenges readers to consider not only how art engages with emotion but also the ways in which art can answer fundamental questions about the value and nature of experience

Emotion and Art John Ruskan, 2011-01-01 In this highly original work John Ruskan explores the intricacies of feeling oriented art He presents radical insights about the nature of the art process that explain exactly what it is that artists do how they can do it better and how to make art an essential route to enlightenment through revealing and integrating the personal unconscious He demystifies artistic manic depressiveness clarifying in remarkably simple terms how it forms and how it may be handled and reversed His original three stages of art provide a road map for those traveling the glorious yet often perilous path of the artist revealing those perils and how to avoid them He will enable you to experience art either as a viewer or creator as a vital part of your evolutionary advancement **Emotion and Art** John Ruskan, 2012-01-01 In this highly original work John Ruskan explores the intricacies of feeling oriented art He presents radical insights about the nature of the art process that explain exactly what it is that artists do how they can do it better and how to make art an essential route to enlightenment through revealing and integrating the personal unconscious He demystifies artistic manic depressiveness clarifying in remarkably simple terms how it forms and how it may be handled and reversed His original three stages of art provide a road map for those traveling the glorious yet often perilous path of the artist revealing those perils and how to avoid them He will enable you to experience art either as a viewer or creator as a vital part of your evolutionary advancement

Art's Emotions Damien Freeman, 2014-09-03 Despite the very obvious differences between looking at Manet's Woman with a Parrot and listening to Elgar's Cello Concerto both experiences provoke similar questions in the thoughtful aesthete why does the painting seem to express reverie and the music nostalgia How do we experience the reverie and nostalgia in such works of art Why do we find these experiences rewarding in similar ways As our awareness of emotion in art and our engagement with art's emotions can make such a special contribution to our life it is timely for a philosopher to seek to account for the nature and significance of the experience of art's emotions Damien Freeman develops a new theory of emotion that is suitable for resolving key questions in aesthetics He then reviews and evaluates three existing approaches to artistic expression and proposes a new approach to the emotional experience of art that draws on the strengths of the existing approaches Finally he seeks to establish the ethical significance of this emotional experience of art for human flourishing Freeman challenges the reader not only to consider how art engages with emotion but how we should connect up our answers to questions concerning the nature and value of the experiences offered by works of art

Jenefer Robinson uses modern psychological and neuroscientific research on the emotions to study our emotional involvement with the arts *The Expression of Emotion in the Visual Arts: A Philosophical Inquiry* Benjamin R.

Tilghman,2012-12-06 The philosophy of art aesthetics is here understood to be something distinct from both art appreciation and art criticism The philosophy of art is never theless dependent upon the existence of appreciation and criticism because it is out of reflection upon these that the uniquely philosophical problems of art arise problems that reflect puzzlement about what is involved in under standing enjoying describing and evaluating works of art Hence the philo sophy of art must presuppose at least some measure of understanding and appreciation of particular works of art and if such understanding and appre ciation are lacking the philosopher is in no position to supply them It can not be a philosophical task to undertake a Defense of Poesie against either the philistine or the tyrant The philosopher is not the one to convince us that art is a Good Thing that paintings are worth looking at poems worth reading and music worth listening to if for no other reason than that philo sophical theory and argument are no substitute for taste and sensibility My position here is the now unexceptional one that philosophical problems are essentially conceptual problems and while the philosopher of art cannot produce aesthetic sensibility and appreciation where these do not exist he can give us understanding of the concepts relevant to artistic appreciation and thereby help us to see our way through the conceptual confusions that have generated the philosophical puzzles surrounding art its appreciation and criticism **Emotion in art** Claude Phillips,1968 *Cognition in Emotion*

Tone Roald,2007-01-01 Emotions are essential for human existence both lighting the way toward the brightest of achievements and setting the course into the darkness of suffering Not surprisingly then emotion research is currently one of the hottest topics in the field of psychology Yet to divine the nature of emotion is a complex and extensive task In this book emotions are approached thought an exploration of the nature of cognition in emotion the nature of thoughts in feelings Different approaches to emotions are explored from brain research to research at the level of experience and it is argued that all approaches must seriously take into account the experiential dimension A qualitative study of experiences with art is therefore presented as emotions and cognition are often expressed in experiences with art It is the first study of its kind Descriptions of various affective phenomena are then given which have significant implications for contemporary debates about emotions resolving several contemporary controversies *Emotion in Art* Sir Claude Phillips,1925 **Emotion and the Arts** Mette Hjort,Sue Laver,1997-09-04 Although there are a number of anthologies dealing with various topics related to the emotions this is the first to focus on the arts The editors have collected new essays on emotion and its relation to the arts by fifteen leading aestheticians The essays consider such topics as the paradox of fiction emotion in the pure and abstract arts the rationality and ethics of emotional responses to art and the value of emotion Contributors include Robert
