

4 Step Approach To Practice

EMPATHY

Perspective taking,
or put yourself in
someone else's
shoes.

Stay out of
judgment and listen.

Recognize emotion in
another person that
you have felt before.

Communicate that
you recognize that
emotion.

Science and Inquiry in Social Work Practice Ben Avis Orcutt, 1990

The Virtuous Physician James A. Marcum, 2012-01-02 Although modern medicine enjoys unprecedented success in providing excellent technical care many patients are dissatisfied with the poor quality of care or the unprofessional manner in which physicians sometimes deliver it Recently this patient dissatisfaction has led to quality of care and professionalism crises in medicine In this book the author proposes a notion of virtuous physician to address these crises He discusses the nature of the two crises and efforts by the medical profession to resolve them and then he briefly introduces the notion of virtuous physician and outlines its basic features Further virtue theory is discussed along with virtue ethics and virtue epistemology and specific virtues especially as they relate to medicine The author also explores the ontological priority of caring as the metaphysical virtue for grounding the notion of virtuous physician and two essential ontic virtues care and competence In addition to this he examines the transformation of competence into prudent wisdom and care into personal radical love to forge the compound virtue of prudent love which is sufficient for defining the virtuous physician Lastly two clinical case stories are reconstructed which illustrate the various virtues associated with medical practice and it is discussed how the notion of virtuous physician addresses the quality of care and professionalism crises

Contemporary Clinical Practice with Asian Immigrants Irene Chung, Tazuko Shibusawa, 2013-07-31 Many first and second generation Asian immigrants experience acculturation challenges to varying extents These challenges such as language barriers racial discrimination underemployment the loss of support networks and changes in family role and structure may exacerbate a myriad of mental health issues In addition their help seeking behaviour as shaped by a general adherence to a collectivistic worldview and indirect communication style often creates challenges for the practitioners who are trained under a Western practice modality Drawing on literature from English speaking countries with sizeable Asian immigrant populations such as

the United States Australia New Zealand Canada and the United Kingdom this text is designed especially for clinicians and students working with Asian immigrant populations It discusses the therapeutic process in psychotherapy and counselling with these clients exploring both key psychodynamic constructs and social systemic factors Building on contemporary relational theory which emphasizes the centrality of the helping relationship and sensitivity to the client s subjective realities the book demonstrates how western based concepts and skills can be broadened and applied in an Asiacentric context and can be therapeutic even in social service and case management service settings There are chapters on issues such as domestic violence intergenerational conflicts depression amongst elders and suicide discussing the prevalence and nature of the mental health issues and each containing case vignettes from various Asian ethnic groups to illustrate the application of relational approaches This book is an important cross cultural reference for practising social workers and counsellors as well as for social work students undertaking clinical practice courses
