Empire From The Ashes:

Empire From the Ashes David Weber, 2003-03-01 WE HAVE A JOB FOR YOU Just a routine day in lunar orbit That s all Lieutenant Commander Colin MacIntyre USN expected Only a simple training mission to test a new survey instrument intended for the first manned American Russian interstellar flight What he got was just a bit different First there was the fact that Earth didn t actually have a Moon Then there was the three thousand kilometer diameter alien starship pretending it was the Moon And the millennia old cybernetic intelligence that shanghaied him to serve as its crew Colin might have been forgiven for thinking that those were enough surprises for any one man but there were a few other small problems Like the deadly mutiny which had been raging longer than the human race had existed on Earth and still wasn t over Or like the millions of other starships crewed by genocidal aliens dedicated to the extermination of all possible competing life forms which just happened to be headed straight towards Earth Or like the interstellar empire whose aid offered humanity s only hope for survival except for the minor fact that its last emperor and all of his subjects had died forty five thousand years ago Add in the occasional homicidal terrorist religious fanatics convinced that the only good MacIntyre was a dead MacIntyre a bic weapon capable of killing every living thing on any planet a super bomb which could take out whole worlds a starship drive which could destroy complete solar systems and the need to organize the entire planet Earth and all of its warring mutually murderous factions for a probably hopeless last ditch defense and Colin was convinced that things were just about as bad as they could possibly get Until he found out whose job it had just become to fix all those problems of course At the publisher s request this title is sold without DRM Digital Rights Management

The Empire of Ashes Anthony Ryan, 2019-05-21 In the White Drake s war the price of freedom is paid in blood and fire For hundreds of years the Ironship Trading Syndicate was fueled by drake blood and protected by the Blood blessed those few who could drink it and wield fearsome powers But now the very thing that sustained the corporate world threatens to destroy it A drake of unimaginable power has risen and it commands an army of both beasts and men Rogue Blood blessed Claydon Torcreek Syndicate agent Lizanne Lethridge and Ironship captain Corrick Hilemore have been spread to disparate corners of the world but they are united in their desire to defeat the White Drake and the Spoiled who follow it Humanity itself is at stake but with the aid of ancient knowledge revolutionary technology and unexpected allies all hope is not lost Saving the world will require sacrifice as Clay Lizanne and Hilemore will see all they know either consumed by flames or reborn from the ashes

The Commonwealth is teetering on its last legs But will it go down gently or dissolve into a civil war as brutal as any in human history That is the dilemma Colonel Zack Decker and Ghost Squadron face as they re tapped to protect a last ditch effort to salvage a possibility of peace And that last ditch effort is being held on Decker s home planet a place he left long ago to put as many light years as possible between himself and a family who disapproved of his becoming a Marine Yet things are not what they seem and between his family and ardent secessionists wanting to end the Commonwealth Decker has his hands full However he s sworn an oath and intends to keep it because he s still one of the Few **A Dark and Dirty War** Eric

Thomson, 2021-07-13 Life hasn t been easy for Siobhan Dunmoore and many of her fellow veterans since the Shrehari War ended The Fleet s quick return to a mundane peacetime footing left them unmoored and incapable of fully readapting after years engulfed in an existential struggle Meanwhile the memories of all those hard won lessons paid for with humanity s dearest blood are fading as careerists bureaucrats and politicians in uniform replace the leaders who brought about the war s end Yet an increasing number of senior officers understand true peace is illusory Without an external threat to unify them as a species humans have resumed their favorite activity fighting each other in dark and dirty wars for power profit or glory And this despite the risk of eroding the Commonwealth s delicate social and political balance and triggering violent unrest Ironically those best suited for stopping nasty albeit minor conflicts before they escalate are the very veterans on which the Fleet turned its back Will Siobhan Dunmoore and her comrades find a new role in halting what could become fatal to human unity or will they fade away unwanted while the Commonwealth begins a long slide into civil discord *Imperial Echoes*

Eric Thomson, 2021-03-23 The collapse of humanity s first interstellar empire is passing into legend perhaps even myth now that the ones who could remember those tumultuous years have merged with the Infinite Void Tiny Lyonesse the self appointed guardian of all human knowledge tucked away in its wormhole cul de sac has spent generations preparing to carry out Jonas Morane s plan of reuniting humanity Unbeknown to citizens of a republic cut off from the rest of the galaxy four star systems at the former empire s core also survived to preserve that which existed before the Great Scouring Yet they took a darker path after witnessing firsthand the empire s demise in a bloodletting without precedent which left them fearful

about the future of what little remained An uncompromising hidebound military dictatorship the Wyvern Hegemony is everything Lyonesse avoided becoming Backed by a State Security Commission that uses the Void Sisters abilities to root out the regime s enemies its rule is absolute Yet the Hegemony also harbors ambitions of reuniting humanity under its own banner though the government has done little to advance its cause Neither Lyonesse nor the Hegemony knows about each other However thanks to a twist of fate that leads State Security Colonel Crevan Torma and his assigned Void Sister on a voyage of discovery this will soon change But can the vanished empire s heirs meet in peace or will they continue the civil war that almost eradicated humanity across the stars *Bulletin* Free Library of Philadelphia,Free Library of Philadelphia.

Bulletin of the Free Library of Philadelphia Free Library of Philadelphia,1904 **A Fiery Empress Ascends** Pasquale De Marco,2025-07-25 In the annals of history the story of Empress Charlotte of Mexico stands as a tragic tale of a woman who dared to dream of a grand destiny only to be consumed by the very fire she ignited Born into the illustrious House of Saxe Coburg and Gotha Charlotte was a woman of remarkable intelligence beauty and determination Her father King Leopold I of Belgium had groomed her from a young age to be a queen In 1857 her dreams came true when she married Archduke Maximilian of Austria a dashing and ambitious prince who shared her aspirations of grandeur Together Charlotte and Maximilian ascended the throne of Mexico in 1864 hailed as the saviors of a nation torn apart by civil war But their reign was short lived and fraught with peril Mexico was a land of deep divisions and simmering resentments and the foreign rulers soon found themselves entangled in a web of political intrigue and violence As the war raged on Charlotte s idealism crumbled under the weight of harsh reality The brutality of the conflict and the growing hostility of the Mexican people shattered her illusions of a benevolent reign Desperate to secure support for her husband s crumbling empire she embarked on a perilous journey to Europe seeking aid from the courts of France and Austria But her pleas fell on deaf ears France once Mexico s ally had withdrawn its support and Austria was unwilling to risk war with the United States which backed the Mexican rebels Isolated and alone Charlotte s hopes dwindled with each passing day Devastated by the failure of her mission Charlotte returned to Mexico a broken woman The empress who had once dreamed of ruling a vast empire now found herself a mere pawn in a deadly game of power As the rebels closed in on Mexico City Maximilian was captured and executed leaving Charlotte a widow and an exile In the aftermath of her husband s death Charlotte s mind descended into madness Haunted by the ghosts of her past she spent the rest of her days in seclusion a living testament to the tragic consequences of ambition unchecked Her story is a timeless reminder that the pursuit of power can come at a great cost The flames of ambition may illuminate the path to greatness but they can also consume those who dare to embrace them If you like this book write a review *The Dirty and the Dead* Eric Thomson,2022-02-11 Investigating war crimes isn t Assistant

Commissioner Caelin Morrow's usual sort of case. She normally hunts down corrupt Commonwealth officials. But with the reorganization of the Professional Compliance Bureau's Anti Corruption Division, Morrow inherits primary responsibility for military crimes requiring outside scrutiny. And for her first case as the new head of Anti Corruption Unit 12 Military Crimes, she's heading for the Novaya Sibir star system with her team to look into allegations the elite 212th Pathfinder Squadron committed atrocities on a Protectorate Zone rogue colony. But all is not as it seems, and dirty politics soon rear their ugly head. Unfortunately for those who play fast and loose with the truth, Caelin Morrow is not only a superb investigator. She'll also do whatever is necessary to take out the garbage. *Imperial Ghosts* Eric Thomson, 2022-07-05. Humanity's first empire collapsed centuries ago, but two tiny shards kept the ability to travel across the stars at faster than light speeds: the Wyvern Hegemony and the Republic of Lyonesse. Each considers itself the heir of the old empire and swore an oath of reunification. Yet only one can rule over humanity reunited. As they race to absorb ruined human worlds and rebuild them in their respective image, it is only a matter of time before they encounter the ghosts of what once was. And those ghosts will demand their due. **On Stormy Seas** Eric Thomson, 2022-09-13. All good things must end, and a reluctant Siobhan Dunmoore trades command of her battle group for a staff job ashore. Yet her appointment to the headquarters of the 3rd Fleet, responsible for humanity's most restive frontier, is no accident. Things aren't quite right in what was once the most ferocious and effective formation in the Navy, and its control over the Rim Sector's outer edges is failing. When Dunmoore investigates, she finds herself adrift on stormy seas with few allies and all too many foes facing treachery, backstabbing, and corruption instead of guns and missiles. Will the Commonwealth's once victorious Navy revert to what it was before the Shrehari invasion: a politicized, ineffective force commanded by venal admirals? Or will Dunmoore and her friends arrest the decline as they fight for the honor of the Fleet and a future without war. **New York Supreme court Appellate Division - First Department**, 1915. **Up in Smoke** Martha A. Derthick, 2011-07-26. In recent years, tobacco politics has been a multi-layered issue fraught with significant legal, commercial, and public policy implications. From the outset, Martha A. Derthick's *Up in Smoke* took a nuanced look at tobacco politics in a new era of adversarial legalism and the consequences, both intended and unintended, of the MSA Master Settlement Agreement. Now with a brand new 3rd edition, the book returns to ordinary politics and the passage of the Family Smoking Prevention and Tobacco Control Act, which gave the FDA broad authority to regulate both the manufacture and marketing of tobacco products. Derthick shows our political institutions working as they should, even if slowly, with partisanship and interest group activity playing their part in putting restraints on cigarette smoking. **Proceedings of The..annual Sessions of the National Fraternal Congress** National Fraternal Congress, 1897. *Deadly Intent* Eric Thomson, 2020. Chaos created by factions determined to end the centuries-old accord between human-settled worlds and Earth is spreading at an alarming rate. Centralists, aided and abetted by their corporate paymasters, are working hard to destabilize sovereign star systems and strip them of independence. Only the Fleet's hard-pressed Special

Forces can stop those who would foment a series of violent revolutions and trigger a bloody civil conflict capable of destroying humanity's interstellar civilization And that means the best of those Special Forces units Ghost Squadron doesn't lack for missions Disrupting riots aimed at toppling star system governments seeking out and destroying the Centralist owned security and intelligence agency's assets eradicating cartels used as Centralist cat's paws no operation is too complex However each mission takes them deeper into the heart of darkness and before the Fleet can declare victory Ghost Squadron may come to resemble the enemies it fights Yet not using all the means at its disposal could result in the deaths of billions But will the Special Forces legendary prowess and valor suffice both to save humanity and Ghost Squadron's soul Or will the Commonwealth experience the horrors of an existential war before the Fleet can arrest the spiral into madness
