Wells,2014-03-12 When Captain Gerilleau received instructions to take his new gunboat the Benjamin Constant to Badama on the Batemo arm of the Guaramadema and there assist the inhabitants against a plague of ants he suspected the authorities of mockery His promotion had been romantic and irregular the affections of a prominent Brazilian lady and the captain s liquid eyes had played a part in the process and the Diario and O Futuro had been lamentably disrespectful in their comments He felt he was to give further occasion for disrespect He was a Creole his conceptions of etiquette and discipline were pure blooded Portuguese and it was only to Holroyd the Lancashire engineer who had come over with the boat and as an exercise in the use of English his th sounds were very uncertain that he opened his heart *The Empire of the Ants* H. G.

Rasputin and the Russian Revolution Catherine Radziwill, 2023-11-24 Catherine Radziwill's *Rasputin and the Russian Revolution* presents a gripping exploration of the tumultuous period leading up to the Russian Revolution intricately weaving political intrigue with the enigmatic life of Grigori Rasputin. Radziwill employs a literary style marked by vivid description and psychological insight offering readers a nuanced portrait of a man often vilified and misunderstood. The context in which she writes amid the dramatic upheaval of early 20th century Russia allows her to scrutinize not just Rasputin's personal life but also his pivotal role in the larger historical narrative set against the backdrop of imperial decadence and national turmoil. Catherine Radziwill, a Polish noblewoman with intimate connections to the Russian monarchy, provides a unique perspective informed by her firsthand observations and experiences in the court. Her aristocratic background and familiarity with both the social elite and the political machinations of the time lend her narrative a rare authenticity. Radziwill's insights into Rasputin's influence and her understanding of the key players involved in the Revolution illustrate why she is a crucial voice in this historical discourse. This book is essential for readers seeking a deeper comprehension of not just Rasputin's life but the very fabric of Russian society during a pivotal moment in history. Scholars, historians, and general readers alike will find Radziwill's work both enlightening and engaging, making it a vital addition to any collection focused on the Russian Revolution or the complexities of its key figures.
