Empires Edge Travels In Southeastern Europe Turkey And Central Asia:

Empire's Edge Scott L. Malcomson, 1995-10-17 This travel book explores the forgotten countries on the edge of the new Europe Romania Bulgaria Turkey and Uzbekistan Mixing anecdote and reportage with history and legend Malcomson teases out the long running tensions between nation and empire whether Roman Byzantine Ottoman or European By the author of Tutarani A Political Journey in the Pacific Islands

Empire's Edge Scott L. Malcomson, 1994-01 This book brings together Alan Bennett's diaries for 1980 1995 with reminiscences and reviews the diary he kept during the production of his very first play *Forty Years On* which starred John Gielgud together with hilarious accounts of his many television plays notably *An Englishman Abroad* and *A Private Function* At the heart of the book is *The Lady in the Van* the true account of Miss Mary Shepherd a homeless tramp who took up residence in Bennett's garden and stayed for fifteen years From his now legendary address at Russell Harty's memorial service to recollections of growing up in Leeds *Writing Home* gives us a unique and unforgettable portrait of one of England's leading playwrights

The Balkans and the West Andrew Hammond, 2017-03-02 This collection of essays locates investigates and challenges the manner in which the Balkans and the West have constructed each other since 1945 Scholars from the two sections of the continent explore a wide range of fiction film journalism travel writing and diplomatic records both to analyse Western European balkanism and to study Balkan representations of the West over the last fifty years The first section looks back to the Cold War examining the divergent often favourable images of the Balkans that existed in Western culture as well as the variety of responses that appeared in South East European writings on the West The second section analyses the transitions that took place in representation during the 1990s Here contributors explore both the harsh denigration of the Balkans which came to dominate western discourse after the initial euphoria of 1989 and the emerging tradition of contesting Western balkanism in South East European cultural production Through this dual emphasis the volume exposes the representational practices that help to maintain a deeply divided Europe and challenges the economic and political injustices that result Despite the rise to prominence of postcolonial theory with its awareness of global inequality the current crises in many parts of South East Europe have received scant attention in literary and cultural studies *The Balkans and the West* addresses this deficiency Ranging in focus from Serbian cinema to Romanian travel literature from Western economic writings to Yugoslav fiction and from public discourse in Albania to NATO's vast propaganda machine the essays offer wide insight into representation and power in the contemporary European context

Balkan Departures Wendy Bracewell, Alex Drace-Francis, 2009-05-01 In writings about travel the Balkans appear most often as a place travelled to Western accounts of the Balkans revel in the different and the exotic the violent and the primitive traits that serve according to many commentators as a foil to self congratulatory definitions of the West as modern progressive and rational However the Balkans have also long been travelled from The region's writers have given accounts of their travels in the West and elsewhere saying something in the process

about themselves and their place in the world The analyses presented here ranging from those of 16th century Greek humanists to 19th century Romanian reformers to 20th century writers socialists and men of the world suggest that travellers from the region have also created their own identities through their encounters with Europe Consequently this book challenges assumptions of Western discursive hegemony while at the same time exploring Balkan Occidentalisms
