Empowerment Church Speaking A New Language For Church Growth:

The Empowerment Church Carlyle Fielding Stewart, 2001 The purpose of the church is simple it exists to bring people to salvation in Christ and to positively and permanently change lives for the good of the community The way the church fulfills this basic calling is through empowerment endowing people with the capacity to be recipients and catalysts of positive social and personal change Too many churches in North America have neglected this basic calling argues the author If they are to become thriving centers of personal and social transformation then they must work to empower the whole person through ministries that work at the same time for spiritual relational and communal transformation Only when they thus empower individuals to be disciples of Jesus Christ in ways that then transform those individuals personal relations and the communities in which they live will the church have fulfilled its basic calling

Burning Center, Porous Borders Eleazar S. Fernandez, 2011-10-17 Burning Center Porous Borders articulates what the church is and is called to be about in the world a world now globalized to the point that the local is lived globally and the global is lived locally The church must respond creatively and prophetically to the challenges economic disparity war and terrorism diaspora ecological threat health crisis religious diversity and so on posed by our highly globalized world It can do so only if the church's spiritual center burns mightily Conversely it can burn mightily in the spirit of Christ only if its borders

are porous and allows the fresh air spirit of change to blow in and out While there is much rhetoric about change the most common response to change is to continue doing business as usual This is particularly the case in the face of perceived global threats In spite of the hoopla and euphoria of the global village walls of division and exclusion are rising hearts are constricting and moral imagination shrinking In response to this context Burning Center Porous Borders proposes alternative ways or images of being a church burning center and porous borders wall buster and bridge builder translocal glocal mending healer radical hospitality community of the earth spirit household of life abundant dialogians of life and community of hope In Burning Center Porous Borders congregational vitality and progressive praxis kiss and embrace *The Mark of Zion* Stephen C. The Megachurch and the Mainline Stephen Ellingson,2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members Yet modern life in America can make those customs seem undesirable even impractical As a result many congregations refashion church traditions so they may remain powerful and salient How do these transformations occur How do clergy and worshipers negotiate which aspects should be preserved or discarded Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area Stephen Ellingson s The Megachurch and the Mainline provides new understandings of the transformation of spiritual traditions For Ellingson these particular congregations typify a new type of Lutheranism one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society s emphasis on pragmatism and consumerism Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition This is an important examination of a religion in flux one that speaks to the growing popularity of evangelicalism in America

Mobilizing for the Common Good Peter Slade,Charles Marsh,Peter Heltzel,2013-07-27 Born into a sharecropping family in New Hebron Mississippi in 1930 and only receiving a third grade education John M Perkins has been a pioneering prophetic African American voice for reconciliation and social justice to America s white evangelical churches Often an unwelcome voice and

always a passionate provocative clarion Perkins persisted for forty years in bringing about the formation of the Christian Community Development Association a large network of evangelical churches and community organizations working in America's poorest communities and inspired the emerging generation of young evangelicals concerned with releasing the Church from its cultural captivity and oppressive materialism John M Perkins has received surprisingly little attention from historians of modern American religious history and theologians *Mobilizing for the Common Good* is an exploration of the theological significance of John M Perkins With contributions from theologians historians and activists this book contends that Perkins ushered in a paradigm shift in twentieth century evangelical theology that continues to influence Christian community development projects and social justice activists today **Play, Tongues, and Liberation Power** Shelby T. Boese, 2021-05-13 The recent Pixar animated movie *Soul* illustrates what happens when we are caught up into something The movie uses the common language of being in the Zone Another word for this is being in the state of play Spiritual gifts like speaking in tongues are about normalizing a regular way to enter the zone or play of the Holy Spirit in a way that then empowers us for the rest of non play life Pentecostalism has exploded around the world in part because people have direct encounters in play that empower them to act in new ways This short work explores the nature of play and what happens in the Zone *Feasting on the Word: Pentecost and season after Pentecost 1 (Prophets 3-16)* David Lyon Bartlett, Barbara Brown Taylor, 2009-01-01 We have been honored to work with a multitude of gifted thinkers writers and editors We present these essays as their offering and ours to the blessed ministry of preaching From the introduction by David L Bartlett and Barbara Brown Taylor Book Jacket **Foolishness to Gentiles** Michael L. Budde, 2022-01-06 What happens to the Gospel when you put other loyalties into positions of power in Christian life and practice You get deformations distortions and caricatures of Christianity killing in the name of love defense of worldwide systems of domination idolization of the nation instead of the membership in the global body of Christ and baptism of exploitative and destructive economic ideologies You get much of what world sees as contemporary Christianity in other words Too often however the inadequacies of contemporary Christian life especially in the United States are seen as separate issues in need of improvement or reform *Foolishness to Gentiles* invites readers to see the pathologies of the churches not as a series of disconnected problems but predictable outcomes of deep defects of Christian formation commitments and theology Having mortgaged so much of the integrity of the Gospel in the pursuit of imperial and national citizenship and having allowed the powers of race and capital to divide the unity of the church *Foolishness to Gentiles* calls Christians into deeper reflection repentance and redirection In a series of essays new and previously unpublished previously unpublished in English and published previously in specialized venues *Foolishness to Gentiles* opens doors to deeper theological and socio political reflection and some guideposts for more adequate practices of Christian discipleship in a variety of contexts and circumstances *The Palgrave Handbook of Global Mormonism* R. Gordon Shepherd, A. Gary Shepherd, Ryan T. Cragun, 2020-11-12 This handbook explores contemporary

Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter day Saint in different world regions What is the faith s appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa
