Pieke, 2016-07-27 The

Chinese are among Europe's oldest immigrant communities and are now in several countries among the biggest and economically the most powerful drawing increasing interest from other ethnic minorities governments and researchers This volume opens up and delineates this new field of European overseas Chinese studies reporting on pioneering research on the Chinese in Britain Denmark France Germany Hungary Italy the Netherlands Portugal and Spain and exploring the networks self organizations and migration patterns that are the fabric of the Chinese community in Europe together with the issues of identity language integration and community building that Chinese throughout the continent face The Oxford Handbook of European Islam Jocelyne Cesari, 2015 For centuries Muslim countries and Europe have engaged one another through theological dialogues diplomatic missions political rivalries and power struggles In the last thirty years due in large part to globalization and migration from Islamic countries to the West what was previously an engagement across national and cultural boundaries has increasingly become an internalized encounter within Europe itself Questions of the Hijab in schools freedom of expression in the wake of the Danish Cartoon crisis and the role of Shari'a have come to the forefront of contemporary European discourse The Oxford Handbook of European Islam is the first collection to present a comprehensive approach to the multiple and changing ways Islam has been studied across European countries Parts one to three address the state of knowledge of Islam and Muslims within a selection of European countries while presenting a critical view of the most up to date data specific to each country These chapters analyze the immigration cycles and policies related to the presence of Muslims tackling issues such as discrimination post colonial identity adaptation and assimilation The thematic chapters in parts four and five examine secularism radicalization Shari'a Hijab and Islamophobia with the goal of synthesizing different national discussion into a more comparative theoretical framework The Handbook attempts to balance cutting edge assessment with the knowledge that the content itself will eventually be superseded by events Featuring eighteen newly commissioned essays by noted scholars in the field this volume will provide an excellent resource for students and scholars interested in European Studies immigration Islamic studies and the sociology of religion **The Dark Side of Church/State Separation** Stephen Strehle, 2013-10-16 The Dark Side of Church State Separation analyzes the Enlightenment's attack upon the Judeo Christian tradition and its impact upon the development of secular regimes in France Germany and Russia Such regimes followed the anti Semitic anti Christian agenda of the French Enlightenment in blaming the Judeo Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture Stephen Strehle's analysis extends our understanding of church state relations and its history He confirms the spiritual roots of modern anti-Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti-Semitism and anti Christianity Strehle questions the absolute doctrine of church state separation given its background in the bigotries of the philosophes He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious

community with the state and its secular ideology This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions Readers will gain an understanding of the most influential ideas shaping the modern world and present day culture

Amster, 2013-08-15 The colonial encounter between France and Morocco in the late nineteenth century took place not only in the political realm but also in the realm of medicine Because the body politic and the physical body are intimately linked French efforts to colonize Morocco took place in and through the body Starting from this original premise Medicine and the Saints traces a history of colonial embodiment in Morocco through a series of medical encounters between the Islamic sultanate of Morocco and the Republic of France from 1877 to 1956 Drawing on a wealth of primary sources in both French and Arabic Ellen Amster investigates the positivist ambitions of French colonial doctors sociologists philologists and historians the social history of the encounters and

transformations occasioned by French medical interventions and the ways in which Moroccan nationalists ultimately appropriated a French model of modernity to invent the independent nation state Each chapter of the book addresses a different problem in the history of medicine international espionage and a doctor's murder disease and revolt in Moroccan cities a battle for authority between doctors and Muslim midwives and the search for national identity in the welfare state This research reveals how Moroccans ingested and digested French science and used it to create a nationalist movement and Islamist politics and to understand disease and health In the colonial encounter the Muslim body became a seat of subjectivity the place from which individuals contested and redefined the political

Contemporary French Cultural Studies
William Kidd, Sian Reynolds, 2014-05-01 The study of French culture has long ceased to be purely centred on literature Undergraduate French courses now embrace all forms of cultural production and consumption and students need to have a broad knowledge of everything from day time TV and the latest detective novels to debates about national identity and immigration policies This stimulating text is an introduction to the full range of contemporary French culture Written by a group of leading academics both within and outside France each chapter focuses on a topic from the French cultural scene today Starting with an overview of resources for further information both in print and online the text discusses the varied forms of French cultural expression and looks critically at what Frenchness itself means The book also explores examples of cultural production ranging from sport media and literature to theatre cinema festivals and music An essential resource for students and scholars alike this text provides detailed material and analysis as well as a launch pad for further study

Yearbook of Transnational History Thomas Adam, 2018-05-31 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This inaugural volume provides readers with articles on topics such as soccer travel music and social policy These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations and connections and spaces created by these movements These articles make clear that historical phenomena from travel to music cannot be contained and explained within just one national setting The volume offers further a number of theoretical and methodological articles that provide insights into the concept of transnational history and the approach of intercultural transfer studies Last but not least the volume also includes a number of review articles These review articles provide an examination of books central to teaching transnational history as well as a historiographical exploration of the impact of transnational history on the field of sports history
