Autero, 2016-06-10 In Reading the Bible Across Contexts Esa Autero offers a fresh perspective on Luke s poverty texts In addition to an historical reading he conducted an empirical investigation of two Latin American Bible reading groups one poor and the other affluent to shed light on Luke s poverty texts The interaction between historical reading and present day readings demonstrates the impact of socio economic status on biblical hermeneutics and sheds new light on Luke s views on wealth and poverty At the same time Esa Autero critically examines

liberation theologians claim that poor are privileged biblical interpreters *Classified List ...* Princeton University. Library,1920 *A Visible Witness* Jules A. Martinez-Olivieri,2016-06-03 *A Visible Witness* presents a fresh innovative perspective on a vital movement in twentieth century theology Protestant theology in Latin America emerged over fifty years ago side by side with the initial development of Roman Catholic liberation theology Both traditions have common theological interests the praxical nature of theology Christology and soteriology Protestants also share some of the fundamental intuitions of liberation theology the centrality of praxis in Christian life and the priority of opting for the suffering masses Key Protestant theologians like Jos M guez Bonino Nancy Bedford and Guillermo Hansen challenged Protestant theology in Latin America to develop a Trinitarian hermeneutic for Christology in order to see the work of salvation as the work of the triune God and to relate Christology and pneumatology in ways that fundamentally shape the praxis of the church This dissertation takes on this challenge and proposes a theodramatic Christology that serves to ground the Christian notion of salvation as historical liberation and the church's participation in the present experience of redemption in the Trinitarian and economic work of Jesus Christ The ecclesia of believers participates in God's communicative activity via union with Christ the community of disciples becomes a theater of liberation Classed List Princeton University. Library,1920 **The New Cambridge History of the Bible: Volume 2, From 600 to 1450** Richard Marsden,E. Lampe,1975-10-31 The study of the Bible in the West from Jerome and the Fathers to the time of Erasmus *The Bible and Jews in Medieval Spain* Norman Roth,2021-03-29 *The Bible and Jews in Medieval Spain* examines the grammatical exegetical philosophical and mystical interpretations of the Bible that took place in Spain during the medieval period The Bible was the foundation of Jewish culture in medieval Spain Following the scientific analysis of Hebrew grammar which emerged in al Andalus in the ninth and tenth centuries biblical exegesis broke free of homiletic interpretation and explored the text on grammatical and contextual terms While some of the earliest commentary was in Arabic scholars began using Hebrew more regularly during this period The first complete biblical commentaries in Hebrew were written by Abraham Ibn Ezra and this set the standard

for the generations that followed This book analyses the approach and unique contributions of these commentaries moving on to those of later Christian Spain including the Qimhi family Nahmanides and his followers and the esoteric mystical tradition Major topics in the commentaries are compared and contrasted Thus a unified picture of the whole fabric of Hebrew commentary in medieval Spain emerges In addition the book describes the many Spanish Jewish biblical manuscripts that have remained and details the history of printed editions and Spanish translations for Jews and Christians by medieval Spanish Jews This book will appeal to scholars and students of medieval Spain as well as those interested in the history of religion and cultural history
