Copyright Office, 1929 The New Statesman, 1928 More Books Boston Public Library, 1929 **The Booklist**, 1929 *Gandhi in the West* Sean Scalmer, 2011-01-06 The non violent protests of civil rights activists and anti nuclear campaigners during the 1960s helped to redefine Western politics But where did they come from Sean Scalmer uncovers their history in an earlier generation's intense struggles to understand and emulate the activities of Mahatma Gandhi He shows how Gandhi's non violent protests were the subject of widespread discussion and debate in the USA and UK for several decades Though at first misrepresented by Western newspapers they were patiently described and clarified by a devoted group of cosmopolitan advocates Small groups of Westerners experimented with Gandhian techniques in virtual anonymity and then on the cusp of the 1960s brought these methods to a wider audience The swelling protests of later years increasingly abandoned the spirit of non violence and the central significance of Gandhi and his supporters has therefore been forgotten This book recovers this tradition charts its transformation and ponders its abiding significance **Reading Orientalism** Daniel Martin Varisco, 2017-04-11 The late Edward Said remains one of the most influential critics and public intellectuals of our time with lasting contributions to many disciplines Much of his reputation derives from the phenomenal multidisciplinary influence of his 1978 book *Orientalism* Said's seminal polemic analyzes novels travelogues and academic texts to argue that a dominant discourse of West over East has warped virtually all past European and American representation of the Near East But despite the book's wide acclaim no systematic critical survey of the rhetoric in Said's representation of *Orientalism* and the resulting impact on intellectual culture has appeared until today Drawing on the extensive discussion of Said's work in more than 600 bibliographic entries Daniel Martin Varisco has written an ambitious intellectual history of the debates that Said's work has sparked in several disciplines highlighting in particular its reception among Arab and European scholars While pointing out Said's tendency to essentialize and privilege certain texts at the expense of those that do not comfortably fit his theoretical framework Varisco analyzes the extensive commentary the book has engendered in Oriental studies literary and cultural studies feminist scholarship history political science and anthropology He employs critical satire to parody the exaggerated and pedantic aspects of post colonial discourse including Said's profound underappreciation of the role of irony and reform in many of the texts he cites The end result is a companion

volume to Orientalism and the vast research it inspired Rather than contribute to dueling essentialisms Varisco provides a path to move beyond the binary of East versus West and the polemics of blame Reading Orientalism is the most comprehensive survey of Said's writing and thinking to date It will be of strong interest to scholars of Middle East studies anthropology history cultural studies post colonial studies and literary studies
