In order to help children through their pain, parents and caregivers need access to the proper resources that will help them discuss these topics, and educational professionals need reliable resources for creating courses of study on these subjects. These resources include books, Internet sites, and media titles aimed at students and those helping them through the grieving process. Chapters in this volume include fiction and non-fiction titles about the loss of a family member, a friend, and a pet, as well as general reference resources, curricular resources, and websites. Annotations provide complete bibliographical descriptions of the entries, and each entry is identified with the grade levels for which it is best suited.
