First Comes Love Diane C. Elvenstar, 1984 **The Case for Marriage** Linda Waite, Maggie Gallagher, 2002-03-05 A groundbreaking look at marriage one of the most basic and universal of all human institutions which reveals the emotional physical economic and sexual benefits that marriage brings to individuals and society as a whole The Case for Marriage is a critically important intervention in the national debate about the future of family Based on the authoritative research of family sociologist Linda J Waite journalist Maggie Gallagher and a number of other scholars this book s findings dramatically contradict the anti marriage myths that have become the common sense of most Americans Today a broad consensus holds that marriage is a bad deal for women that divorce is better for children when parents are unhappy and that marriage is essentially a private choice not a public institution Waite and Gallagher flatly contradict these assumptions arguing instead that by a broad range of indices marriage is actually better for you than being single or divorced physically materially and spiritually They contend that married people live longer have better health earn more money accumulate more wealth feel more fulfillment in their lives enjoy more satisfying sexual relationships and have happier and more successful children than those who remain single cohabit or get divorced The Case for Marriage combines clearheaded analysis penetrating cultural criticism and practical advice for strengthening the institution of marriage and provides clear essential guidelines for reestablishing marriage as the foundation for a healthy and happy society A compelling defense of a sacred union The Case for Marriage is well written and well argued empirically rigorous and learned practical and commonsensical William J Bennett author of The Book of Virtues Makes the absolutely critical point that marriage has been misrepresented and misunderstood The Wall Street Journal www.broadwaybooks.com First Comes Love Heather Heyford, 2018-05-29 A sweet story rich in family relationships small town comfort and a romance between two deserving people from the author of The Sweet Spot The Romance Dish In Heather Heyford s second Willamette Valley Romance a single mom and attorney with deep roots in the rolling hills of Oregon s Ribbon Ridge wine country thinks her family is perfect as is until she crosses paths again with a gruff police officer who has two boys of his own After detective Alex Walker s last case in Portland is skewered by a tough as nails attorney he decides to finish out his career on a quiet note in the Willamette Valley Dedicated to his job and committed to his family he s fine letting his brusque exterior keep even the thought of a relationship at bay especially once he realizes his new hometown is the old hometown of the attorney who ruined his last case Single mom and attorney Kerry O Hearn is just as wary as Alex is thanks to her disastrous first marriage But she isn t fooled by Alex s tough guy image When he asks for her assistance in gaining custody of two little boys from an abusive foster home she sees what he desperately tries to hide a giant sized heart Between them they have five kids and a whole barrel of bad experience And yet Kerry can t shake the feeling that she and the crusty cop were meant to be Praise for the Willamette Valley Romances Heather Heyford always pulls at my heartstrings Guilty Pleasures on Right All Along Heartfelt and engaging Urban Book Reviews on The

Sweet Spot Right Turns Michael Medved, 2004-12-28 Nationally syndicated talk radio host and noted film critic Michael Medved has taken an extraordinary journey from liberal activist to outspoken conservative. Along the way he has earned millions of admirers and more than his share of enemies by advancing controversial often counterintuitive arguments including Liberals love losing because it makes them feel virtuous. America isn't normal it's bizarrely blessed. Hollywood has lost touch with America and punishes people who point that out. Conservatives are both happier and nicer than liberals. Talk radio is a source of hope not hatred. Business isn't exploitative it's heroic. There is no such thing as planned parenthood. A more Christian America is good for the Jews. Do it yourself conservatism provides the only cure for save the world liberalism. In the candid electrifying Right Turns Medved chronicles the adventures that taught him these and many other lessons the startling events that propelled him from Vietnam protest leader to optimistic promoter of American patriotism from secularism to religion from adventurous single guy to doting husband and father. In the process he skewers leftist orthodoxy revealing why the Right is right and why his former colleagues on the Left remain hopelessly wrong on every cultural political and social issue. Medved enters today's ideological fray armed with experience as among many other things a campaign aide for radical Democrats a minority recruiter for police departments a Hollywood screenwriter a Bobby Kennedy volunteer a teacher at religious schools a world champion hitchhiker an expert on bad movies and a veteran TV host on PBS and a British network who declines to own a TV himself. Medved relishes the contradictions behind the high profile controversies in which he's played a leading role as a prominent movie reviewer who attacked the film industry in a bestselling book as an observant Jew whose radio show is a favorite with evangelical Christians as a writer once designated the Bard of the Baby Boomers who now expresses contempt for his generation's arrogant indulgence and as a fearless battler who has sought advice from both Rush Limbaugh and Hillary Clinton and has given advice to both Mel Gibson and Barbra Streisand. Right Turns displays the slashing argument and disarming wit that have made Medved's radio program America's number one show on politics and pop culture.

First Comes Love Lea Coll, 2022-06-14 Get the first book in every series in one box set. Get the first book in each of my small town series in one box set. Only with You. First I turned down a marriage proposal then I moved to Annapolis to open a law firm. I thought my world couldn't change any more. Until Cade stepped into my office smelling of sawdust with his company's T shirt stretched taut over his chest and biceps. Everything about him was sexy as sin and completely off limits. Fighting Chance. I'm not bitter that Savannah St James rejected me in high school. It's her cluttered storefront I have a problem with. Still it's hard to stay mad at her when she's more beautiful than I remember and her son keeps finding new ways to sneak over to my hardware store every chance he gets. Choose Me. Being a defense lawyer in a small town is not easy especially when I am defending the criminals they loathe. And then wouldn't you know it I attract the attention of the hottest cop in the entire town. He's smart rugged and completely irresistible.

Marital and Sexual Lifestyles in the United States Linda P Rouse,2013-12-16 Learn the changing role of sexuality in American life This helpful book offers a solid background in the sociology of family life and personal sexuality Marital and Sexual Lifestyles in the United States Attitudes Behaviors and Relationships in Social Context is designed to give readers a broad view of the diversity of contemporary U S attitudes behaviors and relationships It also covers basic sociological concepts and research methods Most human sexuality texts focus on the individual whereas texts designed for sociology courses on the family downplay individual sexual expression Marital and Sexual Lifestyles in the United States integrates the two approaches The choices of the individual take on additional meaning when seen within a unified historical statistical and conceptual framework Marital and Sexual Lifestyles in the United States gives readers the tools to consider such pressing issues as Does the divorce rate mean that the institution of marriage is in trouble Are children s futures impaired if they come from single parent households Should same sex couples be allowed to marry How does marriage differ from cohabitation What are the real sexual differences between the genders What is sexual morality How much confidence can we place in studies of human sexuality by such social scientists as Alfred Kinsey and Masters and Johnson These questions and others like them are placed in the context of U S social trends beginning with the 1950s and moving toward today Plentifully illustrated with tables charts and figures that show where we are going as well as where we have been Marital and Sexual Lifestyles in the United States gives a clear perspective on relationships in social context *First Comes Marriage* Reva Seth,2008-06-03 Seven time tested secrets to dating the husband of your dreams taken from the centuries old tradition of arranged marriages Want commitment love and romance Forget The Rules and stop waiting for an idealized Prince Charming In *First Comes Marriage* Reva Seth shares the wisdom of more than three hundred women in arranged marriages and shows how this classic tradition can teach twenty first century women important lessons about how to find and keep Mr Right The men you date will become the men you marry The seven secrets in this counterintuitive guide will help you become more selective and increase your chances of finding the right person to share your life with Seth knows her secrets work she married her husband after only meeting him seven times Secret 1 Your man doesn t have to be your best friend That s why you ve had a best girlfriend all along right Secret 4 It doesn t matter if he doesn t dance Common interests are less important than shared values Secret 6 Sexual chemistry isn t always organic Attraction can be created if you know how to unlock your passion A practical surprisingly progressive guide to love and romance *First Comes Marriage* will open your eyes to what makes a guy perfect for you and will help you find him date him and keep falling in love with him forever *The Spartan Lady in Red* Steve Spencer,2025-04-11 This is a story of a modern day Spartan Though not a biography it is biographical in the form of anecdotal tales inspired by a life well lived The life and work of Debby House Spencer positively affected folks and communities throughout Appalachia and the mid southern part of the USA Through dogged determination and her

mantra of we make things happen she completed hundreds of projects by getting folks to work together Her mental and physical toughness were epic yet simple and stoic thus the Spartan analogy In her honor this book is a celebration of her life not about grieving and her death My method of dealing with her loss has been to write about Debby s anecdotal history and cherished memories from our 42 years together The anecdotes about my best friend lover wife and partner are blended with entries from my journal posted as a blog in the year following her death As a critic and unofficial editor she helped with my earlier book writing efforts She knew that specific truth involving my storytelling was semi twisted As Mark Twain stated A writer should never let the truth stand in the way of a good tale With that said do not assume that this is a work of fiction All the tales happened There are no lies and no fabrications However my memory may be somewhat fogged with age and the numerous blows to my head through the years This book is the result of encouragement by a wide range of folks Some had also lost spouses some only desired to read my tales but many were friends who thought I had some talent Though I question the talent thing writing is how I manage the grieving process from her loss And notice the tense in the previous sentence because memories last a lifetime and grief never ends Understanding that grief will never end does not mean I spend considerable time depressed Rather it is a recognition that life goes on albeit with significant changes
