First In His Class The Biography Of Bill Clinton 16 Cassettes

Mark White

First In His Class The Biography Of Bill Clinton 16 Cassettes:

The Presidency of Bill Clinton Mark White, 2012-05-15 The presidency of Bill Clinton has an intrinsic historical significance a marker of generational change as he was the first baby boomer to reach the White House the first president whose personal life received no less attention than his policies and the first elected Democrat President to win re election since Franklin Roosevelt This book provides wide ranging coverage of Clinton s career addressing the salient aspects of Clinton s life in politics his governorship the 1992 presidential campaign the battle for health care reform his economic policies the issue of character including the Monica Lewinsky scandal his foreign policy specifically his role in the peace process in Northern Ireland and in authorizing an aerial war in Kosovo his handling of the issue of gay rights and his relationship with the Hollywood film industry Based on the latest research this volume provides important new perspectives on Clinton s life in politics It will be essential reading for anyone interested in American History Politics and International Relations

Words on Cassette, 2002 R R Bowker Publishing, 2002

Clinton's Elections Michael Nelson, 2020-02-21 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party s inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton s presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In Clinton s Elections Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton s place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction

American Voices Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events Many of America s most important moments and issues such as wars scandals election campaigns September 11 2001 have been defined by oratory Here over 50 essays cover a substantial and interesting group of major American social political economic and cultural figures from the 1960s to the present Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach focuses mainly on a discussion of

the orator's major speeches within the context of historical events and concludes with an appraisal of the speaker and his or her contribution to American political and social life. All entries incorporate chronologies of major speeches, bibliographies including primary sources, biographies and critical studies, and archival collections or Web sites appropriate for student research. Entries include high profile individuals such as John D. Ashcroft, Elizabeth Dole, Jerry Falwell, Anita Hill, Ralph Nader, Ronald Reagan, Janet Reno, Gloria Steinem, Malcolm X, and many others. Excerpts of major speeches and sidebars complement the text. Ideal for researchers and students in public speaking classes, American history classes, American politics classes, contemporary public address classes, and rhetorical theory/criticism classes.

The Clinton Tapes Taylor Branch, 2009-09-29
Former President Bill Clinton speaks intimately over seven years to his long time friend, a Pulitzer Prize winning historian about what it's like to be president. Providing illuminating commentaries on major issues, these conversations depict Clinton as a principled man with a restless intellect. b w photographs

Tag Teaming the Press James E. Mueller, 2008-06-27
Tag Teaming the Press: James Mueller's lively account of the evolution of the press relations of Bill and Hillary Clinton begins with the couple's earliest student political activism in the sixties and continues through Hillary's run for the White House in 2008. Based largely on interviews with the journalists who covered them, the book explains how the most powerful political couple in America learned to handle the media, an indispensable skill for the twenty-first century politician. Mueller shows that the Clintons honed that skill through years of interacting with journalists—as campaign workers, as candidates, and as candidates' spouses. He also makes clear that it is the latter category that makes the Clintons unique among American political couples. At various times in their more than 30 years in politics, Bill and Hillary have fulfilled a number of roles for each other in dealing with reporters, including lightning rod, bad cop, good cop, and schmoozer. Mueller examines each of these roles and discusses how the Clintons played them, sometimes winning, sometimes losing, but always well worth watching. Written in an engaging style but based on thorough research, Tag Teaming the Press is a valuable resource for students of media and politics and an informative read for anyone who cares about American democracy and the role the press plays in it.

Presidents Who Shaped the American West Glenda Riley, Richard W. Etulain, 2018-02-08
Generations of Americans have seen the West as beyond federal control and direction. But the national government's presence in the West dates to before Lewis and Clark, and since 1789 a number of U.S. presidents have had a penetrating and long-lasting impact on the region. In *Presidents Who Shaped the American West*, noted historians Glenda Riley and Richard W. Etulain present startling analyses of chief executives and their policies, illuminating the long reach of presidential power. The authors begin each chapter by sketching a particular president's biography and explaining the political context in which he operated while in office. They then consider overarching actions and policies that affected both the nation and the region during the president's administration, such as Thomas Jefferson's augmentation of the West via the Louisiana Purchase and Andrew Jackson's removal of American Indians from the Southeast to Indian Country in the West; Abraham Lincoln's promotion of the Homestead Act, a transcontinental

railroad and western territories and states free of slavery marked further extensions of presidential power in the region Theodore Roosevelt s conservation efforts and Jimmy Carter s expansion of earlier policies reflected growing public concern with the West s finite natural resources and fragile natural environment Franklin D Roosevelt s New Deal Dwight D Eisenhower s highway program and Lyndon B Johnson s Great Society funneled federal funding into the West In return for this largesse some argued the West paid the price of increased federal hegemony and Ronald Reagan s presidency arguably curbed that power Riley and Etulain also discuss the most recent presidential terms and the region s growing political power in Congress and the federal bureaucracy With an accessible approach Presidents Who Shaped the American West establishes the crucial and formative nature of the relationship between the White House and the West and will encourage readers to continue examining this relationship

The Character Factor James P. Pfiffner, 2004 Annotation The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both moral judgments and cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment

Words on Cassette, 1999 Bowker Editorial Staff, Staff Bowker R R, Bowker, 1999-02

The Clinton Riddle Todd G. Shields, Jeannie M. Wayne, Donald R. Kelley, 2004-01-01 In 2002 a distinguished interdisciplinary group of scholars gathered at the Diane D Blair Center of Southern Politics and Society at the University of Arkansas to provide a critical evaluation of the Clinton Gore administration Their groundbreaking assessment of the most controversial president in modern times treats such crucial topics as race women and minorities the character issue foreign policy and the media This book provides a unique vantage point on the Clinton riddle that all future studies will need to consider

Books Out Loud, 2007 *Democracy for Hire* Dennis W. Johnson, 2016-10-18 This book is a history of political consulting in America examining how the consulting business developed highlighting the major figures in the consulting industry and assessing the impact of professional consulting on elections and American democracy A key focus is on presidential elections beginning in 1964 and the important role played by consultants and political operatives

Ron Brown's Body Jack Cashill, 2004 The mysterious death of Ron Brown has caused much controversy and suspicion and in this investigative book Cashill takes a close look at Brown s checkered career as Clinton fund raiser and commerce secretary and consequently exposes the Clintons dirty relentless practices for getting financial backing Cashill answers the most trenchant questions surrounding Brown s rise and fall Why did his plane crash Why did the White House suppress an investigation

What was the purpose of Brown's trade missions And what larger forces caused the Clintons to seek international cash Using the case of Ron Brown's untimely death as a touchstone for the Clintons unseemly and unsavory practices in the White House Cashill explores the seedy depths of the most corrupt administration in American history during its two most desperate years and focuses directly on the machinations of the direst threat to today's political scene Hillary Clinton [Talking Book Topics](#),1996 Includes audio versions and annual title author index

The 9/11 Commission Report with Related Documents Ernest R. May,2007-02-27 The terrorist attacks of September 11 2001 left Americans wondering how such a breach of security could have occurred Relatives and friends of the victims pushed for the creation of a National Commission on Terrorist Attacks upon the United States to investigate the government's preparedness for and response to the attacks and to provide recommendations for preventing future disasters As Senior Advisor to the 9 11 Commission Ernest R May provides students with a firsthand account of the commission's methods and actions His introduction which describes the drafting process and the collaboration of the commissioners despite the bitter political divisions surrounding them allows students to view the report as an historical document The report itself has been carefully abridged for the classroom while preserving the essence of the complete version A cast of characters a glossary of political acronyms a chronology a selected bibliography and questions for consideration make this edition ideal for students

Presidents, the Presidency, and the Political Environment John H. Kessel,2001 Kessel Ohio State University emeritus draws on the presidencies of Eisenhower through Clinton to examine the president in the context of the institutional presidency and the political environment The role and importance of the White House staff is emphasized and the relationships between the White House and Congress and the media are examined Kessel also evaluates each contemporary president based on their successes and failures in policy c Book News Inc
