Plato John Niemeyer Findlay, 2012-10-12 J N Findlay distinguished scholar and acknowledged expert on Plato argues persuasively for a new interpretation of the Platonic writings He believes that Plato s Unwritten Doctrines were present in the background of all the great philosopher s mature written work With the use of Aristotelian and other writings on these reported doctrines he demonstrates that they admit of an intelligible elucidation and they direct indispensable light upon the full meaning of the written Dialogues The author emphasizes the valuable use of Platonic notions and methods by the Neoplatonists and the Schoolmen as well as by such modern thinkers as Husserl and Russell He also censures as a great misinterpretation the widespread Aristotelian view of Platonism as a two world theory and argues that for Plato the Ideas and their Principles alone have full reality everything else being logically parasitic upon them The work also includes two important Appendices the first providing translations of the Aristotelian and other ancient material regarding Plato s oral teaching the second criticizing and refuting the views of Harold F Cherniss on the same material

Buck 'Em! Randy Poe, Buck Owens, 2013-11-01 Book Buck Em The Autobiography of Buck Owens is the life story of a country music legend Born in Texas and raised in Arizona Buck eventually found his way to Bakersfield California Unlike the vast majority of country singers
