The MaddAddam Trilogy Bundle Margaret Atwood,2014-08-12 A trilogy bundle three ebooks in one of the internationally celebrated speculative fiction trilogy from the 1 New York Times bestselling author of The Handmaid s Tale Across three stunning novels Oryx and Crake The Year of the Flood and Maddaddam the best selling Booker Prize winning novelist projects us into a near future that is both all too familiar and beyond our imagining In Oryx and Crake a man struggles to survive in a world where he may be the last human In search of answers he embarks on a journey through the lush wilderness that was so recently a great city until powerful corporations took mankind on an uncontrolled genetic engineering ride In The Year of the Flood the long feared waterless flood has occurred altering Earth as we know it and obliterating most human life And in Maddaddam a small group of survivors band together with the Children of Crake the

gentle bioengineered quasi human species who will inherit this new earth Set in a darkly plausible future shaped by plagues floods and genetic engineering these three novels take us from the end of the world to a brave new beginning Thrilling moving and a triumph of imagination the Maddaddam Trilogy confirms the ultimate endurance of humanity community and love Beyond the Reach of Earth Ken MacLeod,2023-03-21 IF YOU LIKE SCIENCE FICTION YOU WILL LOVE THIS A ROLLICKING GOOD READ Scotsman on Beyond the Hallowed Sky MACLEOD S BEST BOOK TO DATE SFX on Beyond the Hallowed Sky THE FERMI ARE AWAKE With the invention of faster than light travel there is nowhere that humanity cannot go New worlds are discovered but with them come new dangers At the heart of the discovery is the Fermi mysterious beings that have survived on alien worlds for longer than humanity has existed But now the Fermi are awakening and they do not seem pleased to find humans in their midst But for Lakshmi Nayak and the crew of the Fighting Chance danger is a lot closer to home Their search for answers will take them to places and worlds they never expected Science fiction legend Ken MacLeod returns with book two in the Lightspeed trilogy a gripping tale of first contact and dark conspiracies set among the stars Praise for Ken MacLeod An exceptional blend of international politics hard science and first contact Michael Mammay author of the Planetside series on Beyond the Hallowed Sky MacLeod is up there with Banks and Hamilton as one of the British sci fi authors you absolutely have to read SFX Prose as sleek and fast as the technology it describes watch this man go global Peter F Hamilton on Star Fraction Ken MacLeod has an enviable track record of extrapolating from current trends to produce mind bending novels of ideas Guardian Also by Ken MacLeod Lightspeed Beyond the Hallowed Sky Fall Revolution The Star Fraction The Stone Canal The Cassini Division The Sky Road Engines of Light Cosmonaut Keep Dark Light Engine City Corporation Wars Trilogy Dissidence Insurgence Emergence Novels The Human Front Newton s Wake Learning the World The Execution Channel The Restoration Game Intrusion Descent **The Emerald Modem** Richard Leviton,2004-05-04 Twenty years ago in England author Richard Leviton discovered the planet Following quite specific guidance he began a long process that amounted to an apprenticeship My mentors dispatched me to various specific locations in the Somerset landscape and at all hours of the night and day I sat on hills and valleys and rocks under sunlight moonlight rain snow and fog and had visions I started to see another landscape behind the apparent landscape It was an apparitional landscape with stars planets galaxies angels spirits of Nature mythic deities divinity As time went on he found himself talking with angels visiting celestial cities and following gnomes He came to understand that at one level we are the planet and that both we and it have an intimate relationship with our galaxy I found myself living inside the myths of the world as if they were expert scripts for real life inner adventures I never once thought I was crazy Why should I Quite the opposite I believed I was finally getting grounded in something real But it would take me twenty years to make sense of it That sense is embodied in The Emerald Modem The Emerald Modem includes direct correspondences between human chakras and the Earth s energy features and the galactic originalstables listing locations of sacred sites around the planet

where you may experience this relationship explanations of world myths which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception sacred sites energy points vertexes etc into a global interactive model that ties human consciousness directly to it Leviton describes 85 subtle features in the planetary landscape places you can go for mystical experiences They are features of the Earth s energy body almost all invisible to conventional sight But psychic cognition can be trained and you can usefully interact with any of these types of sites today without seeing what you re doing Your intent to interact for the benefit of yourself and the planet is all that s required Just as modems dial us into the Internet so the features of the Earth s energy body described in *The Emerald Modem* help us get online with the galaxy You can learn to visit Grail Castles experience a Mount Olympus or walk through the stars in a landscape zodiac and you can learn enough to become confident that you re not traveling alone *Pursuing an Earthy Spirituality* Gary S. Selby, 2019-05-21 Engaging the writings of C S Lewis Gary Selby contends that spiritual formation comes about not by retreating from the physical world but through deeper engagement with it By considering themes such as our human embodiment our sense of awareness in our everyday experiences and the role of our human agency Selby demonstrates that an earthy spirituality can be a robust spirituality
