The Gospel of John Associate Professor of Religious Studies Hugo Méndez, Hugo Méndez, 2025 The Gospel of John reimagines the origins of the Gospel of John one of the central scriptures of the Christian tradition It argues that the book is a falsely authored work pseudepigraphon written in the persona of an invented disciple of Jesus It lays out John's distinctive ideology and offers an exciting new symbolic reading of its narrative And in its later chapters it argues that other works among them 1 John 2 John 3 John the Apocryphon of John and Revelation are also falsely authored works written to co-opt the identity of this invented disciple

1 3 John In her commentary on John's letters Karen H. Jobes writes to bridge the distance between academic biblical studies and pastors students and laypeople who are looking for an in-depth treatment of the issues raised by these New Testament books She approaches the three letters of John as part of the corpus that includes John's gospel while rejecting an elaborate redactional history of that gospel that implicates the letters Jobes treats three major themes of the letters under the larger rubric of who has the authority to interpret the true significance of Jesus an issue that is pressing in our religiously pluralistic society today with its many voices claiming truth about God
