## First Steps In Theosophy 19:

First Steps in Christian Religious Renewal Rudolf Steiner, 2010-11 6 lectures and 2 discussions in Stuttgart June 12 16 1921 CW 342 The lectures and discussions presented in First Steps in Christian Religious Renewal make up the first of the five Priest Courses They record the first steps of the remarkable journey taken in 1921 by a small group of dedicated souls who out of their own inner needs and guided by Rudolf Steiner sought a path to Christian religious renewal Addressing the group with warm intimacy Steiner frames their task not primarily in theological terms but as a need for a renewing the religious or the working of the religious element as such For this the sermon or how we speak is central for today we must use language in new ways We cannot reopen the spiritual worlds by starting from old conditions Traditional religious life has become too corrupted while modern culture has radically changed and become divorced from tradition In earlier times people could understand concepts such as Christ grace and salvation but now we need a new starting point one that begins with the reality that we cannot teach anything we do not believe and have not experienced When we speak images and symbols must be experienced as real we can no longer hold the split view that accepts both modern science as it is and spiritual reality as it is Next Steiner turns to the group's stated concerns ritual the sermon community building and the relationship between these and individual efforts to awaken to the I Here a question arises about the extent to which such matters should become conscious The question arises How do we avoid conscious religious content from becoming abstract intellectual and cut off from feeling All too often intellect is confused with consciousness Yet Goethe for one was certainly conscious and was able to think pictorially and live in images without falling into intellectuality We too must learn to do so In a sense however even this is secondary Community building which requires finding what lives and weaves between human beings is the key To bring the community to birth Steiner advises the group to abandon teaching or exercising power through words and concepts Instead of focusing on knowledge of God theology they must find a way to communicate actual life in God experience of the divine within the soul This means that they must learn to live in a content that is greater and beyond what they can speak Thus the importance of ritual which must remain simple while expressing inner transformation of the human being or the en Christing imbuing the human being with Christ Steiner explains Human beings are not born imbued with Christ beforehand by way of inheritance they must find the Christ in themselves Such transformation en Christing can be expressed symbolically in many ways through simple effective ritual First Steps in Christian Religious Renewal is a translation from German of *Vorträge und Kurse über christliches religiöses Wirken* Bd 1 Anthroposophische Grundlagen für ein erneuertes christliches religiöses Wirken GA 342 The Theosophist, 1884 *Theosophical Siftings*, 1892 **First Step into Bhagavad Gita** Rajesh Rabindranath, Dr. Vikrant Singh Tomar, Avanti Kundalia, 2024-01-02 First Step into the Bhagavad Gita is the pioneering volume in the Gita Odyssey series co-authored by Rajesh Rabindranath Avanti Kundalia and Vikrant Singh Tomar The cacophony of daily life often reduces texts of timeless wisdom to ornate shelf decorations First Step
