Birdmen Lawrence Goldstone, 2015-04-21 From acclaimed historian Lawrence Goldstone comes a thrilling narrative of courage determination and competition the story of the intense rivalry that fueled the rise of American aviation. The feud between this nation's great air pioneers the Wright brothers and Glenn Curtiss was a collision of unyielding and profoundly American personalities. On one side a pair of tenacious siblings who together had solved the centuries old riddle of powered heavier than air flight. On the other an audacious motorcycle racer whose innovative aircraft became synonymous in the public mind with death defying stunts. For more than a decade they battled each other in court at air shows and in the newspapers. The outcome of this contest of wills would shape the course of aviation history and take a fearsome toll on the
