*Laura Bush* Robert P. Watson, 2005 In this book version of the official report presented to First Lady Laura Bush the reader will find the same contents that were included in the actual report This report marks the first ever time that such an undertaking was performed for the nation's first lady The report designed as a service to assist Mrs Bush in meeting the demands of her new role contains advice for the first lady and her senior staff as well as information on the history challenges and duties associated with the Office of the First Lady The contributors include the former first ladies public officials and leading historians of the first ladyship The Office of the First Lady is arguably the most intriguing and demanding unpaid job in the country The president's wife is in the unique position to wield significant power and influence as she presides over White House social affairs and important social projects while serving as the president's most trusted confidante and one of the country's most celebrated women First Ladies of the Restoration Frances Hartman

Mulliken, 1985 *First Ladies* Betty Caroli, 2010-07-15 Betty Boyd Caroli's engrossing and informative *First Ladies* is both a captivating read and an essential resource for anyone interested in the role of America's First Ladies This expanded and updated fourth edition includes Laura Bush's tenure Hillary Clinton's 2008 presidential bid and an in-depth look at Michelle Obama one of the most charismatic and appealing First Ladies in recent history Covering all forty-one women from Martha Washington to Michelle Obama and including the daughters daughters in law and sisters of presidents who sometimes served as First Ladies Caroli explores each woman's background marriage and accomplishments and failures in office This remarkably diverse lot included Abigail Adams whose remember the ladies became a twentieth-century feminist refrain Jane Pierce who prayed her husband would lose the election Helen Taft who insisted on living in the White House although her husband would have preferred a judgeship Eleanor Roosevelt who epitomized the politically involved First Lady and Pat Nixon who perfected what some have called the robot image They ranged in age from early 20s to late 60s some received superb educations for their time while others had little or no schooling Including the courageous and adventurous the emotionally unstable the ambitious and the reserved these women often did not fit the traditional expectations of a presidential helpmate Here then is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture These women left remarkably complete records and their stories offer us a window through which to view not only this particular sorority of women but also American women in general Impressive Caroli's profiles and observations of American first ladies and their relationship to the media are intelligent and perceptive Philadelphia Inquirer

*Restoring the First-century Church in the Twenty-first Century* Warren Lewis, Hans Rollmann, 2005-10-15

Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor *Studies in the History and Culture of World Christianities*

**The Struggle for Self-determination** David Beck, 2005-01-01 Drawing on meticulous archival research and a close working relationship with the Menominee Historic Preservation Department David R M Beck picks up where his earlier work Siege and Survival History of the Menominee Indians 1634 1856 ended The Struggle for Self Determination begins with the establishment of a small reservation in the Menominee homeland in northeastern Wisconsin at a time when the Menominee economic political and social structure came under aggressive assault For the next hundred years the tribe attempted to regain control of its destiny enduring successive policy attacks by governmental religious and local business sources The Menominee s rich forests became a battleground on which they refused to cede control to the U S government The struggle climaxed in the mid twentieth century when the

federal government terminated its relationship with the tribe Throughout this time the Menominee fought to maintain their connection to their past and to regain control of their future The lessons they learned helped them through their greatest modern disaster termination and enabled them to reconstruct a government and a reservation as the twentieth century drew to a close The Struggle for Self Determination reinterprets that story and includes the viewpoint of the Menominee in the telling of it      **Library of Congress Subject Headings** Library of Congress,1995      Governors' Mansions of the Midwest Ann Liberman,2003 Governors Mansions of the Midwest explores the history of 12 prominent mansions in the Midwest Liberman focuses on architectural history from the houses construction to various alterations made by later occupants to renovations of recent years      **Revisiting the RESTORE Act** United States.
