Dragons — Guardians of Creative Powers Jaap van Etten, 2019-04-22 Do you feel that you often do not get what you desire The key to changing what no longer satisfies you is to change what no longer works for you Every thought is an intention that sets a process of energies into motion That s when the creative process starts Understanding that we create continuously on small and large levels is the first step in realizing that when something no longer works for us it is the consequence of a disruption in the creative process and the way we think This book describes the different types of creative processes The elemental fire water air and earth powers are the basis of all creation Understanding the different aspects of these creative powers will help you to become a conscious creator Guardians are connected with every aspect of the elemental powers They are known as dragons however different traditions use different names for them such as angels or nature spirits These dragons are not the scary type often depicted in stories They are among the strongest allies we can ask for They belong to the subtle realms and therefore are invisible to most people This book offers information to help you reconnect with these creative powers and their guardian dragons Through this connection you will become a conscious creator and change your life in ways that lead to success joy happiness and abundance Thereby you will contribute optimally to the creation of a new world Are you ready for this exhilarating journey **The Book of Dragons** E. After Jose Santos's younger sister secretly enters them both into the yearly dragon lottery and they get selected, he begrudgingly agrees to participate. It means picking a human female from a giant room full of them and staying around just long enough to get her pregnant. However, when his dragon notices one female who keeps hiding behind a book, Jose has a new plan: win his fated mate no matter what it takes. Victoria Lewis prefers being home with a book and away from large crowds. But she desperately wants to study dragon shifters at close range, so she musters up her courage to enter the dragon lottery. When she's selected as one of the potential candidates, she decides to accept her spot. After all, it's not as if the dragon shifter will pick her, an introverted bookworm who prefers jeans and sweats to skirts or fancy clothes. Well, until he's standing right in front of her with flashing eyes and says he wants her. As Jose tries to win his fated female, trouble stirs inside his clan. Will he be able to keep his mate with him forever? Or will the American Department of Dragon Affairs whisk her away to some other clan to protect her? NOTE: This is a quick steamy standalone story about fated mates and sexy dragon shifters near Lake Tahoe in the USA. You don't have to read all my other dragon books to enjoy this one. **Savage Dragon #78** Erik Larsen, 2000-09-06. Dragon is attacked by the robotic minions of Cyberface, who in this savage new world seems to be a nanite-based entity living within all computer systems. Dragon barely manages to escape his clutches and is forced to steal from corpses and abandoned stores for food, clothing, and money. As he attempts to get some rest in an empty cellar, his mind is invaded by the worm-like parasites of a mutated infant who feeds on Dragon's nightmares. After Dragon awakens, he does battle with and buries the Brain Child under tons of rubble. He leaves the scene with four young women, the creature's former captives.
