A vibrant and perceptive novel about a father's plot to win back his children's inheritance. Arthur Alter is in trouble. A middling professor at a Midwestern college, he can't afford his mortgage, he's exasperated his much younger girlfriend, and his kids won't speak to him. And then there's the money, the small fortune his late wife Francine kept secret, which she bequeathed directly to his children. Those children are Ethan, an anxious recluse living off his mother's money on a choice plot of Brooklyn real estate, and Maggie, who would be doing better trying to fashion herself a noble life of self-imposed poverty. On the verge of losing the family home, Arthur invites his children back to St. Louis under the guise of a reconciliation. But in doing so, he unwittingly unleashes a Pandora's box of age-old resentments and long-buried memories, memories that orbit Francine, the matriarch whose life may hold the key to keeping them together. Spanning New York, Paris, Boston, St. Louis, and a small desert outpost in Zimbabwe, *The Altruists* is a darkly funny and ultimately tender family saga that confronts the divide between baby boomers and their millennial offspring. It's a novel about money, privilege, politics, campus culture, dating, talk therapy, rural sanitation, infidelity, kink, the American beer industry, and what it means to be a good person. *Young, Wise and Kick-S* Phillip

**Deeper Splendor** Robert P. Vande Kappelle,2022-03-03 Life s ultimate adventure its grandest game and greatest challenge is the spiritual transformation of the self According to Swiss psychiatrist Carl Jung personality and spirituality are interrelated spirituality flowing out of individuality Noting that people differ in fundamental ways even though they possess the same instincts to drive them from within Jung discovered that preference rather than instinct upbringing environment or genetic conditioning is central to personality The task of spirituality then is not to help us achieve correct doctrine or attain saintly status but rather to help us best understand our humanity This endeavor drives *Deeper Splendor* a study of spirituality and personality in modern literature We focus on modern literature rather than on theology philosophy psychology or sociology because as this volume makes clear one of the best resources for studying transformative spirituality is great literature The great power of literature is that it speaks of human action and thought not in the dry matter of fact terms of history ethics psychology or some other science but in ways that are lively uplifting and productive Engaging with great literature is like beginning a love affair Such encounters may appear daunting at first but when you fall in love you want to know everything about the object of your love and every encounter leaves you wanting more When literature enhances spirituality as is true in the dozen or more selections examined in *Deeper Splendor* each literary moment renders us more fully alive Like its companion texts *Wading in Water* and *Deep Splendor* this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection
