

# First Term In The White House

**Rachel S Tattersall**

## **First Term In The White House:**

**The President's Agenda** Paul Light,1999 Although there are important differences between the two Presidents not the least of which is Bush's high proportion of small scale old ideas the two share a pronounced tendency to look backward for inspiration rather than forward from the Preface Organizing the Presidency Stephen Hess,James P. Pfiffner,2020-10-20 Examining how the White House works or doesn't before and after Trump Donald Trump has reinvented the presidency transforming it from a well oiled if sometimes cumbersome institution into what has often seemed to be a one man show But even Trump's unorthodox presidency requires institutional support from a constantly rotating White House staff and cabinet who have sought to carry out and sometimes resist the president's direct orders and comply with his many tweets Nonetheless the Trump White House still exhibits many features of its predecessors over the past eight decades When Franklin D Roosevelt was inaugurated the White House staff numbered fewer than fifty people and most federal departments were lightly staffed as well As the United States became a world power the staff of the Executive Office increased twentyfold and the staffing of federal agencies blossomed comparably In the fourth edition of Organizing the Presidency a landmark volume examining the presidency as an institution Stephen Hess and James P Pfiffner argue that the successes and failures of presidents from Roosevelt through Trump have resulted in large part from how the president deployed and used White House staffers and other top officials responsible for carrying out Oval Office policy Drawing on a wealth of analysis and insight Organizing the Presidency addresses best practices for managing a presidency that is itself a bureaucracy **The American President's Cabinet** Anthony J. Bennett,2016-07-27 The American President's Cabinet examines the very different ways in which the seven presidents from Kennedy to Bush used the institution of the cabinet It considers the way presidents appoint cabinet members as well as the conduct of cabinet meetings It also studies the sometimes fraught relationships between the cabinet members working in the various departments scattered throughout Washington and those who work in the White House itself in the Executive Office of the President A postscript on the Clinton cabinet is also included **Presidential Footprints** Del Hambley,2009-03 Presidential Footprints presents a fast read covering the Presidents of the United States of America the major issues that they faced during their Presidency and how well they met their challenge A recurring theme is that things that seem insignificant at the time frequently have a major impact on future events As a result of this theme the author provides the reader with a unique perspective on how minor events not mentioned in a majority of history books have affected the history of our country One is left with a desire to pursue further exploration about the lives of the Presidents and their families William Buhro Retired School Principal Executive Leadership in Anglo-American Systems Colin Campbell,Margaret Jane Wyszomirski,2010-11-23 Eighteen distinguished scholars and practicing officials address the problems of executive leadership in the United States Britain Canada and Australia Individual essays focus on cabinet government domestic military and economic advisers executive agencies and personal staff for

presidents and prime ministers Provocative comparisons between and among systems make the discussions particularly insightful

**Weekly Compilation of Presidential Documents**, 1972 *Ronald Reagan and the Space Frontier* John M. Logsdon, 2018-11-26 When Ronald Reagan was elected in 1980 limits on NASA funding and the lack of direction under the Nixon and Carter administrations had left the U S space program at a crossroads In contrast to his predecessors Reagan saw outer space as humanity s final frontier and as an opportunity for global leadership His optimism and belief in American exceptionalism guided a decade of U S activities in space including bringing the space shuttle into operation dealing with the 1986 Challenger accident and its aftermath committing to a permanently crewed space station encouraging private sector space efforts and fostering international space partnerships with both U S allies and with the Soviet Union Drawing from a trove of declassified primary source materials and oral history interviews John M Logsdon provides the first comprehensive account of Reagan s civilian and commercial space policies during his eight years in the White House Even as a fiscal conservative who was hesitant to increase NASA s budget Reagan s enthusiasm for the space program made him perhaps the most pro space president in American history

*American Politics and the African American Quest for Universal Freedom* Robert C. Smith, Sherri L. Wallace, Hanes Walton, Jr., 2025-08-29 *American Politics and the African American Quest for Universal Freedom* is known for its lucid style student oriented approach and wide ranging perspective Designed to allow flexibility in teaching approaches this tenth edition retains all the features that made previous editions so popular All chapters have been updated with new content and the latest data available including Inclusive and affirming language throughout Enhanced discussion on Elements of Black Culture and the political significance of African American music and the Black Church Black American public opinion and the various strands of African American ideology The CROWN Act the politics of black hair and the African American celebrity impact on politics Political significance of the increasing ethnic diversity of Black communities due to immigration from Africa and the Caribbean and the latest on Black Lives Matter discussion Discussion on the first Black sorority political action committee established in the U S and advocacy organizations serving the Black LGBTQIA community Characteristics of eligible and registered Black voters the coverage of the 2024 presidential and congressional elections and the results of the congressional elections with respect to partisan control of Congress and the size of the Black congressional delegation Demographic characteristics of the members of the 118th Congress now includes sexual orientation and generational data for comparison Race policies of former President Biden reclassifying him as antiracist An alternative method of ranking presidents that brings the views of Black experts to the conversation and includes a discussion of the record number of Black political appointments and policies implemented under Biden Confirmation hearing of the first Black woman Justice Ketanji Brown Jackson appointed to the Supreme Court New material on the Voting Rights Act Affirmative Action and the Pigford cases testing institutional racism Tennessee Three highlighting racism in the rare expulsion of two Black members of the Tennessee House of Representatives and how

Republican state controlled legislatures are stunting the quest for universal freedom Revisions using the Urban League s State of Black America Equality Index as a measure of material well being in the African American community to examine historic and systemic patterns in structural inequities as manifested in economics health education social justice and civic engagement Updated Textbook Media Integration Guide featuring lecture power points chapter summaries critical thinking questions the profiles and Faces and Voices and the links to the biographical material and videos American Politics and the African American Quest for Universal Freedom continues to offer a comprehensive rigorous and accessible understanding of how the presence of African Americans in the United States has profoundly influenced and influences American politics It remains essential reading for all students of American Government Black Politics and African American Studies particularly those approaching the study of race and politics for the first time **Frances Clara Folsom Cleveland** Stephen F.

Robar,2004 This bibliography gleans a comprehensive study of the late 19th century woman through both her status as an unsolicited political figure and her social contributions Between both tenures of her husband s Presidency to her re marriage and ardent involvement in the National Security League and Needlework Guild Frances Cleveland transformed the persona of how the modern woman was viewed for the following century Particular detail is given as to how she transformed the White House and socio political landscape of her time with a forethought toward the future **The Elections of 2024**

Michael Nelson,2025-06-25 A timely analysis of the historic 2024 elections from some of the leading minds in US political science The political scientist Michael Nelson and a team of scholars offer here a comprehensive scholarly and compelling account of the transformative 2024 elections and their unprecedented immediate aftermath This diverse cast of experts scrutinizes every stage of the presidential race as well as the concurrent congressional elections in all aspects from campaigning to media coverage to PACs and fundraising Supplemented by critical data gathered from exit polling and voting results from primaries caucuses and the general election this volume weighs the consequences of the 2024 elections not only for the presidency but for Congress and the entire U S political ecosystem Contributors Marjorie Randon Hershey Indiana University Marc J Hetherington University of North Carolina Chapel Hill Charles R Hunt Boise State University Gary C Jacobson University of California San Diego John Anthony Maltese University of Georgia William G Mayer Northeastern University Michael Nelson Rhodes College Gerald M Pomper Rutgers University Paul J Quirk University of British Columbia Andrew Rudalevige Bowdoin College **Second-Term Blues** John C. Fortier,Norman J. Ornstein,2007-10-01 American

presidents typically spend much of their first term trying to ensure a second term Yet those four more years are usually disappointing replete with scandal squabbling plummeting approval and few accomplishments Thus far George W Bush s second term has largely followed that unfortunate pattern In Second Term Blues John Fortier and Norman Ornstein lead a stellar cast of political analysts illuminating the priorities governing tendencies and leadership style of a president trying to steady his ship in rocky seas While the media obsess over who will be elected they rarely ask how a candidate would govern

if elected For example how would the president approach other political institutions Would foreign policy stress caution and coordination or will the U S go it alone What would be the tone of public persona and rhetoric This is the first in depth analysis of Bush s second go round from that perspective The contributors include some of the shrewdest and best known observers of U S politics David Sanger New York Times reveals how Bush s foreign policy particularly on Iraq defines and restricts his presidency Dan Balz Washington Post dissects America s changing political mood and considers how the president s personal style fits into that milieu Charles O Jones former president of the American Political Science Association defines Bush s executive style Seemingly where narrow margin politics appears to call for sensitive mastery of Congress President Bush employs an unrelenting executive style among the most intense ever In addition Carla Robbins of the New York Times and Fred Greenstein of Princeton University make insightful contributions This important book considers how all of this helps explain what we ve seen coming out of Washington since 2001 and what it may portend for the future *The Reagan Revolution* Prudence Flowers,2025-04-16 This book offers an overview and analysis of the presidency of Ronald Reagan and the history of conservatism in the United States from the 1960s to the 2020s Focusing on major events of the 1980s this book addresses the neo liberal turn in economics and governance culture war conflict over religion abortion Supreme Court vacancies civil rights drugs and AIDS and the final decade of the Cold War It pays close attention to Reagan s domestic and foreign policies including US Soviet relations and the Reagan Doctrine and analyzes the gap between his conservative rhetoric and his often pragmatic even bipartisan approach to governing Each chapter highlights the criticisms of Reagan s policies from moderates and conservatives alike offering a distinctive exploration of the 1980s as a period of intraparty conflict among Republicans The book also places Reagan in a broader context through the tumult of the long 1960s the domestic and foreign policy crises of the 1970s and the rise of the mythical Reagan who shaped Republican and Democratic politics into the present day *The Reagan Revolution* is an accessible resource for undergraduate postgraduate and non specialist readers who have an interest in modern US history and politics **Year Zero** Christopher P. Liddell,2024-01-23 Designing and operating an effective White House are critical to the success of any presidency and to democracy in the United States Former White House Deputy Chief of Staff Christopher Liddell offers a strategic approach to building a strong and successful presidency An astute and experienced operative he demonstrates persuasively that action must be taken early comprehensively and visibly starting in what he calls Year Zero the year before governing His book lays out concrete nonpartisan steps and recommendations that would significantly improve how the White House functions and thus rebuild trust in one of our most fundamental institutions President Reagan Lou Cannon,2008-08-04 Hailed by the New Yorker as a superlative study of a president and his presidency Lou Cannon s *President Reagan* remains the definitive account of our most significant presidency in the last fifty years Ronald Wilson Reagan the first actor to be elected president turned in the performance of a lifetime But that performance concealed the complexities of the man baffling most who came

in contact with him Who was the man behind the makeup Only Lou Cannon who covered Reagan through his political career can tell us The keenest Reagan watcher of them all he has been the only author to reveal the nature of a man both shrewd and oblivious Based on hundreds of interviews with the president the First Lady and hundreds of the administration s major figures President Reagan takes us behind the scenes of the Oval Office Cannon leads us through all of Reagan s roles from the affable cowboy to the self styled family man from the politician who denounced big government to the president who created the largest peace time deficit from the statesman who reviled the Soviet government to the Great Communicator who helped end the cold war

**Bitter Harvest** Matthew J. Dickinson,1999-02-13 Bitter Harvest identifies the principles governing Franklin Roosevelt s development and use of a presidential staff system and offers a theory explaining why those principles proved so effective Dickinson argues that presidents institutionalize staff to acquire the information and expertise necessary to better predict the likely impact their specific bargaining choices will have on the end results they desire Once institutionalized however presidential staff must be managed Roosevelt s use of competitive administrative techniques minimized his staff management costs while his institutionalization of nonpartisan staff agencies provided him with needed information Matthew Dickinson s research suggests that FDR s principles could be used today to manage the White House staff dominated institutional presidency upon which most of his presidential successors have relied

**Guide to Congress** CQ Press,2012-08-10 The new edition of this comprehensive two volume reference has been thoroughly revised and expanded by expert CQ Press writers with years of experience covering Congress to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U S Senate and House of Representatives The 35 chapters of Guide to Congress Seventh Edition are divided into eight subject areas that cover all aspects of the U S Congress Origins and Development of Congress from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts eras of partisanship and unity influential leaders and working relationships with presidents New coverage includes analysis of the tug of war between House Democrats and the George W Bush administration on Iraq war withdrawal timetables updates on criminal investigations of House members including William J Jefferson of Louisiana and Charles Rangel of New York and analysis of the Tea Party Movement and new Republican majority Powers of Congress including powers to tax spend and borrow to conduct foreign policy and investigations to confirm and impeach to regulate commerce to amend the Constitution and to select the president Updated material includes analysis of the George W Bush administration s use of immunity from questioning by congressional committees analysis of the signing of the new START treaty with Russia marking a cornerstone of U S relations with the country coverage of the War on Terror including the killing of bin Laden in a U S raid in Pakistan and perspective on the negotiations to raise the federal debt ceiling in 2011 Congressional Procedures detailing the party and leadership structures rules and the legislative process the committee system assignment and procedures and congressional staff Revised coverage

profiles the methods styles and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends Pressures on Congress including influence from constituents political parties the president the Supreme Court lobbyists and the media New material explores the use of social media to communicate with constituents examines the role of the new Consumer Financial Protection Bureau and analyzes the Obama administration s relationship with Congress Housing and Support covering the U S Capitol House and Senate office buildings the Library of Congress and organizations such as the Government Accountability Office and the Congressional Research Service Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office Pay and Perquisites including honoraria and allowances franking and travel privileges and other benefits Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel Congress and the Electorate covering the right to vote the demographic composition of congress the role of parties in elections campaign financing and redistricting New information discusses elections statistics in recent elections the impact of third parties Tea Party gains and the creation of super PACs and 527 groups Qualifications and conduct detailing congressional ethics investigations and procedures for disciplining members Updated coverage reviews ethics investigations including the creation of the Office of Congressional Ethics Specific investigations and outcomes are discussed including the censure of Charles Rangel and disapproval of Joe Wilson s outburst during a speech by President Obama Volume 2 concludes with a selected bibliography and key reference materials a list of all members of congress who have served since 1789 congressional election results floor leaders and committee chairs dates for sessions of congress women black Asian and Hispanic members and many more Boxed features tables and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress

**Congressional Record** United States. Congress,1993 **Public Papers of the Presidents of the United States** United States. President,2000 Containing the public messages speeches and statements of the President 1956 1992 **The Rise of the President's Permanent Campaign** Brendan J.

Doherty,2012-08-21 While the presidency has always been a political office the distinction between campaigning and governing has become increasingly blurred in recent years Yet no one until now has documented the phenomenon of the permanent campaign and analyzed its impact on the executive office In this eye opening book Brendan Doherty provides empirical evidence of the growing focus by American presidents on electoral concerns throughout their terms in office clearly demonstrating that we can no longer assume that the time a president spends campaigning for reelection can be separated from the time he spends governing To track the evolving relationship between campaigning and governing Doherty examines the strategic choices that presidents make and what those choices reveal about presidential priorities He focuses on the rise in presidential fundraising and the targeting of key electoral states throughout a president s term in office illustrating that

recent presidents have disproportionately visited those states that are important to their political prospects while largely neglecting those without electoral payoff He also shows how decisions about electoral matters previously made by party officials are now made by voter conscious operatives within the White House Doherty analyzes what these changing dynamics portend for the nature of presidential leadership contending that while such strategies can at times strengthen a president's hand they can also undermine his role as a unifying national leader heighten public cynicism and limit prospects for bipartisan compromise He further shows how trends in presidential fundraising undermine the conventional understanding of the predatory relationship between the president and his party Drawing on new systematic evidence of presidential fundraising and travel archival research at presidential libraries and accounts by presidents and their aides Doherty musters a mountain of evidence to offer an objective comprehensive argument about the causes indicators and implications of the rise of the permanent campaign as no previous book has done an evenhanded account that seeks to disparage no individual president Concise and accessible *The Rise of the President's Permanent Campaign* engages crucially important questions about the development of the presidency as well as larger normative questions about what we want in a leader as it challenges the convention in political science that has long kept most scholarship on presidential campaigns separate from the study of the presidency itself

**The Development of the American Presidency** Richard J.

Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution *The Development of the American Presidency* pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis's own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master the book's lessons

## Whispering the Secrets of Language: An Psychological Journey through **First Term In The White House**

In a digitally-driven earth wherever screens reign great and immediate transmission drowns out the subtleties of language, the profound strategies and psychological nuances concealed within phrases usually go unheard.
